LONG WINTER BAD FOR BASS IN LAKES

Game Warden Rutenbeck Hears that Cherry County Fishing Not Good.

HOUSE JOURNALS NEARLY READY

(From a Staff Correspondent.)

LINCOLN, June 14.—(Special.)—Reports come to Commissioner Gus Rutenbeck of the fish and game department that bass fishing in the lakes of Cherry county is not as good as in former years because of the long and severe winter.

It is said that the ice hanging on so late caused the fish to smother. As a result, the shores of the lakes are covered with dead fish.

On account of the careful work of the Omaha club, which has a "roost" at Dewey lake, the fish were saved because holes were cut in the ice, which let in air and allowed foul air to escape.

At least this is given as the reason, as few dead fish are found along the shores of that lake.

Franklin to Have New Hotel Soon

(From a Staff Correspondent.)

LINCOLN, June 14.—(Special.)—After several attempts on the part of Colonel Philip Ackerman, hotel commissioner, the town of Franklin is to have a new hotel, or at least the old one is to be remodeled so extensively that it will be practically new.

Some time ago the hotel inspector reported to the department that the Commercial hotel at Franklin was in bad condition and unfit for occupancy. Colonel Ackerman took the matter up with the parties owning the building, but could accomplish little until he threatened to close it up. Now he has received word that the owner has agreed to remodel the building entirely, expending $3,000.

The letter states that if the commissioner will locate a first class hotel man for them their joy will be complete.

Commissioner Ackerman this morning received the blue prints for a new hotel at North Platte for approval. The hotel will be three stories and will be of pressed brick.

It is a mistake to postpone treatment. Foley kidney pills put the kidneys in sound, healthy condition and keep them active and strong. Begin taking today. Good results follow the first dose. Government Denied Appeal in National Cash Register Case

WASHINGTON, June 14.—The supreme court today declined to review the reversal by the sixth United States circuit court of appeals of the conviction of officials of the National Cash Register company of alleged violations of the Sherman anti-trust law.

By today's decision the government lost the most important criminal prosecution that has yet come to trial under the Sherman law, and what was regarded by former Attorney General Wickersham and Attorney General Gregory as probably the most far-reaching suit of its kind in the government's long list of prosecutions of "trusts."

The circuit court reversed the convictions of President John H. Patterson and other officers of the National Cash Register company, which carried jail sentences, although it did not deny the government the right to proceed in some other way. The convicted officials contended the supreme court had no jurisdiction to review the action of the court which had upset the lower verdicts.

The government's case contained many sensational allegations of unfair competition and monopoly, and in its appeal to the supreme court for a review referred to the defendants as "steeped in deliberate guilt."

Department of Justice officials made no secret that they considered the efficacy of the criminal section of the Sherman law was at stake in today's case which was lost to the government.

ROURKES RETURN IN FOURTH PLACE

Victory at Lincoln Yesterday Advances Marty's Lads a Peg and They Are in First Division.

WIN SEVEN, LOSE TEN ON ROAD

This afternoon Pa Rourke's gallant band of hopefuls will play their first game on the home lot, after twenty days of invasion of hostile territory. The Rourkes do not come home covered with glory and the personnel of the team has been altered a bit, but Marty's boys have been battling desperately and they will be given a royal reception when they trot out to combat the lowly iLnks from Lincoln today.

Seven games were added tothe victory column on the road trip, but those seven wins were rather overshadowed by ten defeats. Of the remaining games one was tied and two were postponed. But for all that Omaha returns in the first division. Until a few minutes before 5 o'clock yesterday afternoon the Rourkes were in the second division, but the victory over the Links put our boys up another notch and in the cherished territory.

Omaha is just three games behind the league leaders now. Des Moines and Topeka are tied for first place. Denver is just two games ahead of the Rourkes.

It was learned yesterday that Oliver Wendell Holmes, the pitcher procured from the Venice, Col. club, was given the gate after his punk exhibition at Wichita. Rourke is hot on the trail of another right handed pitcher and has hopes of landing one.

According to the dope the Mr. Thompson person who heaved the victory at the capital city yesterday is burdened with the first name of Cecil. This may or may not be true, de don't know, but a fiend for records who knows the life history of all athletes extant volunteered the information and swore to its accuracy. As it has been impossible to learn Mr. Thompson's first name by queries to Denver and Lincoln, the fiend for record's information sounds plausible.

The lineup of the teams as they will battle today is as follows:

OMAHA.	Position.	LINCOLN.
Schleibner	First	Williams
Breen	Second	Lloyd
King	Third	Daley
Whalen	Short	McGaffigan
Thomason	Left	Wolfe
Forsythe	Center	Schrieber

Blodgett	Catch	McAllister

Compels All Impurities To Abandon System

Blood Troubles Can not Remain If Properly Treated.

There is in S. S. S., the famous blood purifier, a property that absolutely compels harmful influences to disintegrate and lose their identity. No matter what they are called nor how destructive they are there is in S. S. S. a powerful, searching counter influence to annihilate the most eruptive germ, causes the mucous linings to convert it into an inert substance that is quickly thrown out of the blood and out of the body by the skin, lungs, kidneys, bowels, and destroyed in the liver. There is not a single advance in medicine today that in any sense is an improvement over S. S. S. Surgery is a wonderful, masterful science, but when it comes to purifying the blood S. S. S. stands alone. Thousands of doctors have prescribed it. Their patients do not always know it is S. S. S., because they leave the treatment to the doctor implicitly. But fair-minded doctors long ago realized that in the vegetable nature of S. S. S. were certain ingredients that to the blood in sickness were just as essential as the flesh-building elements of the grains, meats, fats and sugars of our daily food. The average doctor is humane and of trained intelligence. He has seen the recoveries from worst cases of blood trouble by the use of S. S. S. Get a bottle of S. S. S. today of any druggist. Accept no substitute. And if you wish proper advice on any form of blood trouble, write to the Medical Adviser, The Swift Specific Co., 102 Swift Bldg., Atlanta, Ga. It is worth while doing so.

Make it Easier For Baby in Summer

Many of the Hot-Weather Troubles Can Easily Be Avoided

If the mother will see to it that the bowels are kept regular, much of the illness to which children are most susceptible during hot weather can be prevented.

A mild laxative, administered at regular intervals, will prove an excellent preventive of summer complaints that are caused by inactive bowels. The combination of simple laxative herbs with pepsin, sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin, is excellent for children, being pleasant to the taste, gentle yet positive in action, and free from opiate or narcotic drug of any description. It acts naturally without griping or other discomfort, and is altogether dependable.

The cleansing of the bowels will most effectively check an attack of diarrhea by expelling the foreign matter and poisons that irritate and inflame the tissues.

In every home a bottle of Dr. Caldwell's Syrup Pepsin should be on hand, ready for use when occasion requires. It costs only fifty cents a bottle and is sold in drug stores everywhere. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 453 Washington St., Monticello, Ill.
