

RIGHT OF OFFICERS IN ARMY TO RESIGN

Attorney General is Investigating Cases of Men Who Want to Quit Service for More Pay.

PRIVATE FIRMS BID HIGHER

WASHINGTON, June 30.—Attorney General Gregory today asked Secretary Garrison for a statement of the facts in the case of Lieutenant Colonel Odus C. Horney, the army ordnance officer commanding the arsenal at Dover, N. J., whose resignation to take a position with the DuPont Powder company prompted Mr. Garrison to ask for an opinion as to an officer's right to resign in time of peace.

Mr. Garrison will decide the feasibility of accepting resignations of ordnance officers, after the attorney general has decided what the law is. Mr. Garrison pointed out today that the question might be raised whether an ordnance officer might not be doing the government a good service in resigning, if his resignation meant development of commercial arms and ammunition plants. Development of private plants in time of peace, he pointed out, would materially strengthen the resources of the army.

Major William A. Phillips, the other officer whose case is pending, tendered his resignation after Attorney General Gregory's opinion had been sought by the secretary of war. Major Phillips is on duty at Sandy Hook proving grounds. Two naval constructors also have presented their resignations as a result of large salary offers made by ship building firms. Secretary Daniels said today he would not act until Attorney General Gregory's opinion has been delivered.

Secretary Daniels hitherto has taken the view that the government which educates its naval officers is entitled to their services for life, except in unusual circumstances and has almost uniformly declined to accept resignations. On the other hand he is not blind to the fact that naval constructors in commercial life may still be a national asset inasmuch as their services in civil establishments are indirectly at the disposal of the government.

SUBMARINE SINKS A MULE SHIP OFF BRITAIN; 29 LOST

(Continued from Page One.)

The United States in the missing American depends upon that point.

Dispatch Not Clear.

Consul Armstrong's dispatch was not entirely clear, but it appears that at least ten Americans, including six negro muleteers, are unaccounted for. The message said ten were missing, but the list of those unaccounted for named several who were believed to have been picked up.

A third message from Consul Armstrong was as follows:

"Charles Bar, survivor, Armenian. All well."

Bar's name had not appeared in the previous list sent by Consul Armstrong and there was nothing in the third message to indicate his nationality. Officials here considered the phrase "all well" to refer to those survivors who have reached Bristol.

Sailed June 17.

NEW YORK, June 30.—The Armenian sailed from Newport News for Avonmouth on June 17, in the ship Captain Trickey. The vessel was of 3,325 tons gross register, 82 feet long and had a beam of fifty-nine feet and a depth of thirty-five feet. It was built in 1902 at Belfast.

The Dominion line is a subsidiary of the International Mercantile Marine. The Armenian was a British steamship.

Consisted of Males.

PHILADELPHIA, June 30.—Shipping records here show that the Armenian's cargo consisted of mules, shipped by Furness, Withy & Co., of England.

Records here also show that the Armenian before the war plied between Boston and Liverpool. After war was declared the vessel was laid up for a while. In February, 1914, it was at Newport News. Since then it had made one trip to Liverpool and three trips to Avonmouth.

GENEVIEVE CLARK WEDS THE EDITOR OF NEW ORLEANS ITEM

of the derailment of a train bearing guests to the wedding, and, without waking her husband, or any member of the bridal party, organized a relief automobile party and went to the scene of the accident.

Bennett Clark, her son, a clerk at the speaker's table in the house of representatives, was the only other member of the Clark family to awaken during the excitement. He, with his mother and a dozen newspaper correspondents, sat to Bowling Green to report the wedding, composed the relief party.

Four cars of the Chicago & Alton passenger train No. 16, enroute from Kansas City to Chicago, left the rails at Curryville, six miles west of Bowling Green. Among the guests to the Clark-Thompson wedding on the train were two brothers of Mrs. Clark, George and Joe Bennett, and the latter's wife. None of the passengers was injured, though all were badly shaken up.

The accident occurred about midnight, and an hour later a railroad man rushed into the Clark home and announced that the train had been wrecked. A string of automobiles, headed by a machine carrying Mrs. Clark, raced to Curryville, and brought to Bowling Green some of the stalled guests.

respective countries will be resumed in Constantinople.

Rumors of a break in the diplomatic relations between Italy and Turkey again are rife.

With the exception of the French claim that they have recovered all the trenches which the Germans had occupied in the Vosges mountains, no change in the military situation on the western battle line is reported.

Test of Russian Receipt.

PETROGRAD (Via London), June 30.—An imperial receipt was issued today in connection with the formation of the Russian board of military support. Expressing an unshakable faith in the brilliant fight Emperor Nicholas proceeds:

"A prolonged war calls ever for fresh efforts, but surmounting the growing difficulties and carrying the struggles which are inevitable in war, let us strengthened our hearts, resolved to carry on the struggle with the help of God to a complete triumph of Russian arms.

