

### AMERICA READY FOR MEXICO STEP

Definite Action to Restore Order Will Be Taken on Wilson's Return to Capital.

#### WILL NOT BE INTERVENTION

WASHINGTON, July 31.—Definite steps toward restoration of peace in Mexico will be taken immediately upon President Wilson's return to Washington next week. What specific action the president may have decided on has not been disclosed, but it was authoritatively stated tonight that the executive departments of the government were preparing to carry out promptly the program determined upon.

Only an unexpected move in Mexico itself to end the strife, it is said, would further delay affirmative action by the United States to restore constitutional government in the war-torn republic.

Armed intervention is not believed to be contemplated in the president's program. Many officials believe no formal measures will be required. Persistent reports have reached here that the factional leaders are inclined to yield to the demands of this government for a peace conference.

To Be Given Final Chance. Reports are generally credited that a message will be sent to the opposing leaders, giving them a final chance to cease hostilities within a limited time and assemble a conference to settle their differences. Possibilities of another failure to do so, in view of the last refusal of General Carranza, to join in a conference with his adversaries, is being considered by the president. It is declared, in formulating a plan of action. Whether in that event a general embargo on arms exports will be imposed or American troops employed to assure transportation of food to the starving people of the country, cannot be stated. It is known, however, that the army and navy have been preparing and now are ready for any eventuality.

Secretary Lansing said today that the representations sent to Generals Carranza, Villa and Zapata last night urging that routes to Mexico City be opened to provision trains were forceful. The message to Carranza, who controls the railroad from Vera Cruz, was particularly emphatic. While not couched as a "demand" that the railroad to Mexico City be opened and kept open, its purport was to that effect.

No Answer Received. No answer from any of the Mexican generals had been received tonight. It was believed, however, tonight that provisions would be moving to Mexico City within a few days under a guarantee of Carranza troops.

A Red Cross statement tonight said conditions around Hermosillo, Sonora, were getting worse every day. The government is taking all wheat from farmers without asking, and all flour. A statement signed by forty Mexican residents of Sonora and forwarded to the Red Cross, said the war was great suffering, many families having only one scant meal a day.

### Texans Burn Negro Suspected of Slaying the Grimes Children

TEMPLE, Tex., July 31.—Will Stanley, the negro arrested on a charge of being the man who murdered the three Grimes children last Wednesday night, was taken from the justice court room just at midnight and was burned on the public square in the presence of thousands of men and women.

The scene on the well lighted public square at the time of the burning of the negro was spectacular. The mob had chosen an open space in which to build the pyre, this being suggested by men who yelled and cheered as they shoved the negro into the flames.

The streets were filled with pedestrians and automobiles headed toward the square fringing the street on the side of the square nearest the burning negro, were filled with boys, while scattered through the throng were many young girls. When Stanley was cast into the flames, he struggled frantically to escape, but was repeatedly shoved back. Several men said Stanley confessed that he did the killing, claiming that he had been hired to do the deed. He begged to be permitted to live long enough to tell all about it, but his alleged admission of guilt was all-sufficient for those around the fire. A shot was fired, which some claim struck the struggling negro. His struggles soon ceased and the gathering began to disappear. In a few minutes the square was practically deserted and the crowds had vanished.

### Nobody to Golf with, Wilson Goes a-Riding

CORNISH, N. H., July 30.—Unable to play golf because of the absence from Cornish of Dr. Cary D. Grayson, his physician and golf partner, President Wilson took a long automobile ride today through sections of Vermont and New Hampshire with Mrs. Francis B. Sayre, his daughter, and Mrs. Norman Galt of Washington.

The time of the president's return to Washington is still indefinite. He has recovered from the slightly depressed condition resulting from the arduous work he performed in writing the last note to Germany.

The president today received invitations to visit towns in this vicinity, but was unable to accept any of them. One of the invitations was to a clam bake held at Clementon, N. H.

### Woman Beaten and Chopped to Death

MURPHYSBORO, Ill., July 30.—Mrs. James H. Martin, 34-year-old, wife of a lawyer of Murphysboro, was beaten and hacked to death with a hatchet in her home here this afternoon.

Following the discovery of her body, Joe Deberry, a negro house servant, whose parole from the state reformatory Mrs. Martin had instrumental in getting, was arrested.

Later when a mob of 500 men was forming near the jail, the sheriff sprang the prisoner away in an automobile and took him to Harrisburg, Ill., for safe keeping.

### ARENA OF ITALY'S GREAT ONSLAUGHT—The map shows the Doberdo plateau, where five days of furious battle forced the Austrians to abandon their stronghold, Gorizia.

### TABERNACLE CASE DECREE TUESDAY

Redick Will Announce Whether Construction of Building in Fire Limits is Legal.

