MATHEWS INSISTS HE IS SATISFIED

Editor-Candidate for U. S. Marshal Declares that He Will Make Fight to End with Bryan.

STEADFAST AGAINST HITCHCOCK

(From a Staff Correspondent.)
LINCOLN, July 26.—(Special.)—Cecil Mathews, editor of the Riverfront Review, is satisfied, perfectly so. He is a candidate for the appointment of United States marshal, and while given plenty of encouragement, so it is said, for the job, he was finally turned down and another man appointed.

Mr. Mathews is a democrat who has spent more than a score of years fighting the battles of the democratic party. Ever since William Jennings Bryan injected himself into the democratic line-light Mr. Mathews has been his booster and has burned many gallons of the midnight oil backing the ex-secretary of state and fighting his battles. With his bright little paper at Riverfront, he has constantly advocated the many varying paramount issues put out by the great commoner and has gone down to defeat with Mr. Bryan without a murmur and has come up smiling and has continued to boost.

Again Takes to Trowel.

This summer the heavy rains played sad havoc with the bright prospects of Mr. Mathews. His nice little home, which, by his frugal industry he had built in the little town of Riverton, was flooded. The Thompson river, (not the little giant) backed up and flowed through the town flooding his home, destroying his furniture. His print shop was also flooded and the loss to the fighting editor was so much that he was forced again to take up the mason's trowel and go back to his trade, while his daughter, who has inherited many of the sterling qualities of her father, has taken charge of the Review and is making it blossom with good things.

Under these circumstances it would have seemed the "psychological moment" for Mr. Bryan to have rewarded his constant booster with the desire of his heart and given him the job of United States marshal and the magnificent salary which would have enabled Editor Mathews to have restored the home, which the floods destroyed, and not have been compelled to go back to the hard but honest toll of a brick mason.

However, Mr. Mathews is not kicking, or at least appears to be satisfied. He was at the state house this morning and discussed the political situation and said that he was perfectly well satisfied with the appointments for the federal jobs in Nebraska. "When I discovered that Tom Allen was to get the job of district attorney I knew that I was out of the running for the marshalship," said Mr. Mathews. "I shall continue to boost for Mr. Bryan and shall take delight, as I always have, in putting all the political broken bottles and carpet tacks in the path of Senator Hitchcock's political automobile I can."

Against Hitchcock.

"Should Senator Hitchcock get the re-nomination for the senatorship," said Mr. Mathews, "he will lose the Fifth congressional district by over 2,000 votes. Should Governor Morehead be a candidate he will carry the district by over 2,000 votes. That is the way the democrats of my district feel toward Senator Hitchcock and Governor Morehead."

"It was published that I had been pushed one side and was a candidate for printing commissioner," said Riverton, editor-mason, "but that is a mistake. I was after the marshalship and no other. I am not an office seeker, and when the marshalship went against me that settled the proposition."

Mr. Mathews called upon Governor Morehead while at the state house and assured the executive that as between the Omaha senator and the governor for the senatorship it would not be hard work to discover where the man from Riverton would be found.

Bryan Censured By Former Admirer

(From a Staff Correspondent.)
LINCOLN, July 26.—(Special.)—Felix Newton, once admirer of W. J. Bryan and his chief lieutenant in "Little Russia," a part of Lincoln, has revolted. He is now "agin" the ex-secretary and goes to the Bible for evidence to support his contention that Mr. Bryan, who himself quotes much scripture, is not a good man for democrats to follow. He writes a long statement to this effect, rapping his former leader for taking care of his relatives before remembering the faithful in the ranks.

APPEAL TO HIGH COURT FROM LARGE JUDGMENT

(From a Staff Correspondent.)
LINCOLN, July 26.—(Special Telegram.)—The Omaha & Council Bluffs Street Railway company has appealed to the supreme court from a judgment of \$12,000 secured by Alva H. Jackson, who was injured in July, 1913, while riding on a street car in Omaha. Damages for \$25,000 was asked for by the plaintiff in the suit in the Douglas county district court.

Old Settlers Picnic.

UNION, Neb., July 26.—(Special.)—The twenty-seventh annual old settlers' reunion will be held at Union Friday and Saturday, August 13 and 14. Band music, contests and amusement in plenty are promised. The Merchants' band of Nebraska City has been engaged for the two days. A. L. Anderson is secretary and G. Ward Cheney is president. The executive committee is composed of John B. Roddy, D. Ray Frans and J. T. Reynolds.

Unidentified Body Found.

NEBRASKA CITY, Neb., July 26.—(Special Telegram.)—The body of a foetus was found near the water works here this afternoon which had evidently been in the water some time. It was that of an aged man, with dark gray striped suit and flannel shirt. There was nothing else to show the identity.

Nineteen Thousand for Quarter.

