

ELEVATION CHARGE MUST BE STOPPED

Grain Exchange Loses Its Fight to Keep the Elevation Allowance Plan in Vogue.

AWAIT THE FULL DECISION

Grain dealers of Omaha and the Grain Exchange are eagerly awaiting the arrival of the full text of the order of the Interstate Commerce commission, which orders the discontinuance of the allowance by the roads of 1/4 cent per bushel elevation charges on grain that is unloaded in Omaha and reloaded into other cars for further shipment.

The practice began as far back as 1892, when roads leading into Omaha paid the grain man 1/4 of a cent a bushel. This was called an elevation allowance or elevation charge, because when the grain came in over one road it had to be stored in an elevator before it was again loaded into the cars of another road to be shipped out.

Later it was changed. Other roads leading east, south or southwest from Omaha would naturally compete for the business of hauling that grain out when it should be ready to go on to its final destination. This competition led to the practice of the roads hauling the grain out offering to stand the elevation charges here.

Some time ago the southbound roads, led by the Missouri Pacific, attempted to cancel this charge on grain destined to the southwest. They appealed to the Interstate Commerce commission.

The Omaha Grain exchange, through C. D. Sturtevant, chairman of the transaction committee, and E. P. Smith, attorney for the exchange, asked the commission to suspend the cancellation, pending an investigation. The investigation has been made, and the commission has upheld the request of the southern roads.

The ruling affects the Omaha grain dealers to a large extent, particularly on grain destined to the south and southwest, because this allowance, which once meant thousands of dollars to them, will no longer be permitted. In the eastern roads it is still to be permitted, as the local grain exchange understands the meager report.

The local grain exchange has opened the cancellation of this allowance on the southbound roads on the grounds that it was discriminatory within the meaning of the Sherman anti-trust law.

The railroads defended the practice on the ground that it was worth that much to them to get their cars unloaded in a hurry.

Tony Bianco, Wanted Here for Murder, is Taken in New York

Sergeant Devereese has gone to Ithaca, N. Y., to bring back Tony Bianco, arrested here yesterday on suspicion of being the man wanted here for a murder committed a year and a half ago.

On January 4, 1914, at Twenty-second and Mason streets, Joseph Mietochi was murdered and Loko Passanoro was stabbed and Bianco is supposed to be the man who did the job.

Lambert Says New Light Rates Unfair

Corporation Counsel Lambert is opposed to the new schedule of rates announced by the Omaha Electric Light & Power Co. He contends he is prepared to sustain his contention that the new rates are not fair and that particularly in the case of many moderate users of current these rates in many instances will increase the monthly bill.

Mr. Lambert is preparing a statement which he expects to have ready soon. In this statement, he says, he will offer figures to back up the charges against these rates.

NEW PAINTINGS PLACED IN LIBRARY FOR A TIME

The Omaha Fine Arts society has lately been presented with two paintings by the Friends of Art association, and being without a place to have them hung, has asked the Omaha public library to place them. They have been added to the collection on the third floor of the library building and will remain there until the society has arranged a place for their reception.

HIGH SCHOOL ENROLLMENT SHOWS A LARGE INCREASE

Principal Reed of Central High school has reported a total enrollment of 1,800 during the last school year. The enrollment at the High School of Commerce was 600, making a total of 1,200 for the two high schools, which formerly were as one institution.

AGED WOMEN BITTEN ON ARM BY A VICIOUS DOG

Mrs. Caroline Krause, aged 85 years, of Illinois, Neb., was bitten on the right arm by a vicious dog as she was walking along the river bank near her home. She has reported the case to the authorities and the animal will be killed.

Quickly relieved by Dr. Bell's Pine-Tar-Rosin. It cures the throat, soothes the lungs, loosens phlegm. Only 5c. All drug stores.—Advertisement.

Soldier Sees All Comedy He Wants While On Street

Here is a bit of impromptu street vaudeville that came to James R. Lysaght, the trim young soldier who stands in khaki uniform outside the army recruiting station at Fifteenth and Dodge streets. This all happened in eleven minutes by the postoffice clock.

First—Said youth appeared with the query: "Do you want to make it?" "Does a duck want to swim?" said Lysaght. Youth showed circular for wonderful kitchen utensil, combined strainer, mince-seeder, dishpan, sieve, stewpan, colander, biscuit shredder and bread raiser. Consignment at depot. Youth lacked cash to pay the freight. Lysaght pay freight, make H. Rejected.

Second—Aged party, shrunk, a'rank, slithered pasterson, etc. Said he had two sons who were "just waiting" till he died to get his insurance. But he had fooled them, had let insurance lapse. Ha, ha, ha, he'd fool 'em. Toddled up the street.

Third—Bibulous individual approaches. Bacchanalian conversation. "I was robbed of \$20 in a place last night," said H. I. "But I fooled 'em. I fooled 'em. Had 'nother \$20 in my sock. They didn't find that. Not as easy as I look." Said the meek Lysaght, "Why don't you fool 'em again. Go down tonight and let 'em get the other twenty?" "Can't. Too late. Spent it." And so it goes all day long. "What's the use of me going to the Empress?" says Lysaght.

Everybody Going to Boost for Pa's Big Booster Day

A dozen or more substantial organizations were represented in a base ball banquet meeting held at the Commercial club yesterday when it was decided that all organizations would use their efforts to get all their members to co-operate to make booster day, August 5, a big day in the history of base ball in Omaha.

