

ARTILLERY DUELS NEAR MEXICO CITY

Zapata Forces Defending the Capital Attack Carranza Army and Delay Its Advance.

WIRES CUT AT OTUMBA JUNE 18

WASHINGTON, June 25.—Zapata forces defending Mexico City have engaged the attacking Carranza army in a series of artillery duels and delayed its advance.

Communication with Mexico City has been cut off since June 18, when General Gonzalez, the Carranza commander, cut the wires to Vera Cruz at Otumba, twenty-five miles east of the capital.

The Carranza war department urges that the Red Cross relief expedition be delayed until after the occupation of the capital.

The foreign chancelleries interested in the Mexican situation have been given to understand the president will determine on some action in line with his recent statement on Mexican affairs after he returns from New Hampshire in July.

RUSSIAN SAY WARSAW LINE STRONG AS EVER

(Continued from Page One.)

Very actions. At the same time we have been maintaining our activity along the front by means of reconnaissances by small detachments, and thus we have had successful encounters at Carano and Val Clemon and toward the plateau of Vassan.

In Carnia we continue an intense artillery fire, particularly against Malborghetto. Our projectiles today penetrated the cupola of Fort Halse.

The night of the 22-23 the vain attacks of the enemy were repeated against our positions at Val Grande and Val Piccolo. In the region of Monte Nero we extended our occupation toward the north as far as the slopes of Javazovsky and made fifty-seven prisoners.

Along the Isonzo we are advancing rapidly, reinforcing ourselves in positions on the right bank of the river. We thus have occupied Glogon north of Flava and on the lower Isonzo we have captured the edge of the plateau between Segrado and Montalcone.

PARIS, June 25.—The French war office's afternoon statement reads: "North of Arras French troops last night attacked between Agros and Souchez and made further progress. In the labyrinth of German counter attack has been repulsed. This engagement was followed by a violent bombardment of our trenches, to which our batteries replied."

In the Champagne near Rheims and also near Fethes, the enemy yesterday and during last night exploded mines, but did not deliver any infantry attack. They were not even able to occupy the excavations made by these explosions.

In the Argonne and at Vauquois the fighting with mines continues and there occurred several local engagements marked by the throwing of bombs and of hand grenades.

On the heights of the Meuse at the Colonne trench, the Germans last evening delivered a violent attack along our entire front, hurling asphyxiating bombs and flaming liquids. After penetrating that portion of their former second line of defenses which we occupied, they were thrown out again by an energetic French counter attack. At midnight the enemy attempted a further offensive, but found themselves under fire from our batteries and were dispersed with heavy losses.

In Lorraine the enemy yesterday on two occasions endeavored to retake the positions he had lost near Leintrey. He was completely repulsed.

In the Vosages two German infantry attacks were checked by artillery and infantry fire. They were delivered against Reichsackerkopf, after a violent artillery bombardment.

A German aviator yesterday threw five bombs on the sanitarium at Zopycoote, but without doing any damage.

Austrains Contradict Italians. WASHINGTON, June 25.—Dispatches to the Austro-Hungarian embassy here today said Piava was still held by the Austrians and denied the claim that Italian troops have broken through. The telegram says:

"In the face of false reports from Italian headquarters our press bureau states that Piava is still held firmly by us. These positions were ordered taken by the Italian king, according to the statements of prisoners. The Italians have never broken through, although they lost thousands in their attack only. At least 2,000 unburied dead lie before our positions. Our losses were considerably smaller."

ALLEGED WHITE SLAYER TAKEN IN SHENANDOAH

SHENANDOAH, Ia., June 25.—(Special.)—A chase in which a married woman and a farm hand wanted on the charge of white slavery, were pursued more than 1,200 miles through Minnesota, Iowa, Illinois and Nebraska during the last four months ended here Wednesday when Roy Lindsey of Marshall, Minn., was arrested at a livery barn here. The woman, Mrs. Lillian Elston, returned to her former home at Knoxville, Ill., a few days ago, when the chase was nearing its finish. Lindsey, who is only 22 years old, came here and was staying with his brother, Robert Lindsey, an employe at the station. The husband of the woman is a farmer in Minnesota. The man was taken back to Linn county, Minnesota.

