

TWENTY-FOUR WILL START AT CHICAGO

One More Entry Allowed in Auto Derby that is Attracting All Speed Fans.

RESTA APPEARS FAVORITE

CHICAGO, Ill., June 25.—(Special Telegram.)—When the first starting bomb breaks into the air at 10 o'clock tomorrow morning, twenty-four firm and determined drivers will send their iron and steel steeds on the first lap of the first annual 300-mile race on the new board speedway here.

Twenty-Four to Start. The list of starters was advanced to twenty-four today when Carl Limberg, driving a Sunbeam, was permitted to qualify. Limberg got the consent of all the drivers and the officials in order to enter. Limberg's entry makes four Sunbeams in the race, thus making the law limiting the number of machines of the same make to three a dead letter.

The speedway officials announce that the crowd will run over 100,000 and a few of the zealous ones predict 200,000. Chicago is race crazy and as Indianapolis seems to have had an attendance of 15,000, it can readily be seen that the Chicago derby has usurped the position of the gasoline classic of America.

Resta the Favorite

Dario Resta, the famous driver, who pilots a French car, is the favorite. Odds are almost prohibitive and even the bookmakers, who were discovered today running a complete book on everybody in the race refused to bet against him. Resta is entered in the Omaha race.

Huge Crowd Expected

Today the track was swept clear of the last bit of debris and hundreds of carpenters and workmen toiled until sundown, erecting extra grandstands and bleacher seats. Two extra grandstands were put up this week and circus seats for 100,000 people have also been up.

Record breaking time is expected to be made on this two-mile wooden course, as several of the drivers in practice spins have averaged better than 19 miles an hour. Resta has been allotted the pole position for the getaway. The cars will be started in groups of four, it was announced.

Prize money amounting to \$4,000 will go to the winners.

Cheyenne Peeved Against Denver

The Commercial club has been invited to send a special trainload of its members to the Frontier Days celebration at Cheyenne, July 21 to 24. The matter will be considered by the executive committee of the club next Tuesday.

In its letter and accompanying posters, the Frontier Days management emphasizes the strained relations between Cheyenne and Denver, resulting from Denver's alleged efforts to take Lincoln Highway auto traffic away from Cheyenne, which is on the main line of the Highway.

The invitation to Omaha points out that the situation offers the Gate City an excellent opportunity to secure increased trade along the Cheyenne section of the highway, as the people are not anxious to trade with Denver any more, it is said.

It is alleged in the Cheyenne letter that Denver has a man stationed at Big Springs, Neb., whose business is to try to divert Lincoln Highway auto traffic to Denver, instead of letting it follow the main line of the highway to Cheyenne.

Saloonist Given License

LOUP CITY, Neb., June 25.—(Special Telegram.)—The County Board of Supervisors has been in session for the last two days listening to evidence in the case of Ed Oitman, petitioner for a saloon license at Schaupeps, in the east part of Loup City township.

The following officers were elected: President, Eva Smith, Ord.; secretary, Elizabeth Meade, Sargent; treasurer, John Jameson, Kearney; junior superintendent, Mrs. E. W. Crane, North Platte; first vice president, Dr. Oleason, Sargent; second vice president, Ella Blatt, Arnold; third vice president, Leona Jones, Overton; fourth vice president, Mae Wood, Gibson. The next convention is to be held at Sargent.

Only a Few Can Go

Those who are so fortunate that expense does not have to be considered are now going to beach resort to get rid of the impurities of the system that cause rheumatism, swollen, aching joints and stiff, painful muscles. If you are one of those who cannot go, yet feel that you need relief from such pain and misery, try Foley's Kidney Pills. They restore the kidneys to healthful activity and make you feel well and strong. Sold everywhere.—Advertisement.

New Election for Superior

SUPERIOR, Neb., June 25.—(Special Telegram.)—The city council met this afternoon and passed the liquor license ordinance on third reading, but added a resolution submitting the adoption or rejection of the ordinance to a vote of the people. Friday, August 12, is the date set for the election.

Relief from Acute Rheumatism

John H. Groux, Winchester, N. H., writes: "I suffer from acute rheumatism and Sloan's Liniment always helps me."—Advertisement.

Machinists' Strike On Union Pacific is Declared Off

The machinists' strike on the Union Pacific is off, but officially it will not be declared off until next Monday. That is the official date when the strike is to end, according to the announcement by the railway employees' department of the American Federation of Labor. The official announcement has been received in Omaha, and at the regular meeting of the Machinists' union tonight it will be presented, read and approved.

The Union Pacific machinists, together with those of other lines of the Harriman system, went out on strike four years ago next September. They have been out ever since. Most of the younger men have found employment elsewhere. The older men have been less fortunate, and while all of them have found employment at times there are some who have not been able to secure steady jobs.

Several months ago a vote for the purpose of determining whether or not the strike should be declared off was taken by the members of the Machinists' union that had formerly been connected with the Harriman system. This vote was sent on to the American Federation of Labor headquarters for tabulation. At the time of taking the vote it was ascertained that there was a large majority of the members in favor of ending the strike, but no official announcement of the result has been received until now.

