NOTED MEN TO TALK TO MCKINLEY CLUB

President Byrne Will Invite Senator Borah and Other Republicans to Omaha.

LEAVES FOR TRIP TO THE WEST

Harry S. Byrne, president of the McKinley club, left yesterday for California, where he will spend several weeks seeing the exposition and visiting points along the Pacific coast.

Outlines Campaign.

The McKinley club has already mapped out an ambitious campaign. Its reception committee, headed by Vice President Kinsey, will meet Governor Works of Massachusetts, when he passes through Omaha the latter part of this month on his way to the Pacific coast.

John Hays Hammond is the father of the young man who has recently come into public notice through his invention of the atomic bomb.

U. S. WILL ANSWER VIENNA CRITICISM

American Government to Defend Its Course in Permitting Exportation of Arms.

TURKEY WILL PROTEST ALSO

WASHINGTON, July 16.—The United States within another fortnight probably will send a reply to the note recently received from the Austro-Hungarian government, which contended that the extensive shipments of war supplies from this country to the allies was "not in consonance with the definition of neutrality."

Officially word came today that Turkey would follow Germany and Austria in making representations on this subject and should a note from the Ottoman government arrive officials would delay the sending of their answer so as to simultaneously inform the German allies of the unfavorable view of the United States on arms shipments.

While Germany has admitted in diplomatic correspondence with the United States the legal right of individuals in a neutral country to sell munitions to belligerents, some emphasis was placed on the super-normal growth of American industry in the manufacture of explosives.

In the Austrian note, extracts of which have appeared in dispatches from Amsterdam, this line is developed almost entirely to the exclusion of the "legal question involved."

It points out that the American government would be "entitled to prohibit the export of war materials, if the trade in contraband takes the form of dimensions whereby the neutrality of the country will be endangered."

Details of the American answer have not been divulged, but it is understood that the United States will not only "ste its right under international law, but will recall precedents in previous wars in which Germany and Austria have been interested where importations of arms were carried on in extensive proportions.

Administer Child Labor Laws

Two Omaha women have been named by Governor Morehead on the Child Labor Commission.

Can Stop Trade.

Germany has laid emphasis repeatedly on the trade in arms between the United States and the allies. In the German note of February 18, replying to representations from the American government on the subject of the then newly proclaimed war zone, the legal right of citizens of the United States to trade in arms was conceded, but it was argued that it was equally the right of neutrals "to stop trade in contraband, especially the trade in arms, with Germany's enemies."

Because of violations of other neutral rights by Great Britain a memorandum from Count von Bernstorff, the German ambassador, dated April 4, was devoted entirely to the discussion of alleged violations of international law by Great Britain and pointed out that it was necessary in connection with shipments of arms to take into consideration "not only the formal aspect of the case, but also the spirit in which the neutrality is carried out."

President Wilson himself wrote the reply disputing the ambassador's assertions and the incident was closed, no further notes on the subject being exchanged with Germany.

Berlin, July 15 (Via London).—The Austrian note to the United States has been greeted unanimously with enthusiasm by the Berlin press, which says it is evidence of the loyalty of a troop ally. The opinion of the newspapers in general is that the note sweeps away, side by side, such as the submarine war and the shipping of the Lusitania, and goes straight to the heart of the problem—the trade in war supplies to the enemies of Austria and Germany.

Powell Testifies at Chicago Rail Hearing

CHICAGO, July 16.—U. G. Powell, 1st expert of the Nebraska State Railroad commission, testifying in the western passenger rate hearing today, presented an analysis of a number of trains running between Chicago and Omaha, to show the bare running costs of these trains.

Fuel and wages of crews were the only items considered, nothing being allowed for maintenance, superintendence, dispatching and other operating costs, overhead expenses or interest on investment. On this basis he figured that it costs the Chicago & Northwestern railroad 4.83 mills to haul a through passenger one mile. For local passengers it costs 5.90 mills, the witness said.

