

TELL IT TO GARRY AND BAN, SAYS GIL

Federal Chief Says Minors Hold Whip Hand and Don't Have to Stand the Grief.

REPLIES TO CHAPIN'S PROTEST

CHICAGO, July 28.—Declaring his belief that the minor leagues hold the whip hand and need not "stand the grief," unless they choose, President Gilmore of the Federal League today replied to a protest by C. T. Chapin, president of the Rochester International League club, against the St. Louis Federalists signing Arthur E. Kores, whom Rochester bought from the Boston Nationals for \$2,500.

Mr. Chapin enclosed Kores' contract with Rochester and wrote: "Please note contract has five days' clause. Kores left the Rochester club without giving any notice whatsoever of his intention to do so."

"We are curious to know how you justify the action of Player Kores, in deliberately breaking his contract and of the St. Louis club in encouraging the player to do so."

"How it can be possible for any such player to receive the endorsement of the Federal League, we cannot understand, any more than we can understand how you can expect to bring about recognition for your league by organized base ball in the face of such questionable methods that only tend to widen the gap."

"We assure you that instead of creating a desire for a compromise, we are doing just the reverse, as far as we are concerned."

Mr. Gilmore answered today: "When the Federal League first entered the field we expected to recognize contracts of ball players, intending to deal only with those whose contracts had expired. In other words, we expected to recognize everything about base ball contracts except the reserve clause."

"My first and only conference with Ben Johnson, in February, 1914, was to ascertain if he would meet us on that ground. When he declined there was only one course open to a new league and we have followed it."

"I am, of course, sorry that the minor leagues are standing the brunt of the fight, but as I view the situation, they hold the whip hand and need not stand the grief unless they choose. You are entitled to protection and there is a way to secure it, but the minor leagues choose to be guided by Messrs. Johnson and Herrmann, at their Omaha meeting in November, 1914. Therefore your complaint should have been forwarded to them instead of to me."

"More minor league stars and promising youngsters are being sought by the Federalists, it was learned today. Among them is Pitcher Hall of St. Paul. At least one well known major leaguer has been offered a Federal contract within a day or two, according to Mr. Gilmore."

Feds Agree to Let Compton Go, as He Is Not a Free Agent

CHICAGO, July 28.—Learning that their former information regarding outfielder Frank Compton's contract with the Kansas City association team was wrong, the St. Louis Federalists today agreed to the circuit court's enjoining him from playing in the third league.

The court granted the permanent injunction. The stipulation of counsel filed with the court, stated that the fine of \$500 imposed on Compton for jumping to the Federalists would be remitted, and that his salary of \$2,000 would be paid.

The Federal club gave up the contest for Compton's service because it found he was not a free agent. His contract, it was said, called for notice in writing whenever either party considered a breach to exist. Such a notice it said, had not been given Compton. Compton said he would abide by the agreement.

Under the rules of the National agreement, Compton is now an outlaw under automatic suspension for three years because he played two games with the St. Louis Federalists last Saturday.

Booster Day to Be a Success in Western League

That Booster day in the Western League will be an unqualified success is evidenced by the increasing enthusiasm in all the cities of the eastern wheel on which the dates for the big doings have been announced. Dates for Booster day on the western swing are yet to be named.

Omaha and Des Moines are especially taking an active interest in the day. In both cities the commercial and fraternal bodies have given the plan their sanction and declared their intentions in assisting to make the day a success. In Omaha the Commercial club, Rotary club, Associated Retailers, Manufacturers, Wholesalers, Elks, Eagles, Knights of Columbus and others have assured Pa Rourke that they will do everything in their power to make Omaha Booster day the biggest Booster day in the league.

GUY NELLA FIRST IN TROT

Geers' Mare Wins by Stretch Drive in the Two-Ten Class Event.

M. AND M. WILL BE HELD TODAY

DETROIT, Mich., July 28.—Because of the slippery condition of the track, owners of horses entered in the M. and M. stake, this afternoon refused to take chances with their horses in the mud and the feature event again was postponed. Other races on the Grand Circuit program were contested.

Geers won his first race of the week with Guy Nella in the 2:10 trot. In the first heat Lulu Lumine beat Guy Nella by a nose. In each of the next three heats Guy Nella lay back with the field until the stretch was reached and then went to the front.

