

BRIEF CITY NEWS

Electric fans, \$7.50. Burgess-Granden. Have Root Print It—Now Beacon Press Radiates Efficiency—The 13c plate dinner served at Schiltz hotel.

Dr. W. P. Wherry announces the severance of his association with Dr. P. S. Owen and the establishment of his temporary offices at suite 208, Brandeis theater building.

Bankers Talk with Council—The city council will meet Thursday morning when local bankers will be heard on the subject of the Auditorium, sewer and park bonds, in the total sum of \$300,000.

Out by Show—Joe Manchalle, 1013 South Thirteenth, laborer on the Union Pacific section gang at Eleventh and Nicholas streets, sustained a badly cut nose when he was struck on that member by the sharp edge of a shovel wielded by his cousin, Dr. Charles Zimmerman attended the man.

Perpetual Turkish Bath—A letter from E. L. Johnson of the Giverty, now at Phoenix, Ariz., brings word that he is enjoying a perpetual Turkish bath, as the temperature is so high he doesn't dare look at the record. He says Lloyd Ingraham is directing productions for the Mutual movie people at Los Angeles and is doing very well. Also that he expects to be in Omaha again early next month.

Howell Commends Georgia Governor for Frank Decision—United States Attorney F. S. Howell has written a letter to Governor John M. Slaton of Georgia, commending him for his action in commuting the sentence of Leo M. Frank to life imprisonment.

Mr. Howell was born and brought up in Georgia and believes that Governor Slaton was a schoolmate of his in the Atlanta High school. The Howell family is prominent in Georgia. Mr. Howell's letter is as follows:

I am a native of Georgia and write you now to endorse your commuting the sentence of Frank. Your courage is to be commended. I have not those respects to pass upon Frank's guilt or innocence. Governments like our own must satisfy their people as far as it may be done without sacrificing principle, and your act will tend to strengthen government, rather than to weaken it. The people generally deeply feel that society does not demand the sacrificing of this man's life. Indeed, many millions respectfully disapprove of exacting such toll of any man for any cause.

This case illustrates the evil of a popular lull—a demand to legislate inertia into the courts. If correctly informed, the functions of the courts were reduced to those of an umpire. Having destroyed a wise power, and having seen the effects there of, I am sure that the condemn courts for failing to find that which the legislature had denied authority to look for.

The good name of Georgia and the nation have been well cared for by you. As a native of the state and a citizen of the nation I thank you.

Good Weather Sends Grain Prices Down—With the return of good weather to the arid belt and reports that the damage to the growing crops had been exaggerated, prices sold off on the Omaha Grain exchange, wheat losing 1/2 cent to 2 and oats 1/4 to 3/4 cents per bushel.

DUNDEE PAVING BONDS NOW OFFERED FOR SALE—District paving bonds of Dundee in the sum of \$2,000 are now offered for sale by Burns, Binkler & Co. of Omaha. This company has just purchased the entire issue and has placed them on the market. The bonds are to bear 5 1/2 per cent interest. The company expects to place most of these bonds locally, as they say they feel sure there is ready money enough here to take them. The bonds are due in fifteen years from June 1, 1915.

OMAHA PHYSICIANS ARE GOING TO THE COAST—A number of Omaha physicians have gone to San Francisco to attend the annual meeting of the American Medical Association, which is in session there. Among those who went from Omaha are Drs. H. B. Lemere, Charles O'Neil Rich, A. P. Jones, H. M. McClanahan and Ewing Brown. The latter three will be gone a month, as they plan to tour California and visit both expositions before coming back to Omaha.

Keep it Handy for Rheumatism. Don't suffer and try to wear out your rheumatism. Sloan's Liniment goes right to the spot, kills the pain. See all druggists.—Advertisement.

ROTARIANS AND BENSON CHAPS WILL GET IT NEXT—Rotary night and Benson night is the way next Monday night is dubbed at Ak-Sar-Ben den. The Rotary club and the Benson fellows are to be entertained and initiated at that time.

Promises of the Press Agent. Theater goers who have not yet seen the excellent production of "Widow's Law" by Edward Lynch and associate players at the Brandeis, would do well to engage their seats at once. The new stock company has made a decided hit. Miss McGrane and Mr. Lyach are seen in the leading roles, and the remainder of the company give excellent support. Stock patrons will have an opportunity to meet Miss McGrane at the reception which will be held immediately after the matinee today. Cakes and tea will be served at 5 p. m. The lobby of the Brandeis, with its decorations of ferns and field flowers, looks cool and inviting, and a string orchestra stationed there entertains the concert strollers there for the curtain to rise.

