SIX MONTHS MORE FOR GATHRIGHT

Nebraska Pardon Board Recommends Clemency for Man Sent Up from Omaha.

NAME CHILD LABOR COMMISSION

(From a Staff Correspondent.)

LINCOLN, Neb., July 16.—(Special Telegram.)—Clarence Gathright, serving a term of twenty years for complicity in the murder of an Omaha policeman, will receive his freedom in about six months if the governor approves the findings of the pardon board today. The sentence was commuted to thirteen years and three months, which will let him out in about six months.

Appointments for Omaha.

Omaha gets two of the five members of the Child Labor commission appointed by Governor Morehead this afternoon. Mrs. D. G. Craighead and Mrs. George A. Joslyn. The other members are Rev. H. Harman, chairman, Lincoln; Mrs. W. E. Martin, Fremont; and Senator Earl D. Mallory, Alliance.

The members of the commission serve without compensation and their duties are to administer the child labor laws of the state. The law has been a dead letter practically, as these are the first appointments made since the first commission was appointed in 1908.

Kinney Says He Slewed Myers Because of Stories About Him

GRAND ISLAND, Neb., July 16.—(Special Telegram.)—Ed Kinney, who yesterday afternoon shot and killed Charles Myers, today made a written confession to County Attorney Cunningham, in which he related the details of his early life and his recent quarrel, in which some one hurled a vile epithet at him. He related how he had held this against the man he regarded as responsible for the circulation of stories against him, and how he had come to Grand Island to find out who had started things, purchased the weapon, tested it and then proceeded to do the shooting.

Kinney slept little last night, but today still stated to the sheriff and attorney that he felt justified in the shooting. He indicated that he was seeking a man named Cook more than Myers.

While there were cries on the street as the man was captured and being taken to jail of "hang him," there was no disorder whatever and none is feared.

Doctors probed for the bullet, found it entering the back near the heart, penetrating both lungs, and being unconditionally a mortal wound. A coroner's inquest will be had tonight.

Myers was 50 years of age and had never married. His mother lives at Logan, Ia., and the father, separated from the family, is said to be in California.

CORNERSTONE OF NEW CATHOLIC CHURCH LAID

NORTH BEND, Neb., July 15.—(Special.)—The laying of the cornerstone of the St. Charles Catholic church was celebrated Wednesday. Bishop Henry Thiel of Lincoln was present and delivered two addresses. Other clergymen present were Fathers McCarthy and Flannigan of Omaha, Hallman of South Omaha, Barrett of Florence, Hobeisel of Papillon, Hayes of O'Connor, Greeley county; O'Boyle of Davey, Dobson of Schuyler, Augustyn of Elba and Labouris of Columbus. The Stars and Stripes floated over the foundation and site of the new church and a large flag was suspended across the street in front of it. The St. Charles guild served dinner and supper to 1,200 people, realizing a net return of about \$200. Father Moriarty is the local pastor.

DAN JORDAN REMOVED TO STATE PENITENTIARY

SCOTT'S BLUFF, Neb., July 16.—(Special Telegram.)—Dan Jordan, the principal accused in the Joseph Layton murder case, has been removed to the state penitentiary to await action of the district court. At the preliminary he entered a plea of not guilty, but Attorney White produced sufficient evidence to bind him over, having, it is believed, considerable in reserve. A feared attempt at liberation induced the removal of the prisoner to the penitentiary.

Notes from Beatrice.

BEATRICE, Neb., July 16.—(Special.)—Bert Martin of the Beatrice National bank has been seriously ill the last few days from ptomaine poisoning caused by eating canned salmon. He was reported better Thursday.

Marian, the 10-year-old daughter of P. M. Anderson of Filley, was struck by an automobile driven by Mrs. Frank Van Hoakirk at Sixth and Court streets Thursday and had a narrow escape from being killed. She was dragged about ten feet before the car was stopped, and after being taken to a physician's office it was found that she had sustained only slight flesh wounds about the body.

Mrs. Laura Dunlap of this city was granted a divorce Thursday by Judge Pemberton on Earl E. Dunlap on the charge of cruelty and non-support. The couple was married at Troy, Kan., April 15, 1904.

Charged with Attacking Girl.

COLUMBUS, Neb., July 16.—(Special.)—John Horach had his preliminary hearing before County Judge Ratterman yesterday afternoon and bound over to the district court, the bond being fixed at \$1,000. Eight witnesses testified in behalf of the state. The defendant made no statement. The evidence disclosed that Monday night at 1 a. m. John Horach entered the house of Mrs. A. Koach, and entering the room in which Minnie Koach was sleeping attacked her. The girl is 17 years old. The defendant being unable to furnish bonds was committed to the county jail.

