Nebraska CUTS TERMINAL ASSESSMENT LOW

State Board of Equalization Reduces Figures for Four Northern Cities.

GOVERNOR MOREHEAD OPPOSES

(From a Staff Correspondent.) LINCOLN, July 30.—(Special.)—A reduction aggregating \$12,500 in the terminal assessments of the Northwestern railroad at Chadron, Cody, Rushville and Valentine was obtained this morning from the State Board of Equalization by General Agent R. W. McGinnis.

The reduction will cut the assessment \$5,000 below the figures of last year. Mr. McGinnis asked for reductions at four other places, all of which would total \$3,000. The board adjourned a day before taking any action on the other figures.

State Treasurer Hall moved the adoption of the assessors' figures, but received no second. The proposal to lower the valuations was made by Auditor Smith and seconded by Secretary Pool. Governor Morehead expressed himself as personally in favor of the valuations of last year. Treasurer Hall was the only one voting against the proposal.

Girl Has Foot Cut Off by Hay Mower

ALBION, Neb., July 30.—(Special Telegram.)—A distressing accident occurred yesterday afternoon, a few miles north of the city, when a 6-year-old girl, named Genevieve Hughes, while picking flowers stepped in front of a hay mower and had her right foot completely severed.

STELLA GIRL TO BE BRIDE OF CALIFORNIA MAN

STELLA, Neb., July 30.—(Special.)—Miss Iona Shick of Stella and Mr. Jess Manley will be married at Orville, Cal., Sunday. Mr. Manley's home was at Tekamah, Neb., until April, and since then he has been connected with a dairy at Orville. Miss Shick is a graduate of the Stella school and of the Peru Normal. For five years she taught near Tekamah, boarding part of the time in Mr. Manley's home. She and her mother, Mrs. Ida Shick, left Stella last month for the west and have taken a cottage at Orville. They were accompanied west by Mr. Manley's sister from Tekamah.

CASS COUNTY SHERIFF IS AFTER UNLICENSED AUTOS

PLATTSMOUTH, Neb., July 30.—(Special.)—About seventy-five automobile owners in Cass county are now without license to operate a machine and are liable to arrest when they attempt to run one. Chief of Police William Barclay has the names, furnished by the county, and it looks as though there will be less traveling by automobile, or a hustling for a permit to operate for another year, as the law is somewhat strict for violation.

Notes from Beatrice.
BEATRICE, Neb., July 30.—(Special.)—Frank Huston, a resident of Beatrice for many years, died at his home here Thursday morning, aged 28 years. He is survived by his parents, Mr. and Mrs. J. T. Huston, four brothers and three sisters.

The "Nights of Gageco" are pushing their membership campaign, and up to Thursday evening had secured 208 members. Plans are being made for the big fall festival to be held September 27 to October 2, county fair week.

W. C. Moore, formerly a resident of Beatrice, died Thursday at St. Louis, where he located twelve years ago. While in Beatrice Mr. Moore was in charge of the sales department of the Wrought Iron Range company. He is survived by a widow and one daughter. The body will be interred at Knoxville, Tenn.

Jacob Wunnenburg of Dewitt, whose stock of "temperance drinks" was recently destroyed by a deputy state food inspector, has closed his shop and will retire from business. He has signified his intention of bringing suit for \$5,000 damages against the St. Paul firm which sold him the moist goods, some of which tested 3 per cent alcohol. He lost \$2,000 through the destruction of the stock.

Notes from Auburn.
AUBURN, Neb., July 30.—(Special.)—The Auburn Chautauqua commences Saturday. All the available tents have been taken and more season-tickets sold than any previous year.

The annual German-American picnic was held here on Tuesday. Much of the program could not be given because of rain in the afternoon, and the evening part was entirely abandoned. Simpson in his monoplane made one flight, but met with an accident in alighting, which so damaged his machine that he could not make the second one.

The summer school at the Peru Normal closed today. Congressman C. F. Reavis made the address to the class of forty graduates.

The district court is in session, with a jury at a specially called term. Only two cases will be tried. One is State against Ray Harris, for burglary, and the other is State against Roy Smith, for criminal assault. The session was called for these two cases because of the facts that the defendants were in jail, and the jail being in a basement, was considered unfit to keep them on account of the damp weather.

Notes from Seward.
SEWARD, Neb., July 30.—(Special.)—The identity of the stranger killed by a Burlington & Missouri freight train recently has been established by a check on the body. His name was T. P. Clark. He had worked on the farm of H. Figard, cutting wheat.

Noel, the son of Mr. and Mrs. Oscar Fairweather, died Saturday very suddenly from aggravated tonsillitis.

A tarantula jumped on Mrs. T. C. Sampson's arm yesterday as she was cutting bananas from a stalk. She brushed it carelessly aside, not noticing it until a general alarm was given by those near by.

Wheat on Fay Smiley's farm is threshing thirty-five bushels per acre. Other farmers report thirty-three and thirty bushels per acre.

Nebraska OMAHA DAY AT THE FAIR

Thursday, September 9, Time Fixed to Entertain Gate City Guests at Lincoln.

TRACTION VALUES CONSIDERED

(From a Staff Correspondent.) LINCOLN, July 30.—(Special.)—Thursday, September 9, will be Omaha day at the Nebraska state fair, according to an announcement today by Secretary Mellor of the State Board of Agriculture.

Special trains will be run over many of the railroads from the Gate City to Lincoln on that day. Efforts will be made to have the roads in the best shape possible for the tourist traffic from the north into the Capital city.