The 2:11 pace went five heats. Hal Connor, after breaking twice, won the first heat in impressive fashion. Thereafter his unsteadiness kept him in trouble and the best he could do was a division of second and third money with Dustless McKinney. Clara Walker finished second in two heats and won the other three. Under the point system, Dustless McKinney, with no firsts, shared in the money ahead of Rex Heart, winner of the third heat.

Tommy Murphy had a good day, winning the unfinished 2:22 pace in straight heats with Jean, and driving Peter Farren to a straight heat victory in the 2:15 pace. The latter event was a struggle all the way between Murphy's horse and Bud Elliott, piloted by Geers, but Peter Farren was a little better at the end of each mile.

Weather conditions tonight were more favorable and it seemed probable the M. and M. could be held tomorrow.

Boy Equals World's High Hurdle Record

SPOKANE, Wash., July 28.—Carl Johnson, a 17-year-old Spokane high school boy, equaled yesterday the world's record 100-yard high hurdles when he went the distance against cracks from the New York Irish-American Athletic club in thirteen and one-fifth seconds. He finished with plenty to spare over Gibson of the University of Washington and P. O'Connor of the New York club.

Johnson also had an easy time winning the running high jump at five feet six inches and the running broad jump at twenty-two feet one-half inch.

AUTO POLO GAME AT BENSON ON SATURDAY AND SUNDAY

A large crowd is expected Saturday and Sunday at the Douglas county fair grounds to greet the famous auto polo teams. They played a game here a couple of weeks ago and the contest proved to be a thriller. The Murphy brothers, representing New York, will back up against Serrati and Ross, the Chicago pair.

This game is generally played in Ford machines that have been stripped and a large hoop-shaped iron is placed over the machine to protect the occupant when the auto turns over. Several machines are always on deck, as well as extra pair players to jump into the arena in case of accidents.

One machine caught fire and one of the Murphy's was badly bruised during the game staged here.

Along with the auto polo a couple of ball games will be on the program Saturday and the same on Sunday. There will be two motorcycle races on Saturday between professionals, one for five miles and another for ten miles. On Sunday there will be three motorcycle races, one for five miles, another for seven miles and another for ten miles, between professionals.

In all probability a horse race for one mile will be on the bill of fare.

BAD STREET CAUSES DREESSEN'S PLIGHT

How Aged Billiard Hall Proprietor Came to Stay All Night in His Hall.

SON DID NOT COME IN AUTO

Heinrich Dreesen, aged 76 years, of Florence, who was badly burned in an explosion Tuesday night at the Nebraska billiard parlors, Sixteenth and Howard streets, is in a very serious condition at St. Joseph's hospital. Scant hope for his recovery is held by those attending him.

Investigation as to the cause of the explosion revealed nothing new of importance. The vessel of fluid found in the rear of the establishment could not have occasioned it, authorities decide. Although the explosion and fire happened before midnight, Dreesen's family knew nothing of the affair until after 8 o'clock Wednesday morning, when the agent of the building in which the parlors are located telephoned to the residence.

Odd Circumstances. It seems that because of the rough condition of North Thirtieth street Henry Dreesen, jr., had not brought the auto from home Tuesday morning and as the Dreesen residence is some distance from the car line the father, Dreesen, who is proprietor of the parlors, had decided to stay all night in his place of business rather than brave the rain and mud. Otherwise he would have left the place long before the time of the explosion.

The son, who attended the second evening performance at the Empires, heard the fire engines going south on Sixteenth street upon leaving the show for home, but thought nothing of it. Several occupants of the building tell of the queer actions of a swartly individual, apparently an Italian, who, after loitering about the block was ejected from the drug store above the pool hall, and moved away muttering threats.

Believe It Accident. The Dreesen family, however, are confident that it was an accident. The injured man celebrated his seventy-sixth birthday Monday and expressed his intention of living to be one hundred. He had no enemies, his son declared.

He is a veteran of the civil war, having been severely wounded in service. For the last twenty-one years he has been a resident of Florence, coming from Plattsmouth. He has four children, Fred and Henry Dreesen of Florence, Mrs. Nora Jacobs of Littledale, Ia., and Mrs. Henrietta Bernker of San Francisco, also in California. Mrs. Dreesen died at Florence six years ago.

Des Moines Auto Race is Postponed Until August 7

DES MOINES, Ia., July 28.—The Des Moines Speedway 300-mile automobile race was this afternoon postponed from Saturday, July 29, to Saturday, August 7. Heavy rains of the last few days were responsible. The postponed race was authorized by G. Decker French of Davenport, Ia., representative on the National Racing board.