German Socialists Not in Accord With Wild Plans of Annexation

BERLIN, June 25.—(Via London)—The debate in the Prussian Chamber of Deputies yesterday on the attitude of the German people toward peace attracted considerable attention today. Herr Braun, Herr Wiener and Dr. Karl Liebknecht took part in the exchanges. The morning newspapers report the proceedings substantially as follows:

Herr Wiener, progressive, cited with signs of approval from the members, an article by Hugo Heinemann, socialist, to the effect that no German wants peace until Germany's enemies are willing to concede its right to develop its economic and cultural powers.

To this statement Dr. Karl Liebknecht, one of the socialist leaders, interjected: "We have the masses with us and the masses want peace."

After this interruption, Herr Wiener continued: "We are convinced that the co-operation of all parties and classes is essential and that it means German victory. In this co-operation is found the guarantee that we will hold out, and that we will be spared from such dastardly attacks in the future."

Herr Braun, socialist, was the next speaker. He said the socialists did not deny that the German people must stand together against their innumerable enemies. He referred to the fact that certain persons are talking about continuing the war in order to realize "wild plans of annexation."

AUSTRO-GERMAN FORCES REPULSED

(Continued from Page One.)

In house close to the river and is offering desperate resistance. In these fights our heavy and light artillery gave us effective support.

"In the Komarlinka district, on the Dniester southeast of Ninifor, our troops are taking the offensive. Approaching Mount Bessymanna, occupied and strongly entrenched by the enemy, they entrenched themselves, and at dawn the 23d made a dashing assault on the mountain. The enemy, in the face of a bayonet attack, fell back in disorder to the second line of his works. Pressing close at his heels, our troops entered the works and put the bayonet almost in the entire garrison holding the hill. The remnants, consisting of two officers and 20 men, were made prisoners."

GERMANS CROSS DNIESTER

BERLIN, June 25.—(By Wireless to Sayville, N. Y.)—German army headquarters today gave out this report: "On the west front attacks of the enemy yesterday were repulsed and we made several local gains."

"The village of Kopszoyka has been evacuated by the Germans. "At a point west of Stagus, German troops have taken a part of the enemy's line."

"The situation of Field Marshal Von Mackensen's army remains unchanged. "That portion of General Von Lansingen's army which was northwest of Halicz, has been transferred to the south bank of the Dniester. Further up the river the German attacks are advancing. The left wing of the army is near Chadsov."

Austrian Report on Situation. AUSTRIAN PRISON HEADQUARTERS, June 25.—(Via London).—The result of the success achieved by General von Boehm-Ermolli's army in taking Lemberg and in the battles to the east of the Gallician capital are making themselves felt also on the Dniester. Since taking Mikolajow this army has been operating with General Lansingen's army to the south and has been pressing the Russians back upon their positions north of the Dniester.

The Russians offered a desperate resistance on the Dniester, especially in the center, to permit their retreating armies to save themselves and their war material. The retreat of the Russians along the Dan and in the angle on the Vistula continued under conditions which are bringing successful results to the pursuing army of Archduke Joseph Ferdinand.

Department Orders. WASHINGTON, June 25.—(Special Telegram).—A pension of \$12 was granted to Mrs. Jane B. Fussell, Geneva, Neb. Mrs. Maude E. Scott was appointed postmaster at Whitney, Perkins county, South Dakota, vice Robert W. Scott, resigned.

On the recommendation of National Committeeman Wade, Dr. W. H. Jenks was appointed pension surgeon at Tipton, Ia.

Driver of Joy Ride Car at Chicago Held For Manslaughter

CHICAGO, January 25.—The cases of Miss Lottie Briggs of Chicago, J. F. Wicker of High Point, Ia., and P. E. Plack, a Chicago chauffeur, in connection with the automobile accident in which O. W. Franklin of Burlington, Ia., and Mrs. Elvira Landahl Shepard, Chicago, were killed, today was set for hearing July 1.