NEW BUILDINGS FOR VARSITY SUBSTATION

NORTH PLATTE, Neb., June 25.—(Special.)—A rifle range for target practice at the experimental substation near this city was authorized by the board of regents of the University of Nebraska when they inspected the farm this week. They also authorized two new buildings at the farm.

The range is for the use of the North Platte Rifles, a local organization. It will be constructed according to government regulations and government rifles will be used by the shooters.

A new dairy barn and a cottage, costing in all about \$2,000, were arranged for by the regents while here. Electric power will be supplied at the farm, provided the regents and the company agree as to rates.

The farm managers have asked that the regents install a pump irrigation plant capable of serving sixty acres. A small type of plant now in use there is too small to get accurate results, they say. The regents have taken the matter under consideration.

Elwood Boy Disappears

PLATTSMOUTH, Neb., June 25.—(Special.)—Frank M. Warner of near Elwood, this county, was in this city for the last few days looking for his son, Harry E. Warner, aged 14, who disappeared from his home there a few days since. The father, who is almost distracted over the disappearance of his son, said that he knew of no reason why the young man should disappear. Harry is a boy quite large for his age. He has lived on the farm with his father and attended school during the winter months, assisting in the chores around home, seemingly contented with his lot. The father has offered a reward for any information which will lead to his whereabouts.

Chorus Formed at Newman Grove

NEWMAN GROVE, Neb., June 25.—(Special.)—A chorus of about 100 voices has been organized at this place by Miss Mildred O. Johnson, formerly of Luther college, Wahoo, Neb. It is planned to sing the cantata, "The Holy Child," by Galt, some time in August. Great interest is being taken and the chorus is doing splendid work.

GUARD SCHOOL WORK ENDS

Army Officers Say Nebraska Guardsmen Most Efficient in Country.

AEROPLANES SLOW OF DELIVERY

(From a Staff Correspondent.) LINCOLN, June 25.—(Special.)—Tomorrow the officers camp of the National Guard will break after a very successful school.

Major Upton of the Tenth infantry, chief instructor says that it has been one of the most successful camps of instruction he has ever attended and that the men and officers are more alert than what is expected of them as representatives of the guard than any place he has ever visited. He has never had to wait for the officers to report, but has found them on deck waiting for him when the time came for duty.

Conditions at the camp have been ideal from a sanitary standpoint. The hardest problem in meeting the enemy has been the one of the "sketeers." However, standing pools of water caused by the rains have been drained off and those which have not been drained have had oil poured on them and burned in order to destroy the insects.

Delay in Aeroplane Arrival. Unfortunately the delay in the arrival of the aeroplanes and some trouble in assembling them has kept Chief Shaffer from displaying any stunts in flying during the week, but he hopes to have the machines in shape in a day or so and then the school in aviation, which will be conducted most of the summer, will be in activity. The War department and others interested in military aviation are taking a great deal of in the Nebraska aviation corps, as it is the first one equipped in the country by a National Guard, and letters from national headquarters and also from the National Aero club indicate that the work is being watched with much interest. Several letters have been received by General Hall asking that the machines be taken to county fairs and like places for flying exhibitions, and in some instances inquiries have been made of machines could be purchased.

The department expects to build several machines if a call is made sufficient to require it, and before the summer is over it is expected to have a number on exhibition.

News Notes of Ord.

ORD, Neb., June 25.—(Special.)—A. J. (Bud) Shirley, Ord's veteran expressman and well known among the fishermen organizations of the state, left Tuesday afternoon for a fishing trip. He shipped his boat (The Misy Maid) to Burwell and will make the return trip on the North Loup river several days ago. He undertook a similar trip, but the boat overturned when barely out of port and its entire cargo was lost in the river.

The newly elected officers of the Commercial club are: President, L. D. Milliken; vice president, J. S. Colison; secretary, R. L. Dunham; treasurer, Vincent Kokes. The new directors are W. A. Wright, Horace M. Davis, George A. Parkins, P. C. Perryman, Ed D. Tolen, C. J. Mortenson and R. L. Staple.

Chorus Formed at Newman Grove. NEWMAN GROVE, Neb., June 25.—(Special.)—A chorus of about 100 voices has been organized at this place by Miss Mildred O. Johnson, formerly of Luther college, Wahoo, Neb. It is planned to sing the cantata, "The Holy Child," by Galt, some time in August. Great interest is being taken and the chorus is doing splendid work.

John Conn Is Held For Investigation

(From a Staff Correspondent.) LINCOLN, June 25.—(Special Telegram.)—Following the death by suicide of Edith Yost of Wyoming in that city following a trip to Lincoln, where, in company with John Conn, she occupied rooms at a rooming house here for a week, a warrant was sworn out for the latter today and he was taken for disorderly conduct. He will be held under that charge pending an investigation of the cause of the suicide of Miss Yost.

Morrissey Makes Trip to Canada

(From a Staff Correspondent.) LINCOLN, June 25.—(Special.)—Chief Justice Andrew M. Morrissey left today for a business trip to Canada, where he owns considerable land. His Fourth of July speaking dates at Randolph and Creighton on July 3 will be filled by E. G. Magg.

Offerings That Radiate Style And Coolness Are Scheduled for Saturday's Selling