BONDY FINDS THAT BUSINESS IS BRISK

New York Cigar Manufacturer Says Great Industrial Boom Has Hit United States.

TELLS REASONS FOR BELIEF

Richard C. Bondy, head of the firm of Bondy & Lederer of New York, the largest independent cigar manufacturing concern in the world, is in Council Bluffs and Omaha, making a personal tour of the country with a view of feeling out by actual contact the business conditions at the present time. Accompanying him is Graham Davis, general sales manager of the company. Mr. Bondy and Mr. Davis were yesterday visiting the wholesale house of Perego & Moore, the largest distributors of their goods in the world, who last year sold more than \$600,000 worth of the leading Bondy & Lederer brands.

"It is the first time in the history of our firm that our entire output for the year has been sold out in June, and that output the greatest we have ever accomplished," said Mr. Bondy. "Despite all of the distrust aroused in the business world by the calamity hewers, our business has thus passed beyond our anticipation. And our business is but a reflection of the condition of every other big business in the United States at this time."

Says Labor is Scarce. "The only trouble there is in the American business world at this time is presented by the labor problem, and this relates wholly to the scarcity of labor. While manufacturers have not lost their workmen, they are now finding it difficult to secure sufficient skilled labor to meet increased demands."

"But this condition will right itself and there is nothing in sight now to stop this country from mounting to the highest level of industrial and financial prosperity ever attained by any nation on this earth. Foreign capital is eagerly watching for a chance to find investment here. It has been frightened out of Europe by the horrible war conditions, and untold millions are waiting for permanent investment here."

"With every part of the United States in a stage of prosperity never before attained it is something more than a usual compliment to say that the middle west outclasses all other sections. This is illustrated by the business done by Perego & Moore. From the Council Bluffs house alone last year they sold more than \$200,000 worth of our goods, and from January to July this year their sales will reach almost \$1,000,000."

Mr. Bondy's optimism has discovered a new thing in favor of the jitneys. "The jitney business has absorbed about all of the old stock of cars, cleaned out stocks that threatened to demoralize the trade and created a new buying impulse," he says. "The jitneys have taught the people something new about the real value of the automobile, and thousands of men have received the final impulse to buy a car after they became jitney patrons. This new demand has simply swamped the automobile makers."

"If the present conditions do not constitute genuine prosperity none of us will ever know the thing if we see it, even if it runs over us and smothers us."

Mr. Bondy and Mr. Davis will continue their journey throughout the northwest.

Camp Meeting at Ralston Draws Many

Rev. C. W. McCaskill of the Hanscom Park Methodist Episcopal church of Omaha, gave the opening address at the second annual institute of the Epworth League of the Omaha district last night at Ralston. He was greeted by a large crowd of the young people, who are camping in tents at Hillside Park, lying between Ralston and Seymour lake.

About 100 people pitched their tents Monday, and it is expected that a large number, held back by the inclement weather of last week, will go into camp today. The grounds are in excellent condition and the warm weather makes camping conditions ideal.

Chief Henry Dunn is Much Improved

Reports from the bedside of Chief of Police Dunn indicate that the patient is improving and may be out next week.

WAITRESS TO WHOM LOOT WAS GIVEN GOES ON STAND

Miss Lulu Headington, a waitress in a restaurant at 26 South Thirteenth street, to whom Edward McIndor gave a silk dress, silk gloves and a necklace a month ago, yesterday appeared against him as a witness in a trial in Judge English's district court, in which McIndor is charged with burglary. The gifts were identified by G. F. Epeneter, 612 North Fortieth street, as part of the loot taken by burglars the night of May 18.

VACATION SCHOOL HAS ATTENDANCE OVER 150

Over 150 boys, the largest enrollment in the history of the school, are now attending the vacation school at the Young Men's Christian association. Four teachers had been provided, but when the registration passed expectations two more teachers had to be employed by Secretary J. W. Miller of the educational department of the association.

THIEF PINCHED JUST AS ROBBERY REPORT IS MADE

Frank Stewart, 1524 Nicholas street, reports to the police that his home was visited by a thief and some clothing stolen. At the same time the report was coming into the station, Frank Williams was being arrested with the goods in his possession.

WINNER OF THE BEE PRIZE STARTS FOR EXPO.