#### MEANS FATE OF THE MEETINGS

Decision whether the Omaha Evangelical association will be forbidden by injunction to erect a tabernacle for Billy Sunday at Fourteenth and Capitol avenue opposite the Lord Lister hospital will be handed down not later than Tuesday, District Judge Redick announced late yesterday following completion of arguments. The court took the case under advisement.

Judge Baker of counsel for Mrs. Margaret Henry, the relator, declared during the afternoon session of court, that the big frame tabernacle would be a fire menace, that it was forbidden by a city ordinance, and that Mrs. Henry had the right to enjoin its construction by reason of special damage which her property would suffer as a result of its being built on the site selected.

"The construction of this frame building within the fire limits is clearly forbidden by law," said Baker, "I do not care about the affidavits made in Philadelphia, Des Moines or anywhere else which have been introduced by the defense. I do not care whether or not it is desirable for Billy Sunday to come here. I am here to discuss the protection of property rights under the law and decisions of the courts in Nebraska."

Meetings Hang on Defenses. Attorney Brogan for the defense, asserted during his argument that if Judge Redick granted the injunction as asked, Billy Sunday probably would not come to Omaha at all.

"Sunday, at the earnest importunity of Omaha has consented to give a part of his time, for which there is a great demand, to the proposed Omaha meeting," said Mr. Brogan. "He has required that certain conditions be met and if they are not met he probably will not come here."

Meeting Held on Defenses. Attorney Brogan for the defense, asserted during his argument that if Judge Redick granted the injunction as asked, Billy Sunday probably would not come to Omaha at all.

"Sunday, at the earnest importunity of Omaha has consented to give a part of his time, for which there is a great demand, to the proposed Omaha meeting," said Mr. Brogan. "He has required that certain conditions be met and if they are not met he probably will not come here."

### Woman Beaten and Chopped to Death

MURPHYSBORO, Ill., July 30.—Mrs. James H. Martin, 34-year-old, wife of a lawyer of Murphysboro, was beaten and hacked to death with a hatchet in her home here this afternoon.

Following the discovery of her body, Joe Deberry, a negro house servant, whose parole from the state reformatory Mrs. Martin had instrumental in getting, was arrested.

Later when a mob of 500 men was forming near the jail, the sheriff sprang the prisoner away in an automobile and took him to Harrisburg, Ill., for safe keeping.

### Austrian Sea Attack Repulsed by Italians

ROME, July 31.—(Via Paris)—An attempt was made by a squadron of Austrian cruisers and a flotilla of torpedo boat destroyers yesterday to recapture the Austrian Island of Pelagos in the Adriatic, which was occupied by Italian naval forces last Monday, according to an official communication issued today by the Italian ministry of marine.

The attack was repulsed, the statement adds, and some members of the Austrian landing party were forced to swim to their ships.

### NEW BRITISH NOTE DELIVERED SOON

Supplemental Communication Probably Will Cover Points Made in Previous One.

#### DATA FOR REPLY ASSEMBLED

WASHINGTON, July 30.—The supplemental British note regarding the rights of neutrals at sea and within blockade lines will be delivered at the embassy in London within a day or two, Ambassador Page advised the State department today, and probably will be released for publication early next week.

Whether the original note received here last Monday and withheld from the press at the request of the British foreign office will be allowed to stand in its present form and also made public has not been disclosed. It is thought possible the entire British argument will be covered in the new note and the previous communication be withdrawn.

Formidable Document. The new note, it is understood, is the most formidable in point of length and scope of the entire series of communications exchanged by the two governments on this subject. It is filled with citations and deals at length with intricate questions of international law. The British position on at least two points not treated in the original note, the detention of the American steamer Neches, en route from Rotterdam to New York with cargo, and the American caveat of July 17, declaring the orders-in-council would not be recognized by this government as a substitute for international law, will be fully argued.

Meanwhile much data has been gathered by the State department, upon which to base a rejoinder which probably will be ready for President Wilson's consideration before he returns to Washington next week. The accuracy of the figures produced in previous British notes covering the volume of American exports to Germany and Austria, by way of neutral ports, is being scrutinized.

### GIVES ADVICE TO MOTHERS

Mrs. Rorer Warns Against Playing Bridge for Money and Slapping Children.

#### KEEP CANDY FROM CHILDREN

"Don't play bridge every afternoon for money and then expect your child not to be a gambler. You have instilled it into him. Environment and training count ten times as much as birth in bringing up a child," was the earnest declaration of Mrs. Sarah Tyson Rorer, in her farewell lecture at the Orchard-William store Friday. Over 500 women, the largest audience of the week listened to the closing talk.

"Don't slap your children. You have no more right to strike them than they have to strike you. Never lie to a child, no matter how complicated the question he asks and never change your mind, once you have said 'no' or 'yes'."

