

### U. S. NOTIFIED OF LOCAL BAND DEAL

Omaha Musicians' Association Takes Up Matter with the Postmaster General.

### MUSIC JOURNAL TAKES IT UP

Omaha's public park band concert situation is gaining a national scope. J. M. Finn, secretary of the Omaha Musicians' association, sent Postmaster General Burleson a communication on the subject, and the "International Musician," St. Louis, official journal of the American Federation of Musicians, devotes several columns of the June number to this subject.

In his letter to the postmaster general Secretary Finn makes this assertion: "Drawing a profitable recompense from the government enables the postoffice employees to accept and play musical engagements for much less than the musicians who do not enjoy a bonus from the government."

### Twice as Many, Same Price.

In his comments the "International Musician" states: "The letter carrier's band of Omaha secured the contract for the public park concerts, given by and paid for by the city. The city appropriates \$75 for each concert. Union musicians, in accordance with union schedule, can furnish twenty-four musicians for that price. The postoffice band furnishes forty-two postal employees, not musicians, for \$75. The park commissions accepted this bid."

Records at the city hall show that \$75 per concert is the prevailing rate paid for park concerts and that all bands, regardless of their unionism or nonunionism, are treated alike.

The particular fight of the musicians' union just now is against the postoffice band, which has played several concerts this season and which is scheduled to play two concerts in Fontenelle park next Monday.

The park concerts given this season have been divided between four local bands. The union players were offered their share of the business, but refused to play in the parks if nonunion bands are engaged at any time during the season.

### Judge Munger Will Retire and Several Are After the Job

The announcement that Judge W. H. Munger will voluntarily ask to be relieved in October when he is eligible for retirement, is causing renewed activity among aspirants to succeed him on the federal bench. It has long been an open secret that Constantine J. Smyth has been grooming himself for this place, and that W. H. "Billy" Thompson of Grand Island would also like it as reward for his political activities as democratic state chairman. E. R. Bush, for many years assistant district attorney, and later assistant to the attorney general is being urged by his friends, and now J. W. Woodrough, who headed the Woodrow Wilson organization in Nebraska, has put himself in the hands of his friends. The candidates have been given to understand that this being a judicial appointment, Senator Hitchcock will maintain himself as a neutral.

### Commercial Club Protests Action of Adams Express

Protest against the engaging in a commonwealth business by a public service company was launched by the executive committee of the Commercial club at its last meeting. This is directed at or at least is the outgrowth of—the circular put out by the Adams Express company urging its employees to buy certain east-main-order houses and urging the employees to act as agents for these houses. The directors of the Omaha Manufacturers' association protested a few days ago and the executive committee is following the lead of the manufacturers.

### Looks Like No Limit to Auto Development

"Apparently there is no limit to the motor car industry's growth," says D. M. Beal of the Moline-Knight company. "The development of the automobile in the last few years has been so marvelous that leading authorities claim that within the next few decades 25,000,000 motor cars will be in use in the United States."

"These figures stagger the imagination, but statistics maintain that considerably over 1,000,000 motor cars were licensed during the last year and that during the coming year at least 400,000 more cars will be manufactured and sold. At this rate of increase 25,000,000 does not appear improbable."

"With the industry in its present state of development and expansion, there is enough money invested in automobiles in the United States to build four Panama canals and if the expectation of the manufacturers is realized, at the end of next season this investment will be increased enough to build two more canals. "If the horsepower capacity of all the motor cars in use in the United States was concentrated in one huge engine, it could drive the machinery of every industrial plant in the country with enough surplus power to operate all of the electrical plants and propel all of the battle ships of the United States navy and there would still be an unused surplus of approximately 5,000,000 horsepower of energy."

### Many at Funeral of J. Fred Kerr

Many friends and acquaintances of J. Fred Kerr gathered at the family residence, 3038 Poppleton, yesterday afternoon to give silent expression of sorrow over the untimely death of one of Omaha's popular young business men. W. H. Herdman, C. M. Richards, J. H. Hussie, Dr. J. M. Patton, Dr. M. H. Dunham and E. R. Wilson were pallbearers. Rev. E. H. Jenks of the First Presbyterian church conducted the service. He has been a friend of Mr. Kerr's father, Rev. David H. Kerr, for many years. Burial was at Forest Lawn cemetery. Members of the Kerr family came from Philadelphia, Emporia and Topeka to attend.