Doubt as to Jurisdiction.

Because Attorney General Reed had not yet determined whether or not the State Board of Equalization or the county board has the power to change the valuation of the Lincoln Traction company right-of-way, the officers of the company were not summoned today to show why their valuation of \$5,000 a mile should not be nearer the \$12,000 at which the Omaha Traction company is assessed.

Must Apply to Commission.

Attorney General Reed has informed Hugh O'Neill, president of the Nebraska Electric Light, Power and Railway company, that he must apply to the railway commission to get its approval before the state could invest in the \$7,000 worth of bonds offered by Colman township, Holt county, which were issued to aid in the construction of the road. The company is planning a railroad from Anoka, Borg county, to Atkinson, Holt county, a distance of twenty-five miles.

Walrath Lets Bids.

Printing Commissioner Walrath presided for the first time Friday morning at the letting of contracts for several state jobs. The firm of Milburn & Scott of Beatrice was awarded the report of the State Historical society, 500 bound copies of 40 pages each. The cost was \$3.4 a page. The state building and loan report, 100 pages and 400 copies, went to the York Blank Book company at \$4 a page.

Expert Confers with Board.

Trevor Arnett, an expert on college accounting and business methods, conferred today with the Board of Regents of the University of Nebraska and offered suggestions on accounting and finance. He is expected to recommend an efficiency expert for a permanent position with the university, created by the last legislature.

SEVENTY-FIVE DEGREES TO SUMMER STUDENTS

(From a Staff Correspondent.) LINCOLN, July 30.—(Special.)—Seventy-five degrees were conferred on University of Nebraska summer school students at commencement exercises in memorial hall tonight. It was the largest summer graduating class in the history of the school. Chancellor Samuel Avery presented the diplomas. The degrees were:

Twenty-four bachelor of arts, two state military commissions, ten graduate teachers' diplomas, one doctor of philosophy, twenty-one master of arts, two first grade city certificates, six teachers' college diplomas, one doctor of medicine, five bachelor of laws and five bachelor of sciences.

FORMER STELLA MAN IS STABBED TO DEATH

STELLA, Neb., July 30.—(Special.)—Thurman Sarvis, whose parents formerly lived at Stella, but now reside at Auburn, died at Madison, S. D., Wednesday night from being stabbed by a tramp. His brother-in-law, James Paradise, of Stella, went to Madison to bring the body home. Burial will be at Stella. Mr. Sarvis was about 22 years old.

Notes from Hebron.
HEBRON, Neb., July 30.—(Special.)—The Hebron chautauqua opened yesterday under most favorable circumstances and will continue five days.

W. R. Mellor, secretary of the State Board of Agriculture, was in Hebron on Wednesday night and presented to the people of this city the state university films, showing the Nebraska resources. The entertainment was free to all, and was given by the chautauqua committee and the Commercial club.

There has been some doings in newspaper circles in Hebron during the last week. Last Saturday the Register plant was sold at sheriff's sale and was bid in by the mortgagee at the price of the mortgage, and a deal was made this week by which John Loetterle of Deshler takes the plant and becomes its editor. It will probably be run democratic.

WESTERFIELD TO TURN-OVER FUNDS

(Continued from Page One.)

Westerfield wired he had to his personal account was deposited since this investigation was started, and suppose we can show that Westerfield borrowed money from an Omaha bank just before he left the city, do you think we could make a case?" asked the mayor.

"Perhaps," replied the county attorney.

Expects Further Evidence.

Mr. Magney expressed a willingness to file the complaint as asked by the mayor if sufficient evidence can be furnished to make a case. The mayor declares he expects to secure further evidence.

The mayor told the county attorney he would sign the complaint, whereupon the document was handed to the city officials for execution.

Mr. Westerfield, his brother, C. A. Westerfield, and Attorney Pancoast had a conference for nearly an hour with Treasurer Ure. Asked for a further statement, Mr. Westerfield referred his questioners to the treasurer.

"I think Mr. Westerfield's attitude is just splendid," commented Treasurer Ure.

Makes Formal Demand.

Mr. Ure made a formal demand upon Westerfield for \$100,000, the amount of the funds as found due by the city accounting department. The former Dundee treasurer agreed to return later in the day and present certified checks, explaining that several credits should be deducted from that total. It is understood the disputed difference is about \$2,500.

LIVE STOCK BOARDS TO MEET HERE AUGUST 2

(From a Staff Correspondent.) LINCOLN, July 30.—(Special.)—Representatives of the live stock commissions of a dozen states will meet in Omaha, Monday, August 2, at a call of the Nebraska Live Stock Sanitary board, to discuss methods of simplifying and coordinating the inspections of stock.

At the present time each state has its own regulations. An inspection in one state is invalid in the other, and those who move stock from one state to another suffer great inconvenience on account of the diversity of methods.

An inspection is usually required before leaving one state and another before entering the next. In that way owners have to submit to two inspections and pay double fees.

Sloan Speaks at Avoca.

AVOCA, Neb., July 30.—(Special.)—The Odd Fellows held their twelfth annual picnic here yesterday. Congressman Charles H. Sloan of Geneva was the orator of the day. The Elmwood band furnished the music. Among the free attractions were the Teddy brothers of Omaha, who more than pleased the crowd. The ball game between Avoca and Syracuse resulted in a score of 3 to 1 in favor of Avoca.

A "For Sale" ad will turn second-hand furniture into cash.

Jinx Still on Job.

The jinx still hovers over Birmingham. The latest evidence is the injury of Edson Hemmingway, who is out with a broken thumb.