No Unemployed Men In United Kingdom

LONDON, July 16.—Unemployment having virtually disappeared throughout the United Kingdom, Edwin Samuel Montague, financial secretary to the treasury, asked and was granted leave in the House of Commons today to withdraw the vote of £1,250,000 for works to be carried out in the relief of the unemployed.

This vote is an annual one, made in anticipation of a large number of men being thrown out of employment during any period of the year.

Trainloads of War Cripples Pass Daily

BERNE, Switzerland (Via Paris), July 16.—A special train loaded with French prisoners of war, permanently disabled on their way home from Germany, passes here every night. Another special filled with similarly crippled Germans, who are returning from France. After this exchange is completed 5,000 members of the sanitary corps of the two nations will be transferred from one country to the other.

It is reported at Constance that 2,000 French sanitary troops are being held on the German frontier awaiting transport home.

Two Turkish Lines Are Taken by Allies

LONDON, July 16.—Two strongly held Turkish lines defending the Dardanelles have been captured by Anglo-French forces on the Gallipoli peninsula, according to an announcement given out this evening by the British official press bureau.

FRENCH SOCIALISTS ARE FOR REPUBLICAN FRANCE

PARIS, July 16.—The national congress of the socialist party of France, at which all the socialist members of the cabinet were present, today unanimously adopted extended resolutions affirming anew "the unshakable confidence" of the party in the cause of the allies and republican France.

The resolutions declared that the party sought with the remainder of the nation and with the nation's allies, "the liberation of the territory of heroic and loyal Belgium and the invading regions of France, as well as justice for Alsace and Lorraine."

"BILL" DEACON, BEE CITY HALL MAN YEARS AGO, DEAD

Word was received in Omaha last night of the death at Minneapolis of William G. Deacon, who will be well recalled as the city hall man for The Bee during 1903-4. His death was caused by a brain tumor, which developed several months ago. For a number of years Mr. Deacon had made his home in Chicago, where he was associated with H. J. Gordon in the publication of Public Service, a magazine devoted to the affairs of public utilities. A wife and two children survive him.

BRITAIN TO CLAMP SCREWS ON NEUTRALS STILL TIGHTER

LONDON, July 16.—The British government hopes very shortly to limit the export of cotton to neutral countries to the precise amount of actual need.

The marquis of Crewe, lord president of the council and liberal leader in the House of Lords, made an announcement to this effect in the upper house this afternoon.

Coughs and Colds Are Serious. Don't disregard your cold. You mean, cough, are feverish—nature's warning. Dr. King's New Discovery will cure you. All druggists—54-cent bottles.

Here's One "July Clearance Sale" That DIDN'T Abate as It Grew Older

Most "July Clearance Sales" start out with plenty of vim, but they quiet down after the first onrush of trade. Not so with us; we freshen and freshen, and, where necessary, we REDUCE even the reductions. The stocks here now make JUST as interesting shopping as the stocks of the FIRST day of our "sale." Witness this announcement; it includes the VERY wearables that are uppermost in your mind; it's hot now, you must admit. Without a bit of hesitation we say, "This is one of the STRONGEST bargain outlays we've ever announced."

A "Firm as Stone" Endeavor to Rid Ourselves of All Women's Summer Dresses

Just to show how earnest we are in this "July Clearance" we offer to sell at \$3.95 those smart Trueville Linen dresses that have been bringing \$7.50. They are made up with white waists and awning stripe skirts. Then, too, we are offering our \$5.75 flowered Marquisette Dresses at the same price—\$3.95. See them all grouped in one lot in our peerless department devoted to women's wear.

A Reduction That Amounts to Annihilation of Prices on Dresses for Girls of 8 to 14 Years

Think of buying at 94c a Girl's Dress that is replete with style, to say nothing of comfort. We show such a line of dresses in ages 8 to 14 years. Women look at the dresses, then say: "The material alone is worth more."