Those present were I. W. Miner for the Elks, Tom Kelly and Jack Hogan for the Rotary club, Charles Doherty and R. B. Wallace of the Ad club, Charles W. Britt and Eren Hanson of the Eastern, J. D. Weaver of Ak-Sar-Bun, Paul Wetmer of the Noonday club, Jack Byrne of the Traffic club, R. W. Bealey and J. W. Gamble of the Omaha Manufacturers' association, E. E. Wise of the Retail Grocers association, J. W. Metcalfe of the Associated Retailers, A. I. Creigh of the Omaha Real Estate exchange, W. R. Hughes of the Omaha Clearing House association, A. L. Tamplin of the Knights of Columbus and A. T. Benson of the Associated Retailers.

Meet to Consider Renumbering and Renaming Streets

Thursday morning city commissioners will confer with post office representatives on the subject of revising street names and numbers of Greater Omaha. It is intended to avoid duplications of addresses by reason of similarity of names of streets, and a continuous numbering north and south of Dodge street will be proposed.

Mayor Thompson to Come On Burlington

The largest special movement of the season is due to arrive in Omaha over the Burlington from the west, on the afternoon of July 31. The movement is that of Mayor Thompson of Chicago with his special party, and the first infantry regiment of the Illinois National guard.

About 1,000 people will comprise the party, and several trains will be used to handle them. They are returning from San Francisco, where they attended the exposition during Chicago day and Illinois day.

Near Stop Bill is Up Before Council

An ordinance to require street cars to stop on near sides of intersections has been introduced by a city commissioner. The subject will be discussed in committee of the whole next Monday morning. At the same time a communication from the Omaha Automobile club on this subject will be considered.

BEN GALLAGHER PUTS ON SHOW DURING HAIL STORM

The Bee photographer missed a thrilling sight during the storm Sunday when Ben Gallagher was caught by the hail in his auto near the Omaha club. As he was not able to drive up in front of the club he made a run for the entrance of the Masonic temple across the street. When the hail began to wet him there he decided he had better get over to the club, especially as fellow club men in the windows were giving him the ha ha. So he took off his shoes and socks, rolled up his trousers and made a run for the club house through the water which was nearly a foot deep on Douglas street.

DR. A. N. HAGEN ADDED TO THE LIBRARY BOARD

Dr. A. N. Hagen of the South Side has been added to the library board by the mayor, the term to be for three years, beginning July 1.

Other members of the board reappointed by the mayor and confirmed by the council, are: C. N. Dietz, president; Lucien Stephens, vice president; L. J. TePeel, secretary; Dr. J. E. Summers, Dr. T. J. Dwyer.

The Clerk Guaranteed It. "A customer came into my store the other day and said to one of my clerks, 'Have you anything that will cure diarrhoea?' and my clerk went and got him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and said to him, 'If this does not cure you, I will not charge you a cent for it.' So he took it home and came back in a day or two and said he was cured." writes J. H. Berry & Co., Salt Creek, Va. Obtainable everywhere.—Advertisement.

Chalmers Six-48 \$1550 This Chalmers Owner Did Not Know That He Was Writing This Advertisement

He paid \$1650 for the 5-passenger car, about which he is so enthusiastic. This same car with 7-passenger body now sells for \$1550. The letter published below was received in the ordinary course of business on May 22, 1915. We are publishing it without a change.

New York, May 21, 1915. Chalmers Motor Co., Detroit, Michigan.

Gentlemen:—It seems to me that it would be only fair to the Chalmers Company for me to express my opinion of my car. I have had it long enough to know it thoroughly. The enthusiasm which goes with the purchase of "something new" has had a chance to tone down a bit, and I can now analyze the actions and the general make-up of the car much better than I could during the first days of my possession of it.

A Buyer's Questions

Here are a few things that a buyer of a new car is sure to ask himself: Could I have purchased a better car for the same or a less amount? Will it make a hit when I "show it off" to my friends? Is there anything about it that looks cheap? Is it comfortable to ride in? Is the engine quiet? Will the self-starter always start? Is it easy to keep going? Will it "ride the bumps"? How will the local office handle any "kicks"?

These are not the questions of the technical man nor of the expert automobilist. They are the things that a business man who drives his own car, will ask.

An Owner's Answers

Here are my answers: I consider the Chalmers Car at \$1,650, the cheapest buy on the market. In appearance, equipment, make-up, construction, power, flexibility, and comfort, it is, to my way of thinking, superior to cars selling at several hundred dollars more. I have had owners of higher priced cars ride with me and every man has expressed his amazement at the ability of the Chalmers Company to put out such a remarkable car at such a very low price.

I never have to show off my car to my friends. They do the talking for me. They say, "Isn't it a beautiful car?" "what fine lines." One of my associates in business said, "it represents a combination of beauty and evident strength such as I never have seen in any other auto at anywhere near the price. There is nothing cheap about one little item."

Comfort for the Wife

Regarding the matter of comfort in riding, my wife could best answer that question. She selected the left hand side of the tonneau seat as her "place" in the car and from the first ride of a few miles, to one of 625 miles that we have just finished, she has been thoroughly comfortable and declares that even a long ride does not tire her.

The quietness of the engine is a constant surprise.

Special Features—Chalmers Six-48

Full 48 h. p. motor—Big 7-passenger Body. 126" wheel base—34" x 4 1/2" tires. Nobby treads on rear wheels. Entz non-stallable starter. 48" vanadium steel rear springs—extra strong torque tube. Equipment complete even to Yale lock to prevent theft of car.