### Declares Women's Minds Poisoned by Mothers' Teaching

CHICAGO, June 30.—Wrong ideals instilled into the minds of young women by their mothers are more potent factors in problems of vice than commercialism, according to Dr. Albert A. Ogilvie of Indianapolis, Ind., who spoke today before the Bureau of Sanitary Science in connection with the annual convention of the American Institute of Homeopathy. Dr. Ogilvie said: "At the very beginning of married life the foundation of the home and all future happiness are seriously menaced by the pernicious education of the young women who have been allowed to develop the idea that they must not become mothers during the first year of their married life."

"They marry, but they refuse to assume their responsibility to the state and the nation imposed by the marriage contract. Mothers talk freely of domestic responsibilities as onerous. They lay stress on the advantages and often on the necessity for a match that will improve both the financial and social standing. When speaking of possible children they do so in a derogatory manner and openly and repeatedly express the hope that their daughters will never have any. Such women belong to every class of society, within the portals of the church as well as without."

### Tickets for Prizes Tied to Balloons

Improvement clubs of northwest Omaha which are preparing a Fourth of July celebration to be held at Fontenelle park are arousing interest in the plan by sending up a balloon each night of this week with a card attached, entitling the finder to a \$5 prize.

The prizes are scheduled to send up balloons: Kenwood-Fairfax, Tuesday; First Suburban, Wednesday; Lincoln Heights, Thursday; Newport-Belvidere, Friday; Central Park, Saturday.

### Nelson Uses Caution and Loses His Money

Peter Nelson, Newman Grove, came to Omaha Tuesday and accompanied his trunk to a hotel. As the luggage was being unloaded at the hotel the clerk offered to assist the expressman. "Be careful these boys," cautioned Peter, "there is \$50 locked inside of that." The boys promised to be careful. Later Peter went for a stroll and upon returning to his room found that his trunk had been broken open and the money taken.

### Barrel of Bolts Just Misses Dumont

Henry Dumont of Ashland, by just about six inches missed being killed. He was hurrying along Tenth street, going to the depot to catch a train for home. As he passed the Allen Bros' building at Tenth and Farnam streets, a barrel, filled with iron bolts, fell from a fourth-story window, striking the sidewalk. Just about six inches behind Dumont. Workmen in the building were making some changes in the arrangement of stock and the barrel of bolts had been set on the ledge of a fourth-story window. In some manner it happened to be knocked off.

### HOUSE COMMITTEE LOOKS OVER IRRIGATION LANDS

S. B. Howard of the Burlington's land department has gone west, where at Bridgeport, Neb., he will join the members of the special house committee on appropriations and continue with them while they tour the reclamation projects of this state and Wyoming. The members of the house committee are out on a six weeks' inspection tour, the purpose being to visit all the reclamation projects into which the government has put money. After making the trip, they will prepare their report which will have to do with the amount of money that the next congress will be asked to appropriate to carry on the irrigation work undertaken.

### SAMSON'S HUSTLERS TO MEET THURSDAY NOON

Samson's hustling committee, those who hustle until Ak-Sar-Ben's membership now is 2,218, and are still to hustle until the membership is 3,000, are to meet at Samson's cafe, 1308 Howard street, for luncheon this noon. The luncheon is to be served at 12:15 on the first day of July. The various teams of the committee will report their progress and the membership to date is to be totaled.

### IT ALL DEPENDS UPON JUST WHERE YOU LIVED

"It rains upon the just and unjust," was a quotation heard in the city hall. It is a fact, however, that about 7:30 yesterday morning copious showers fell upon the south part of Omaha, while the north side received no moisture.

### IRISH PATRIOT, JEREMIAH O'DONOVAN, IS DEAD

NEW YORK, June 30.—Jeremiah O'Donovan, better known as O'Donovan Rossa, Irish patriot and revolutionist, died in St. Vincent's hospital, Staten Island, late today. He had been ill for many months.

