

Ford Will Distribute \$800,000 To Nebraska Ford Owners Aug. 15

Henry Ford.

June 15th, 1902, the Ford Motor Company was officially born to the commercial life of the world. At the end of the first fiscal year 1,708 cars had been built. The factory payroll held the names of 311 employees. A branch house was established in New York City. At the close of the twelfth fiscal year (July 31, 1915), over 300,000 cars will have been made and sold within the year. There are 25 branches and 25 assembling plants (any one of which does more business annually than the entire business of the company in its first two years). 25,000 employees with 15,000 on the factory payroll. Business first year, \$1,000,000.00. Business for 1915, \$150,000,000.00. The Ford Motor Company shares profits with its employees approximating about \$10,000,000 annually, and will share profits with Ford buyers who have bought Ford cars at retail (from August, 1914, to August, 1915), to the extent of \$15,000,000 or more.

What Will You Do With Your \$50 Profit Sharing Check?

Westinghouse Starting and Lighting System for Ford Cars

This system has been specially designed and built for Ford Cars by the greatest manufacturers of electrical apparatus in the world.

It carries the absolute guarantee of quality and service that goes with every Westinghouse product.

Let us show you this outfit in operation or send you descriptive booklet.

The installation of a Westinghouse means abundance of light whenever needed. Quick, sure starting from the seat without danger or exertion.

FORD Commercial Bodies

\$25 to \$100.00

Let us show you what we can do on prices and tell you what you can do with a Ford in a commercial way.

Every extra pound of weight in a truck body means more gasoline, more tires, more repairs, and every pound not needed is dead loss. A pound is a pound, but a pound not needed in a body for a Ford car is a much more serious pound than an extra pound on a five ton truck.

The heaviest of these Ford bodies weigh no more than the Ford touring car body and top.