Plack is accused of manslaughter and the two others, fellow passengers of the persons killed, are held as accessories. Wicker and Miss Briggs are under bonds.

Fast Trains Collide on Maryland Bridge; Six Persons Killed

THURMONT, Md., June 25.—Six persons, four of them Baltimoreans, were killed and a dozen more or less seriously injured, when the Blue mountain express and the fast mail of the Western Maryland railway crashed together on a bridge 100 feet high, over Owens creek, a few miles west of here last night.

The Blue mountain express, west-bound, known as train No. 11, was late. If on time it would have passed the fast mail, No. 10, east-bound, not far from the point at which the wreck occurred. The change in the schedule, in the course of which a mixup in the orders given to the conductors of the two trains is said to have occurred, resulted in bringing the two trains together at high speed on the bridge, which spans a mountain ravine.

So great was the impact the two engines were almost completely telescoped. The baggage car of the Blue mountain express, in which Mrs. Chiphase, who was in an invalid chair, accompanied by her son, was riding, was thrown to the bed of the creek.

The Pullman parlor car immediately back of the baggage car, veered perilously near the edge of the bridge, but did not leave the rails. Its occupants escaped practically without injury.

Sudden Death Near Atlantic. ATLANTIC, Ia., June 25.—(Special).—Rudolph Kluever, aged 32 years, and a resident of Audubon county practically all his life, was found dead in a field about a quarter of a mile from his home night before last. He had gone out to cut weeds and his parents, who lived with him, becoming alarmed at his continued absence, started out to hunt him and found him lying dead in the field. Death was the result of apoplexy. The funeral services were held today.

GLAD HAND GIVEN OMAHA BOOSTERS

(Continued from Page One.)

provided tables under the spreading shade of the inconvertible lawn of George Seymour, who besides owning banks and big buildings in Elgin, is said to own a substantial corner of the county's ground.

Neigh, Oakdale and Tilden had their bands on the streets to serenade the victors. The St. Edwards band in the city and serenaded the Boosters between two wheat fields before plotting them to town.

Boone had its band out in full force and twenty automobiles of the Albion Commercial club came as far as Boone to meet the party.

British Note on Detention of American Ship Called Evasive

WASHINGTON, June 25.—Sufficient facts on detention and seizure of American ships and cargoes by the British fleet have not yet been gathered by the State department to complete the new note to Great Britain, which has been under preparation several weeks.

Secretary Lansing disclosed today that the portion of the note dealing with the principles of the blockade has long ago been outlined, but that officials had been absorbed in getting data on American ships and goods detained or seized. He intimated that the note in its final form would be a presentation of the academic principles involved in the British practice under the order in council.

The British memorandum, reviewing the efforts to minimize inconveniences to neutral, will be acknowledged in the new note, and some of its points will be discussed, although it is recognized here that the memorandum was not intended as a reply to the American protest

Middy Says Hazing Is Still Custom at Naval Academy

ANNAPOLIS, Md., June 25.—So many marked changes in his previous testimony as to hazing visits to naval academy buildings were made today by Charles M. Reagle of the second class by Congressman Carlin of counsel for the defense, remarked that it was clear the witness "perjured himself."

The congressman asked that the testimony be ruled out, but the court of inquiry in investigating examination scandals in the school, decided to receive it.

Reagle raised considerable interest by relating the experiences of himself and others with the hazing system at the academy. He said he once took a shower bath while standing on his head, and that "pieces" frequently were compelled to do certain physical exercises as many as 50 times at a stretch.

Early in his testimony today Reagle told of having numerous keys to buildings, rooms and receptacles in the office of instructors. He also said there was a general circulation of keys to certain rooms in the barracks where midshipmen would go and smoke in violation of the rules. Reagle also declared that Midshipman R. M. Nelson, an honor man of the first class, who is one of the seven original defendants recommended for dismissal, had loaned him a key to the department of English.