### Various Forms Of Headache

"It is necessary in order to treat headaches properly to understand the cause which produces the affection," says Dr. J. W. Hay of Hockton, Ala. Continuing, he says: "Physicians cannot even begin the treatment of a disease without knowing what causes give rise to it, and we must remember that headache is to be treated according to the same rule. We must not only be particular to give a remedy intended to counteract the cause which produces the headache, but we must also give a remedy to relieve the pain until the cause of the trouble has been removed. To answer this purpose Anti-kamnia Tablets will be found a most convenient and satisfactory remedy. One tablet every one to three hours gives comfort and rest in the most severe cases of headache, neuralgia and particularly the headaches of women. "When we have a patient subject to regular attacks of sick headache, we should caution him to keep his bowels regular, for which nothing is better than 'Aloids,' and when he feels the least sign of an approaching attack, to carry a few Anti-kamnia Tablets. Such patients should always be instructed to carry a few Anti-kamnia Tablets, so that they are ready for instant use. These tablets are prompt in action, and can be depended on to produce relief in a very few minutes. Ask for A-K Tablets. Anti-kamnia Tablets can be obtained at all druggists."

### FARMER BOY LOSES IN FRAMED FIGHT

Drops Goody Sum of Money and Gets Pounded Up in the Bargain.

### BOGUS WEIGHT DOES THE TRICK

Somewhere around Nebraska City a young farmer boy with more money than pugilistic ability is nursing a pair of black eyes, a cauliflowered ear and sundry bruises about his body. Also his fortune is about \$500 less today than it was a week ago, due to the efficiency of a bunch of Omaha men whose present whereabouts the Omaha police are now delving into.

No Complaint Yet Made. Although the police are quietly investigating, the Nebraska City farmer boy is even now ignorant that he was beaten and robbed by swindlers, and not "defeated" by true sportsmen.

Allman Klane, son of a wealthy farmer living outside of Nebraska City, is said to be the victim, though he has made no complaint. He was registered at the Her Grand hotel here, when he became acquainted with a man named McGriffin or Grifton.

Being pugilistically inclined, the farmer boy conversationally took that trend. He became boastful and finally declared he could whip any amateur of his weight in thirty rounds.

Wager of Five Hundred. McGriffin wagered him \$500 that he could produce an amateur fighter of the same weight who could beat the farmer and in a short while all details were arranged. By the simple expedient of sticking a coin with wax, on the under side of the scale weight, both fighters appeared to be of the same size to an ounce, although McGriffin's man seemed a trifle taller. This man went under the name of "Snipes," and in reality he outweighed Klane nearly forty pounds. Also he is a professional of some little note.

Given Good Founding. The money was placed on the hands of a taxi driver for safe keeping, and the two fighters, with McGriffin and a North Sixteenth street saloon keeper repaired to a secluded spot in East Omaha early one morning a week ago.

The drubbing the farmer boy got he will long remember. Although really a good fighter, the stolen forty pounds of his adversary was too much of a handicap, and he was badly beaten up. The story filtered into police headquarters several days ago, and since, detectives have been making investigations.

Apartments, flats, houses and cottages can be rented quickly and cheaply by a Bee "For Rent."

### "DAY IN FLOWERDOM" MAKES DECIDED HIT MONDAY NIGHT

The operetta, "A Day in Flowerdom," which was given at Washington hall Monday night was quite a success. The forty young folks who participated captivated their audience. The operetta opened with a beautiful garden scene. Children who were prettily costumed lent a pretty effect and the nicety with which the minute was danced showed a great deal of pains taken on the part of their trainer. The costumes represented the variety of flowers in the garden of Rose Arbor.

The solos and choruses were well sung and received hearty applause. Etta Davis as Queen of Flowerdom was well fitted for her part, as also were Mattie Childs, Andrew Logan, Adele Davis, David Parks and Howard Allen. In the special numbers William M. Bolts, Walter W. Bell and Andrew Singleton did themselves credit.

The evening's entertainment was under the direction of Mrs. Eliza Johnson, who has been organist of St. Philip's church for a number of years, having been born and received her musical education in Omaha. She was assisted by Mesdames James, Charles Hicks, Bell, Lewis, Roberts and Florence Riggs.