American in Berlin Faces Grave Charge

WASHINGTON, July 28.—Harry L. Wilson of Portland, Ore., recently a clerk in the American consulate at Berlin and now under arrest there, faces charges that are considered extremely serious by State department officials.

Wilson ostensibly was detained at the Danish border for attempting to leave Germany without a passport. The real complaint against him, however, according to information forwarded to Washington, is that he aided a British subject in obtaining a passport asserting that he knew the applicant to be an American citizen.

Ambassador Gerard reported the case about two weeks ago. Whether Wilson had left Berlin before that time has not been revealed.

Unlike diplomatic representatives, consular agents are extended no immunities or exemption from prosecution for offenses committed in another country. If Wilson's offense should be proved as charged, it would constitute a treasonable act. The German government is under no obligation to grant leniency in such cases, but could do so upon a request from this government.

AFFAIRS AT SOUTH OMAHA

Patrons of East Side Post Station Sign Petitions Asking It Be Re-Established.

IMPROVEMENTS FOR MANDAN

Seven petitions, protesting the recent efficiency order of postal authorities for abolishing post station No. 11, formerly allotted at the Anderson Drug company at Twentieth and Missouri avenue, are being circulated among citizens of the east end. The petitions will be forwarded to Postmaster General Albert Burleson, Washington, asking that the station be reinstated.

When the sub-station was abolished, it is said, that it was doing more business than any other of the three sub-stations in West Q street, Brown Park and Maple avenue. The condition of further maintenance was that Anderson, proprietor of the drug store, who had charge of the former sub-station, be allowed but \$1 year in place of the \$20 formerly paid. This was protested as unfair and the station was immediately withdrawn.

Citizens signed several petitions to secure the installation of the station some months ago and it was through the personal efforts of Congressman C. O. Johnson that it became a reality. Mr. Anderson has agreed to take charge of the station at \$1 per year if the other station masters are reduced to the same allowance.

Mandan Park Improvements. Improvements on Mandan park have practically been completed under the direction of the Omaha park commission, headed by Commissioner Hummel. The driveway into the park from Fort Crook boulevard has been considerably widened and resodded in several places. Seats constructed from unhewn tree limbs have been strengthened and painted. The sewer system of the entire park has been repaired. Several water taps now at different parts of the place.

A small rest pavilion has been erected in the main center, with other conveniences. Summer picnic parties may now be accommodated in every way to the convenience of all.

Mandan park has long since held a record all of its own for its natural beauty. A splendid view of the Missouri river from the east edge of the park is obtained. Ravines and hollows, all covered with green grass, add much to its natural beauty. Electric arc lights have been hung in several places along the driveway and in different parts of the park.

Mrs. Rorer Tells About Salads

Street neutrality was observed by Mrs. Sarah Tyson-Rorer, culinary expert, in her lecture-demonstration on "Salads" at the Orchard-Wilhelm store Wednesday afternoon. To an assemblage of women which taxed the large auditorium on the fifth floor, crowding every inch of floor space up to the elevator, Mrs. Rorer discoursed on salads and salad dressings of international appellations.

Swiss fruit salads, chicken with Russian dressing, Havana cheese salads, Swedish carrot salads, Japanese salad, Hungarian, Italian and the ever-present French dressings, to say nothing of Kartoffel salad and other delectable concoctions were prepared and their aesthetic appeal emphasized by Mrs. Rorer.

Society and club women are greatly in evidence at Mrs. Rorer's daily cooking lectures. Among those seen in the audience were Madames Howard Baldwin, E. H. Sprague, A. J. Love, W. J. Coad, Roy Byrne, T. M. Orr, C. A.

Grimmel, P. A. Shotwell, William Berry, Mark Coad, Townsend, H. C. Sumner, Frank Norton, G. Gehrie, Phillip Porter, E. J. McVann, J. Palmer Findley, W. F. Milroy, O. S. Hoofman, Henry Miller and Miss Ellen Creighton.

Salad Sentiments by Mrs. Rorer. No aesthetically person likes sweet salads. It offends the taste to have beautiful oranges mixed with mayonnaise grease. French dressings should be made at the table and served at once. Salad dressings should be used the same day made. No advantage in making it the day before unless you are making it for a church supper and want to make people ill.

Fewest red pepper and raw onions, finely chopped and strained through a cheese cloth bag were new seasonings introduced by Mrs. Rorer.

"Vegetable and Egg Cookery" will be the subject of Mrs. Rorer's talk today.