Charles B. Hall, one of the three winners of the Panama exposition prize given by The Bee, started Tuesday on his journey to enjoy the prize. He called at the Bee office to say good-bye when the photographer snapped his picture. The lad expects to have a wonderful time. Miss Ruth Finney, another winner, has already made her trip and enjoyed it greatly. Miss Fay Watts, to whom the third prize was awarded, has not yet gone.

JESSIE M. TOWNE IS DEAN OF GIRLS

Board of Education Creates New Office at High School with Advanced Salary.

REED IS GIVEN AN ADVANCE

Jessie M. Towne, head of the English literature department of the Central High school, has been assigned by the Board of Education as dean of girls, a new position, at a salary of \$2,000 a year. She has been receiving \$1,400 a year as head of the English literature department, which she will continue to supervise.

Principal Reed of the school urged the appointment of Miss Towne to this position. Her new work will be to serve in various ways as an adviser for the girls of the school, the explanation being that in a large public high school there are many problems and situations affecting the girls which should be handled by an experienced woman.

Reed's Salary Raised.

Principal C. E. Reed was assigned to the principalship of Central High school at a salary of \$3,300 a year, an advance of \$500. This assignment is under the new civil service system of the Board of Education and insures Mr. Reed permanency in this position as long as his services are satisfactory and it takes the place of the old method of electing this principal for one-year or three-year periods.

Department Heads.

The following department heads for Central High school were announced by the board: Ada L. Atkinson, history; E. E. McMillan, physical science; Berdie J. Snyder, Greek and Latin; Caroline E. Stringer, natural science; Sara Vore Taylor, constructive English; Jessie M. Towne, English literature; Neva W. Turner, domestic science and manager of lunch rooms; J. F. Woolery, mathematics.

MISS BAUMER VISITS AT SEVERAL COAST LIBRARIES

Miss Bertha Baumer, who has charge of the reference department of the public library, has returned from an extensive trip to the Pacific coast. While there she attended sessions of the annual meeting of the American Library association at San Francisco and also visited the principal libraries on the coast.

How Much Are Your Family Food Bills Per Week?

The trouble about this high cost of living problem is that we hear only one side of the story—it's all against the maker or seller of eatables. What about your end of it, Mrs. Food Buyer? Let's take a glance at your weekly food bills. Meat! Meat! Meat! More meat! Why this extravagance? Listen to what the great dietitian, Dr. Hutchison, says: "From an economic point of view, meat is a cheap food, whether as a yielder of energy or a source of building material." That doesn't mean that we can abolish meat from our table entirely, but we can cut down on it and seek other nutritious but cheaper foods.

What about Faust Macaroni? The same authority says that "Macaroni is absorbed almost in its entirety"—that is, it practically all goes to the making of blood, muscle and tissue. Faust Macaroni is made from Durum wheat, is highly nutritious and can be prepared in many appetizing ways and costs like a large package. MAULL BROS., St. Louis, U. S. A.

INSURANCE MEN SLIP ONE QUIETLY ACROSS

The fabled enterprise of some insurance men received a shock at the city council meeting when City Clerk Flynn presented for approval a policy for \$200 on Commissioner's Hummel's new automobile.

"I don't know anything about that policy. It's news to me," interrupted Mr. Hummel, as the clerk began to read roll call for approval of the document. An investigation showed that Mr. Hummel's secretary had already received a policy from another company and that the policy presented by the city clerk was quietly slipped in without any consultation with Mr. Hummel.

"Brownatone" Tints Your Hair In a Minute

All So-Called "Restorers" That Claim to "Gradually Restore" Color to Your Hair Are Stimulantly Acting Dyes.

The straightest road and the shortest cut to the certainty of an attractive and beautiful appearance is the use of "Brownatone" hair stain.

Impossible of detection, will not rub or wash off, and needs retouching only as the hair grows out. "Brownatone" hair stain is far superior to "dyes," and is absolutely harmless in every way. Sold by all up-to-date druggists, in two sizes, 25c and \$1.00. If you are offered a substitute, save annoyance by refusing it and ordering "Brownatone" direct from the makers. Insist on "Brownatone" at your hair-dresser's.

A trial bottle and interesting booklet will be mailed for 10 cents. Address: The Kenton Pharmaceutical Co., 423 E. Pike St., Covington, Ky. Sold and guaranteed in Omaha by Sherman & McConnell Drug Stores and other leading dealers.—Advertisement.