Crushed Under Gasoline Engine.

HARTINGTON, Neb., July 16.—(Special.)—M. R. Smith, an old and prominent citizen of this community, was badly injured Wednesday afternoon by having a gasoline engine which he was helping to load onto a wagon fall on him. The weight of the machine fell principally on his right leg, which is badly lacerated, but it is hoped that Mr. Smith will recover from his injuries.

Nebraska

STIRRED BY KOHL'S COMING

Wayne County Statesman Brings Democratic Political Pot to Boiling Point.

BRYAN FIGHT STILL TO FORE

(From a Staff Correspondent.)

LINCOLN, July 16.—(Special.)—The advent of Senator Philip Kohl of Wayne into the political field as a possible candidate for the democratic nomination for governor, depending upon whether Governor Morehead will be a candidate for a third term, created a democratic political stir.

It appears to be an open secret that Mayor Charles Bryan of Lincoln is going to attempt to land that nomination himself. There are also rumors that in case Brother Charlie enters the fight for the gubernatorial nomination there will be a concerted attack on the part of opponents of the peace prophet on the Bryan trenches and the Bryans will find hard sledding in their efforts to take the governorship.

Judge Thomas of Seward has been maneuvering around Lincoln hobnobbing with democratic politicians for several days. The judge is quiet when it comes to discussing his activity at the present time, but some venture the opinion that Seward county may have a candidate for that democratic nomination when the real battle begins.

If the political mixup in the democratic ranks can only be fixed up by the valiant but worried followers of Thomas Jefferson are of the opinion that they can land, but just how to fix things up between Mr. Bryan and Senator Hitchcock has not been divulged by anyone. The probable appointment of Brother-in-Law Tommy Allen to the district attorneyship and the landing of Judge Tobias as postmaster of Lincoln, in the minds of a large number indicates that the president is going to give Bryan what he desires in an effort to keep him loyal to the democratic administration.

Senator Hitchcock's followers say that the appointment of Allen is not fixed and that the turning over of the postoffice job to Tobias is only a temporary affair, which will be knocked away west when Hitchcock goes to Washington and gets the ear of the powers.

Fleeg Behind Bars For Sister's Murder

(From a Staff Correspondent.)

LINCOLN, July 15.—(Special.)—William Fleeg, the Dixon county man, who has been three times tried and convicted for the murder of his sister, Louise, has been brought to the penitentiary to serve out his sentence of from one to ten years.

Twice Fleeg was given a new trial by the supreme court, but in his application the last time, the court refused to grant a trial and Fleeg was taken in custody and must now serve his time, unless the pardon board interferes.

George Popponopolus, who shot his sister in an Omaha cafe after she had quarrelled with her husband and left him, was brought to the pen yesterday and will have to serve a sentence of from one to twenty years.

Boone County Men Going to Tractor Meet

ALBION, Neb., July 15.—(Special.)—About eighty members and guests yesterday attended the monthly dinner of the Albion Commercial club. Mayor George Wols of Fremont was the speaker and talked of matters of interest to city and county.

It is the plan of the club to go in a special train to Fremont in August to the tractor meet. The club is also arranging plans to assist in the Boone county fair, realizing fully that this organization is of vast benefit to the whole county.

Barn Burned Near Bloomfield.

BLOOMFIELD, Neb., July 15.—(Special.)—During a thunderstorm early on Wednesday morning lightning struck the barn of Julius Witt, who lives about four miles southwest of town. The large barn, as well as a number of smaller buildings in the neighborhood, was destroyed by the fire within half an hour. Some hay, wheat and four sets of harness became a prey of the flames. The buildings were insured.

Rehearing in the Southern Lumber Case is Ordered

There is gloom in the ranks of lumber dealers who handle southern yellow pine in Omaha. This is because the old yellow pine rate case, which the Interstate Commerce commission settled "once for all," March 2, 1915, is again to be reopened for a hearing before the commission. It is the old fight as to whether 25 cents is an adequate freight rate on yellow pine from Helena, Ark., and other yellow pine sections to Omaha and Des Moines, or whether the 25¢ cents decided upon five years ago by the railroads shall be permitted.

Once the railroads charged 25¢ cents for a year or two and then the commission declared 25 cents an adequate rate. At the same time the commission ordered the railway companies to pay back to the shippers the 1 1/2 cents per 100 they had been charging.