Beatrice Creamery Compromise Old Suit

BEATRICE, Neb., July 26.—(Special.)—The case of W. J. Townsend of Glenn Falls, N. Y., against the Beatrice Creamery association, which has been pending in the courts since 1888, has been settled by the creamery association agreeing to pay Townsend \$5,000. The total amount claimed to be due is \$12,000. This is the finishing touch to a purchase of land by the creamery association in 1889. A note was given to pay off a mortgage on the property, and for some years the association paid the interest on the note. During the panic years the association could not keep up the interest and Townsend sued and got a judgment. For fifteen years his attorneys have been trying to collect on the judgment, and a few days ago a settlement was agreed upon whereby the association pays Townsend \$5,000 cash.

Again Takes to Trowel.

Martin Engler, a pioneer of Beatrice, died Saturday at his home in West Beatrice, aged 75 years. He is survived by his widow and seven children.

Dr. A. J. Nielson and Miss Mandelina Smith, both of this city, were married Saturday evening at St. Joseph's Catholic parsonage. Father Bohi officiating. The young couple left in a touring car for a brief wedding trip to Lincoln and Omaha, and upon their return they will make their home in this city.

Governor Returns From Cheyenne Trip

(From Staff Correspondent.)
LINCOLN, July 26.—(Special.)—Governor Morehead returned this morning from his trip with the Omaha boosters to the western part of the state, and as far as Cheyenne. He is much pleased with the trip and the associations connected with it.

On the way back the party stopped at several places and the crops along the way are looking fine, according to the Nebraska executive.

At Cheyenne he was the guest of Governor Kendrick of Wyoming and enjoyed a visit with Governor Carlson of Colorado, who was also a guest of the Wyoming executive.

"We had a fine time and a most enjoyable visit," said Governor Morehead. The governor would not say whether any political medicine was mixed or not, but while all three executives were democrats, he was willing to admit that nothing stronger than the present popular democratic beverage, grape juice, was enjoyed by the trio of state executives.

Six Young People Dumped Into Creek

HARTINGTON, Neb., July 26.—(Special.)—While returning from a dance Saturday night about 2 o'clock, a car driven by Joe McFadden of Coleridge and carrying a number of other Coleridge young people, collided with the support of the bridge near the John Miller farm and turned a complete somersault into the creek. Remarkable as it seems, no one was seriously hurt, and the car itself would not have been damaged had some one not struck a match, which ignited some gasoline which had been spilled, and burned the automobile quite badly. The car was hauled out of the creek today. The young people who were in the car were Joe McFadden, K. Cliney, John Lukens and the Misses Allie and Irene McFadden.

Insane Man Ends Life with Shotgun

William Engstrom, 22 years old, and living near Etma in the southwest part of Custer county, killed himself Sunday night by sending a charge of shot into his head. Engstrom was being brought to Brown Bove to appear before the insanity commission, but escaped from the car and ran back to the home of his aunt, Mrs. Peterson, with whom he had been staying. He procured a shotgun and revolver and took possession of the house. Sheriff Wilson was sent for, but owing to the distance did not reach the scene until after 2 o'clock in the morning. When he entered the house he found Engstrom lying across a bed with the fore part of his head blown away. There will be no inquest.

WYMORE COUNCIL WINS ELECTION MANDAMUS SUIT

BEATRICE, Neb., July 26.—(Special Telegram.)—In the mandamus suit by M. L. Rawlings to compel the city council of Wymore to call a special election to submit the question of billiard and pool hall licenses, Judge Pemberton today ruled in favor of the city, holding that Rawlings' petition was addressed to the city clerk and not the council.

Chadron News Notes.

CHADRON, Neb., July 26.—(Special.)—The city council has provided a swimming pool for the boys. The old reservoir at the top of the hill south of the city will be put in the proper condition and under proper regulations the boys will be allowed to bathe there.

J. M. Cain topped the market one day last week at Omaha with eighty-five head of hogs. Dawes county is coming into its own as the home of the healthy hog. We have yet to find a case of cholera in this county.

The base ball organization known as the Chadron Bears is sweeping everything before it this year. It has played eighteen games and has lost only two.

Misses Ethel Byner, Naomi Good and Jessie Washburn of Chadron have been elected to positions in the public schools of Kearney.

P. A. Reitz and Miss Edith Copeland, teacher of music in the normal, gave a little surprise to their friends Thursday by getting married. They slipped away in the night and called a special ceremony, but were captured after a wild chase and brought back to town for the proper decorations. They will be at home in Chadron after a short stay in the Black Hills.

No Trace is Found Of Escaped Convict

(From a Staff Correspondent.)
LINCOLN, July 26.—(Special.)—Up to noon today no trace had been discovered of Sam Story, the prisoner at the penitentiary who yesterday climbed the wall of the prison.

He was not missed until the count was made at 4 o'clock and as he was last seen an hour before, it is probable he had a good start before his absence was discovered.

Considerable excitement was added to the first affair by the circulation of a report that the Lincoln companies of the National Guard had been called out, but General Hall denied any call had been made or that a request had been made for assistance.

The quar who was supposed to have charge of the part of the wall over which Story escaped, would not talk this morning, but simply handed in his resignation to the warden.