"The enemy must be crushed, for without that peace is impossible.

"With firm faith in the inexhaustible strength of Russia, we expect the governmental and public institutions of Russian industry and all the faithful sons of the fatherland, without distinction of ideas or classes, will work together in harmony to satisfy the needs of our valiant army.

"This is the only, and henceforth the national, problem to which must be directed all thoughts of United Russia, invincible in its unity."

French Official Report.

PARIS, June 30.—The French war department's official statement today says: "The region to the north of Arras last night saw a violent cannonade and some infantry engagements. To the north, at the chateau of Curieul we made slight progress; to the south, at the Cabaret Rouge, a German attack was repulsed.

"In the Vosges we easily checked a German attempt to deliver a fresh attack against our positions to the east of Metzeral."

Roumania May Keep Out.

COLOGNE, Germany, June 30.—(Via London.)—Discussing the interview of Chancellor von Bethmann-Hollweg and Foreign Minister von Jagow with Baron Burian, Austrian foreign minister, the Gazette's Berlin correspondent says it is impossible to state positively as yet how the future policy of Roumania and Bulgaria with regard to the war will shape itself. He asserts, however, that it can be said that the quadruple's hopes of military support from Roumania and Bulgaria have been materially lessened.

Conference at Bucharest.

BERLIN, June 30.—(By Wireless to Sarville.)—Among the items given out today by the Overseas News Agency were the following:

A dispatch from Bucharest, Roumania, says that the German minister to Roumania, Baron von Dem Busche-Haddenhausen, who was formerly first secretary of the German embassy at Washington, and the Austrian minister to Roumania, Count Cserail, held a conference in Bucharest, after which they conferred with Alexander Marghioman, leader of the Roumanian conservatives.

Chicago Carpenters Offer to Compromise

CHICAGO, June 30.—Prospects of a settlement of the carpenters' strike were seen today in the announcement by John A. Metz, president of the union, that the carpenters would accept the 80-cent rate on a three years' contract if the contractors would eliminate the rule governing the importation of building material.

The carpenters struck two months ago for an increase to 70 cents an hour. Yesterday building material manufacturers voted to close their plants tomorrow.

The rule sought to be eliminated permits the purchase of building material in any market. The carpenters, because different wage scales obtain in different cities, insist that all building material used in Chicago shall be purchased here.

Frank C. Haeger, secretary of the Carpenter Contractors' association, said that the contractors could not give up their contention for the free importation of material.

Organ of Young Czechs Suppressed

PRAGUE, Bohemia, June 30.—(Via London, 10.35 a. m.)—The newspaper Narodne List, leading organ of the young Czech party, has been suppressed by the police.

There have been many reports almost since the war began of disaffection among the Czech element in Bohemia and of a peace propaganda conducted by that party.

AMATEUR WRESTLER HAS HIS NECK BROKEN

PITTSBURGH, Pa., June 30.—Emil Kofitz, amateur wrestler, met his friend, William Berger, on a North side street last night and challenged him to wrestle. The challenge was accepted and the men struggled for ten minutes on the sidewalk before Kofitz was thrown.

He did not get up, and his friends hurried him to a hospital, where he died. His neck had been broken. Berger and half a dozen spectators were arrested.

Schooner Loaded With Guns is Held

SEATTLE, Wash., June 30.—The schooner Annie Larsen, which arrived at Aquilum, Wash., yesterday short of supplies, but full of guns and ammunition, was held today until its original manifest could be investigated. It cleared from San Diego for Topobampo, Sinaloa.

Shipment of arms to another country is not of itself a violation of the law, it was said, but making a false manifest is punishable by a fine of \$500.

The Annie Larsen has been reported in a score of out of the way places in the North Pacific in the last month.

MILLION CARTRIDGES SENT ACROSS BORDER

LAREDO, Tex., June 30.—One million rifle cartridges were received at Nuevo Laredo from the American side last night and transhipped today to Monterey. Monterey is quiet, but work on the trenches continues.

Auto Presented to Dr. Anna H. Shaw

NEW YORK, June 30.—Dr. Anna Howard Shaw, president of the National Woman Suffrage association, left New York for her home at Moylan, Pa., in a new automobile, the gift of the suffragists of New York state. The car was presented to Dr. Shaw yesterday in front of the National Suffrage headquarters on Fifth avenue, and christened "The Eastern Victory."

"This is a long way," said Dr. Shaw, accepting the gift, "from the days when Susan B. Anthony and I campaigned together with one suit case, because we hadn't clothes enough to fill two; when we rode in buckboards, ramshead wagons, or any other vehicle we could get."

Dr. Shaw, who has made seventy-six campaign speeches in the last six weeks, said she hoped to rest at her home for at least a week.