Then the railway companies sought again to establish the 25¢-cent rate. Repeatedly suspension orders were obtained from the commission by the representatives of the lumber companies of Omaha, Des Moines and the southern producers. At last the commission, March 2, 1915, entered the order for the 25-cent rate, and the lumbermen thought all was settled. The railroads asked for a reopening of this case. This was denied, but on some other technicality the railroads asked for a reopening of the case and got it. The order to have the case reopened has just reached Omaha. The 25-cent order is to remain in effect, however, pending the rehearing.

UTILITY CORPORATIONS PAY THEIR ROYALTIES

Royalties have been paid the city for April, May and June as follows: Omaha Electric Light and Power company, \$6,854.14; Omaha & Council Bluffs Street Railway company, \$14,745.14; Omaha Gas company, \$6,160.21.

Nebraska

PAWNEE MAN IS NAMED ON BOARD

Col. L. W. Leonard Appointed on Sanitary Commission in Place of F. C. Crocker.

CASE APPEALED TO HIGH COURT

(From a Staff Correspondent.)

LINCOLN, July 16.—(Special.)—F. C. Crocker of Filley, the militant member of the live stock sanitary board of the state is no longer a member of that body. Mr. Crocker's time expired some time ago, but has not been filled until today when Governor Morehead appointed Colonel L. W. Leonard, a prominent stockman of Pawnee City to the place held by Crocker.

It is understood that the term of President John Bulla of Omaha will expire soon, but whether he will be reappointed is not known. President Bulla has been very much in evidence at meetings of the board and that reason together with the fact that he hails from a city where the live stock interests are so great may result in his reappointment.

Mercurio Appeals Case.

Vincenzo Mercurio has appealed to the supreme court from the action of the Douglas county district court which refused to allow him a judgment against the Omaha & Council Bluffs Street Railway company for damages alleged to have been received while tearing up stone paving at Sixteenth and Howard streets in Omaha in which he was struck by a car of the company and injuries received which he figured would cost about \$5,000 to relieve.

Some Counties Hold Back.

Eighty counties are still holding back on their assessor's reports and Secretary Bernicker of the State Board of Assessment is getting anxious. The time for reports to have reached the office expired on July 10 and this morning letters were dispatched to the county assessors of the delinquent counties to get in the report or a man would be sent after the returns.

The counties still delinquent are: Douglas, Garfield, Gage, Garden, Greeley, Holt, Knox, Loup, Otoe and Rock.

Negley at State House.

Colonel John I. Negley, representative from Douglas county in the last legislature, was a state house visitor today.

Fight Called Off.

The twenty-round battle between Jimmy Reason and Young Gilbert at Salt Lake City has been called off as the county attorney announced that fights were taboo in the Salt City.

Nebraska

GOVERNOR FIXES ROAD DAYS

Executive Specifies that Public Shall Work on Highways July 29 and 30.

ASKS EVERYONE TO BE BOOSTER

(From a Staff Correspondent.)

LINCOLN, July 16.—(Special.)—Governor Morehead is a good roads booster of some class and as he does much of his traveling in his own car, has a good opportunity to see what is needed. He has designated July 29 and 30 as good roads days and urges everybody to get busy. His proclamation, issued today, is as follows:

"Realizing the excessive rains in Nebraska and the lateness of the season, I have delayed asking the Commercial clubs and other organizations to cooperate with me in devoting two days to the making of good roads in Nebraska.

"The travel, by auto, to the Pacific exposition through Nebraska is great and I am desirous of having the people who pass through our state credit us with being progressive in the way of good roads, as well as in legislation. And our roads are in constant use by all the people of Nebraska.

"I have this day designated Thursday and Friday, July 29 and 30, as 'Good Road Days.' Traveling as I do, by automobile, it has been a surprise to me to find our roads in as good condition as they are, considering the wet weather we have had. If each person would spend a few days on the roads near their home, the result would be good dirt roads in Nebraska.

"I ask all the farmers, business men, Commercial clubs and other organizations, to cooperate in this matter, and I feel that every man should do his overalls and give at least the length of time stated, to putting our roads in good condition.

"It is just as essential to have good roads as it is to have good houses and barns, and the people of the city use them as much in going to the country as the farmers do in coming to the city. We can all join in boosting and working for good roads, as all are interested.

"It is my earnest desire that all may take an interest in this important movement."

Von Muecke Giving Lectures.

AMSTERDAM, July 14.—The story of the German cruiser Emden is being told to audiences in the principal German cities in a lecture by Lieutenant von Muecke. He led the party of the Emden's crew which escaped and made its way around Asia and across Turkey to Berlin, and he has proved a great success as a lecturer.
