ESPITE the many calls of the present day on woman's time, golf tournaments, suffrage interests, woman's club work and a score more like interests outside the home, she has not overlooked the feminine instinct of her love of providing well for the home in a way a man can't.

The fruit season brings out a well formed example of the heart being truly in the right spot.

Mrs. Harry Silver canned 160 quarts of cherries last week at her attractive summer home in Calhoun. She picked the fruit herself for this remarkable number from the trees on her own place.

The art of cooking has not been overlooked, either. Miss Harriet Metz is a well known cake baker and has provided her telends with many a cake in pressing moments. Mrs. Robert Hollister, Mrs. Paul Hoagland and Mrs. T. H. Fonda belong to a cooking club in Dundee, whose members with Christian Endeavor and every other bring a course of their own cooking to the weekly luncheon.

Matheason-Gebuhr.

The wedding of Miss Dagny Gebuhr, daughter of Mr. and Mrs. John Gebuhr. and Mr. John Matheason of Council Bluffs was celebrated yesterday afternoon at15 o'clock at the Danish Lutheran church. The Rev. Almentofy performed the ceremony in the presence of a large number of friends.

The bride was gowned in pussy willow taffeta irimmed disborately with seed pearls and chiffon. Her tulle vell was held with a coronet cap of lace and she carried a shower bouquet of white orchids. She were the groom's gift, a pearl brooch. Miss Znez Gebuhr, sister of the bride, was the bridesmaid. LEDGER PARTY **GUESTS OF OMAHA**

Parrish Attempts to Show the Visitors Sights of the City Between Trains.

FIND THE WEST IS HOSPITABLE

Fifty-eight Philadelphians of the Philadelphia Ledger party were in Omaha between 11 o'clock Tuesday morning and 4:30 in the afternoon, resting up and seeing the sights before going on their way to San Francisco. This is a party of those who won trips to the exposition in a prize contest conducted by the Ledger.

A. R. Stanley is in charge of the party. We bumped into full hotels in Chicago kind of conventions in progress," said Stanley, "and in Omaha we bumped into the veterinarians, the Woodman of the World, and what not, until we don't Thirty-two members were present and know whether we are Christian Endeavor workers or veterinarians. But, with all tractive centerpiece formed of nasturthat, we never struck such universal tiums and foliage. The nasturtiums hospitality as we are striking here in the spelled the word golf and were surcentral west."

Though the party supped in somewhat unnannounced, E. V. Parrieb, manager of the bureau of publicity of the Commercial club, took them in charge at once and showed them about the city as best he could under the rainy condition of the of Beals Estate

Dr. Burns is not enjoying his trip for nervousness lest the bell beat a ride with the trio while the car was in him to the coast and he be too late to participate in the ceremony. He threatens repeatedly to desert his special and take a fast train to the coast.

Earthquake Damage in Imperial Valley Less Than Reported

Charles S. Fee, passenger traffic manager of the Southern Pacific, has sent to General Passenger Agent Basinger of the Union Pacific a detailed account of the damage done throughout the Imperial valley by the recent earthquake that visited that section of the southwest. He does not give figures on the losses, but asserts that the damage was not to exreed 25 per cent of the lowest estimate first sent out.

To secure his data Mr. Fee sent men from the San Francisco headquarters of the road. They visited all the towns and many of the ranches in that portion of the imperial valley where the effects of the earthquake were felt. Upon their return they made their report, showing that few, if any, of the inhabitants had become disheartened. In all localities business had been resumed and was being carried on as before the quake. The report indicates that damage was greatly cold weather covered, as the middle west overestimated and that all over the district only the frallest and poorest built structures sustained damage. In the weather dates, but New England recorded towns well built residences and business blocks withstood the shock, not even the Mr. Welsh's story was not complete, but walls being cracked. Fires that followed did more damage than the quake itself.