### An Easy Way to Increase Weight

Good Advice for Thin Folks. The trouble with most thin folks who wish to gain weight is that they insist on dragging their stomachs through the stuffing with greasy foods; rubbing on useless "flesh creams," or following some foolish physical culture stunt while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat. Thanks to a remarkable new scientific discovery, it is now possible to combine into simple form the very elements needed by the digestive organs to convert food into rich, fat-laden blood. This master-stroke of modern chemistry is called Sargol and has been termed the greatest of flesh-builders. Sargol aims through its re-generative, re-constructive powers to coax the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to every starved, broken-down cell and tissue of your body. You can readily picture the result when this amazing transformation has taken place and you notice how your cheeks fill out, hollows about your neck, shoulders and bust disappear and you take on from 10 to 20 pounds of solid, healthy flesh. Sargol is absolutely harmless, inexpensive, efficient. Sherman & McConnell and other leading druggists are selling it. Sargol have it and will refund your money if you are not satisfied, as per the guarantee found in every package. CAUTION—While Sargol has given excellent results in overcoming nervous dyspepsia and general stomach troubles it should not be taken by those who do not wish to gain ten pounds or more.—Advertisement.

SHAKE INTO YOUR SHOES Allen's Foot-Ease, the antiseptic powder for the instant relief of painful, smarting, tender, nervous feet. It takes the sting of corns and bunions. Simply shake the contents of one of the small envelopes in each shoe. Over 100,000 packages are being used by the German and Allied troops at the front. Sold everywhere. 25c

### Tenor of Germany's Note to America Not Yet Determined On

BERLIN, June 30.—(Via London).—Official circles in Berlin are authority for the statement that no intimation respecting the actual contents of the forthcoming German note is ready to the American note bearing on the sinking of the Lusitania has reached Washington, for the reason that those engaged in drafting the document have themselves not determined its tenor.

The admiralty professes ignorance of its probable contents, and nothing has been issued from that quarter. The foreign office is understood to be working on four different drafts and trying to select one that will reconcile the viewpoints of Germany and the United States. The possibility that a satisfactory solution to the Lusitania problem might be reached was hinted at by an official of the London foreign office, who recently declared: "President Wilson's note showed that the matter could be adjusted. It was in the nature of a bridge across the trouble; our reply probably will be another girder strengthening that bridge."

The German note will probably be ready for transmission at the end of this week or early next week.

### AMERICANS MUST HAVE PASSPORTS EVERYWHERE

WASHINGTON, June 30.—Another warning against going to foreign lands without passports was given Americans today by State department officials. In all countries except Canada passports are necessary and even in Canada they should be carried by citizens of the United States whose names indicate German, Austro-Hungarian or Turkish origin, the department stated.

In ordinary times many travelers to South and Central America have not troubled themselves to get passports. Now, however, the department advises the same precautions in preparing for a visit to a country in this hemisphere as would be observed if Europe were the destination. Today there came a dispatch from the consul general at Rio Janeiro describing difficulties experienced by Americans in getting out of Brazil after coming there from the United States without passports.

### HAPPENINGS IN THE MAGIC CITY

James Bulla Says Colorado Soon Will Lift Quarantine Against Nebraska Cattle.

### POLICEWOMAN TO SOUTH SIDE

James Bulla, chairman of the South Omaha Live Stock Sanitary board, returned yesterday after an extended trip to Alliance, Denver and Idaho Springs. He attended the recent meeting of the western stockmen at Alliance and took active part in the conference. From information received from stockmen of Denver, Mr. Bulla says the live stock quarantine now existing under state law in Colorado will soon be lifted. Government inspectors have made a thorough investigation and report conditions seem as to warrant the change. With the lifting of the quarantine it is expected that cattle from that state will be sent in a large part to the South Omaha market.

Policewoman Comes Today. Mrs. Catherine Drummey, policewoman of Omaha will be transferred to South Omaha precinct No. 2 sometime today to take up the position of matron at the station here. This is one of the later moves of Police Commissioner Koegel.

Loan Association Finances. The South Omaha Loan and Savings association issued a statement yesterday of its financial standing. The report indicates that the organization has undivided profits of \$22,896.30 with a surplus of \$50,000 and deposits of \$2,731,014.68.