"Don't say 'don't' every five minutes and make your children responsible to themselves for their actions, not to you."

Agencies Santa Claus. Mrs. Rorer argued against the Santa Claus myth and urged the women rather to familiarize their children with the Christ-spirit or the Kris Kringle version.

"Never give candy to a child," she exhorted. "Chewing gum as an aid to digestion received a severe blow at the hands of the speaker. 'Chew your food and leave gum alone. Why gulp down your food and then waste that much energy in chewing gum?' she asked.

"Don't use confectioner's sugar," Mrs. Rorer told the women. "It has no place in the household." "And don't use cream with your coffee. Take hot milk."

Macarons were recommended as the least harmful of all pastry.

### Austrians Defeated In Battle of Gorizia

GENEVA, July 30.—(Via Paris)—A telegraphic dispatch to the Tribune from Laibach in Carinthia says: "The Austrians attacked the Italians in Gorizia with 100,000 men including 30,000 Bavarians, on the night of July 25, with disastrous results. The Austrian losses numbered 12,000."

"On the following day a fierce Austrian attack on the Carso plateau also was repulsed.

"The Italians hold all the positions they have captured in the last fifteen days, except the advanced trenches before Gorizia, which have been evacuated."

### Austrian Losses Heavy In Isonzo War Zone

LONDON, July 30.—While there have been no infantry attacks along the western line in Belgium and France, the artillery engagements that have been in progress for a week past are continuing and in addition French armies in large numbers have made raids on various German positions in Belgium, in the Argonne, in Lorraine and in Alsace. Many bombs are declared to have been dropped by the airmen, but no statement is made as to the damage done.

The fighting between the Austrians and the Italians continues on the Isonzo and other fronts, but no material progress by either of the contending parties has been reported. A Swiss newspaper prints a dispatch from Laibach saying the Austrians in an attack in the district of Gorizia suffered 12,000 casualties.

### SANCTION DANCING AT HANSCOM PARK

Eighteen-Hole Golf Course for Elmwood Park Authorized and Contests to Be Held.

#### SWIMMING POOL AT RIVERVIEW

The Recreation board yesterday afternoon approved plans for the new swimming pool in Riverview park, sanctioned municipal dancing in the Hanscom park pavilion, ordered work started on the eighteen-hole golf course in Elmwood park and acquiesced in the plan of Superintendent English, who will offer prizes to boys and girls who pass a series of tests in athletics at the recreation centers during August.

The Riverview swimming pool will be a model and will cost \$5,000. Work will be started within a few weeks. It will be oval in shape, 100x50 feet. The basin will be constructed of reinforced concrete. It will be equipped with shower baths, dressing rooms and other conveniences.

Supervised Dances. The plan for conducting dancing at Hanscom park has not been worked out in detail. The members of the board are inclined to favor the idea of supervised public dances twice a week and allow organizations to conduct the dancing on other evenings. It is proposed to make the municipal dances self-sustaining. Estimates of the cost of needed improvements on the second floor of the pavilion will be secured at once by the superintendent of recreation.

Charles Johnston has been engaged to lay out the new golf course at Elmwood park. Work will be started soon and in all probability the links will be ready for play before this season is over. The series of tests to be held at the recreation centers during August will be for boys and girls who will be divided into groups, according to ages. Medals will be given to all who make the required tests. The exercises will be jumping and running and similar activities.

### Trees Planted by Brigham Young Fall Before Axe

Two stately cottonwood trees, said to have been planted by Brigham Young before Omaha was thought of, were cut down yesterday at the home of Irving Allison at Florence.

The trees were removed to lighten a driveway. These monster specimens of the forest were over 100 feet high and over five feet thick at the base.

Perry Miller, who did the work, declared these were the largest trees he ever felled during many years in this work. The father of Mr. Allison bought the trees from Brigham Young when he secured a deed from the famous Mormon leader, who maintained his headquarters at Florence many years ago.

### REFEREES TO BE NAMED IN THE G. W. EGAN CASE

PIERRE, S. D., July 30.—(Special Telegram)—At the afternoon hearing in the disbarment complaint against George W. Egan, his attorney moved to strike from the complaints all charges based on cases now pending either in circuit court or in the supreme court of appeals, which was denied. Attorney General Caldwell arguing that if cases in court were a bar to disbarment, an attorney could keep that bar always up.

The court decided to appoint three referees to take testimony on the complaints and report their findings to the court, such restrictions to be made at an early date.

#### Receivership Ended.

SEATTLE, Wash., July 31.—The receivership of the Goldfield-Merger Mines company, a Washington corporation holding Nevada properties, was terminated by court order here yesterday. It was announced today. The receiver reported the organization free from debt and was directed to turn its assets over to the company.