Story was a life prisoner, sent up from Cherry county five years ago for the murder of a fellow harvest hand. He was considered trustworthy, having twice refused to escape when an opportunity was offered, but later developments had convinced him, it would seem, that he had no chance to get out legally and so he took the first opportunity to decamp.

Fire Wakes Up Adams.

TEKAMOSE, Neb., July 26.—(Special.)—One day last month the town of Adams was liberally plastered with United States revenue stamps, \$90 being the required amount.

A few days, the town had a fire in the business section, two stores, buildings and contents, being lost. Now another election is going to be held again to vote on the water works proposition. The election will be on August 10, and the proposed bonds will be \$14,000.

Omaha Gets Job.

YORK, Neb., July 26.—(Special.)—Mayor Colton announced Saturday morning that he had engaged George P. Prince, an engineer of Omaha, to make a physical valuation of the plant of the York Gas and Electric Light company. The engineer will receive \$700 for his work.

Birdie Lutz Leads the Pop-Pop Racers

Approximately 2,000 fans of a combination variety were present Sunday afternoon at the Douglas county fair grounds to witness the ball games, motorcycle and bicycle races. Although only opened to the public a few weeks ago, these grounds are proving a popular and attractive place to spend a few hours of recreation on any Saturday or Sunday. The big surprise yesterday afternoon was the downfall of the much touted Ramer. A young gent, tagged Birdie Lutz, who only lately jumped into the limelight as a speed agent, was the main obstacle that bumped into the path of the mighty Ramer. True to his front handle, Lutz proved a bird manufacturing the two-wheeled flying machine, landing first place in three of the four events that he participated in. Saleno Ramer, an experienced pedal pumper, won the bicycle race by approximately 300 feet. The boys' bicycle race was won by Russell Holloway.

The program for next Saturday and Sunday will be a real combination affair. In all probability there will be a mile horse race, a couple of automobile races, three motorcycle races, one bicycle race, one game of auto polo between the Chicago and New York teams and two base ball games. The complete program will be announced during the latter part of this week.

HEAVY TRACK DRIES LATER

DETROIT, July 26.—After the first three races on today's Grand Circuit program had been disposed of 1 straight heat, three starters in the final number staged one of the prettiest battles seen here in several years, going five gruelling rounds to a decision.

The track was heavy at the start as a result of recent heavy rains, but dried out later in the day.

Only three horses won the top for the 2:08 pace, Margot Hal acted badly in the first two heats, which The Climax won in hard drives. In the third heat, McDonald kept his mare on her feet, taking the lead at the half mile and holding it to the wire. Fred Ruessell led all the way in the fourth, Margot Hal breaking just as she came alongside hearing the finish. The Climax led to the half in the final mile, but tired badly, and Margot Hal went to the front and showed the way to the wire. The Climax took a hard flogging to finish in front of Fred Ruessell, who had broken badly, but was coming fast.

Hazel Laing won the 2:08 trot, about as she pleased and Al Mack never was in danger of losing the 2:15 trot. Major Ong tried bravely to head Azontie in the 2:10 pace, but Cox drove his horse to an easy victory in each heat.

The horses today were placed according to "point system," so that DuChesne, in the 2:08 trot, although finishing second in one heat, was outside the money, while Dago, with two thirds, was given third prize. Summaries:

Queen of Dairy Maid Ambition the Same

In the expectant mother's mind there is no limit to what the future has in store, and yet during the period of expectancy, much depends upon the physical comfort of the mother. One of the best aids is a remedy known as "Mother's Friend." Applied over the stomach muscles, it penetrates to the net work of nerves, relieves the pains in the chest to stretching of cords and ligaments, makes them pliant, induces daily comfort, restful nights, a calm mind and pleasant anticipation. You use it with your own hand, apply it as needed, and at once feel a sense of relief.

Mothers who have learned all this from experience tell of the blessed relief from morning sickness, the absence of strain and the undoubted healthful influence imparted to the coming baby.

One very important thing to remember about "Mother's Friend," it can not exercise any other influence than to simply lubricate the parts, make them more firm to naturally withstand the constantly increasing pressure. And as the muscles continue to expand, the nerves become accustomed to this new condition and adjust themselves without undue pain. "Mother's Friend" is entirely free of any drug influence whatsoever and may be used freely at all times.

Get a bottle of this splendid help today. Phone your nearest druggist or send for it. Then write Bradford Regnier Co., 784 Lamar Bldg., Atlanta, Ga., for a valuable book of instruction for expectant mothers. "Mother's Friend" is recommended everywhere by women who have used it. "Omaha People Are 'from Missouri'"

A prominent Omaha man made this remark the other day relative to the idea back of this series of advertisements. He meant that Omaha people are of the "show me" kind. Yet he was rather proud of the fact. It shows that a man must "deliver the goods" if he seeks Omaha approval.

With that quality in mind and business, the manufacturers of Omaha—the real producers of much of our wealth—have caused Omaha to be known as a producing center of *quality goods at lower prices.*

If you are willing to be "shown," next time do more than ask for just "starch"—ask for "Omaha-Made Starch."
