Wheat Remains Firm to Two Cents

Higher, with All Sales at Higher Figures.

CORN GOES A LITTLE LOWER

OMAHA, August 19, 1915. The wheat market was very steady to-day, wheat sold unchanged to 2 cents higher, although most of the sales were from 2 to 4 cents higher than preserday. Corn was weak; the receipts of this cereal were fairly good, but the demand was poor and corn sold unchanged to 1 cent lower. cent lower.

New oats sold unchanged, willie the old oats advanced 2 cents.

The usual August cool weather scare is on in corn. It has caused uncasiness among the shorts and they are taking no

chances this year.

Twelve cars of contract cats out of 251 have been received in Chicago in the last

Winnipeg

change Buring the Day.

NEW YORK, Aug. 19.—Wall street received an unexpected reminder today that a state of war exists across the water. The market, which had been under pressure in the early hours, broke abruptly in the afternoon on news that a German submarine had sunk another British liner.

United States Steel, weakest of the lot up to midday, fell over 2 points and other stocks of almost equal prominence showed losses of 1 to 2, while a few of the recently exploited specialities added 2 to 5 points to their reverses of the forencon. From this level most stocks made partial recovery, only to fall to lower levels in the final hour when the selling movement gathered greater force. The closing was heavy to weak, with only slight recovery from minimum quotations.

Even before word of Germany's latest marine exploit became generally known, there was an absence of the recent bouyant and open manipulation in the so-called war stocks. In fact, Bethlehem Steel common and preferred were conspicuously weak, also Westinghouse Electric, Pressed Ricel Car, General Electric and the principal motor issues, losses in this group ranging from 3 to 10 points. New York Airbrake was the only noteworthy exception, at one time showing a gain of Il points, part of which was lost later. In the main rallways showed underlying strength, holding to within a point or thereabouts with the excepted of Reading and Canadian Pacific, which recorded wider fluctuations. The day's total transactions of 1.145,000 shares exceeded any seasion of recent months.

For the first time this week, foroign exchange played little or no part as a market factor. Demand sterling was a shade harded than yesterday's best and france made further material recovery from their recent weakness. Bankers continued their "credit conference," but the plan to establish new British and French loans in this market remained in abeyance.

The Bank of Emgland, increased its gold holdings for the week by almost \$1,000,000 while the Bank of France gained almost twice that amou

CHICAGO GRAIN AND PROVISIONS

Prices on Board of Trade.

CHICAGO, Aug. 18.—News of the sinking of the Arabic caused fresh weakness in the wheat market today after prices had begun to recover from a setback due to excellent reports from the harvest in the apring crop belt. With September at \$1.00% and December at \$1.00%, quotations closed unsettled, %c to 1½c under last night. Corn finished unchange to %60% injer, oats ¼60% off to ½c up, and provisions with gains of 3½56c to 20c.

Bears in wheat had the advantage from the start. As a result, for the first time this season, the May option went lower than last year, selling down to \$1.06. Favorable weather throughout Minnesota, the Dakotas and the Canadian northwest. continued on the previous day to act as more than an offset fo rains in the territory southwest of here. As a matter of fact, today's advices pointed to a realization of one-of the largest spring wheat crops ever grown in America, if not the very largest. On the ensuing decline indications that a fair expert business had developed led to a little reaction, but the bulls were making only slow headway when word came that the Arabic was the victim of a submarine.

Increased selling that followed the receipts of bulletins telling of the fate of the Arabic depressed the wheat market visibly, but the extent of the fall in values was not to exceed %c on the bushel. This loss was virtually wiped out before trading reached an end for the day, although traces of nervousness were still evident when the final gong cleared the pit.

Corn at first sagged with wheat, Later, though, the market hardened, owing to unwelcome cool temperature and to pseal-mistic crop reports from the northern portions of the corn belt. Oats merely tagged after corn. Shipping demand was fair, but by no means urgent.

Shorts covering brought about a decided rally in provisions after an early decline. The weakness of grain and hogs seemed to have caused the bears to be trapped into selling too freely altogether.

was very sluggish today and the undertone to the trade rather weak than otherwise.

There was very little activity in stockers and feeders, although prices ruled about steady at the resent decline. Good fleshy and medium weight feeders are selling for lower than at the Test time two or three weeks ago, and snow sale at that. Stock cattle have not shown so much decline and are in very good demand right along. Inquiry for stock cows and heifers has held up well and prices have remained about steady and the same holds true as to stock calves.

Quotations on cattle: Good to choice fed yearlings, \$6.767.75; good to choice heavy beeves, \$2.509.00; common to fair for yearlings, \$6.759.75; good to choice heavy beeves, \$2.509.00; common to fair cornfed beeves, \$1.509.8.25; prime grass beeves, \$7.509.8.25; common to fair cornfed beeves, \$7.509.8.5; prime grass beeves, \$7.509.8.5; good to choice grass heifers, \$5.508.7.00; good to choice grass he

HOGS—A very liberal run of hogs was on hand today, the supply being the largest of the week to date. Receipts were estimated at 1% cars, or 12,500 head, which brings the week's total up to 25,507 head. This is 5,600 larger than a week ago, 3,000 heavier than two weeks ago, and over 12,000 more than were here during the same days a year ago.

Shippers insisted on another sharp deciline today, and the result was that trade was a little dull, but they carried their point, and light heas, no matter whether they went to shippers or packers, looked about he lows—— atterday. No lights were able to beat \$8.55 and sales ranged from that on down.

The packers tried to force as much decline in heavies as lights were showing, and early offars were at least 10515c lower. Sellers, however, refused to trade on this basis and the best part of the forencen had passed before anything of consequence was done.

Opening sales of mixed packers and heavies were as much as 10c lower, and early offars were as much as 10c lower, and to improve as the forence and a good many sales were made before the close that did not look to be over the close that did not

OUTPLAY BIG SPRINGS

NORTH PLATTE, Neb., Aug. 19,-(Spe ers defeated the Big Springs team today 7 to 2 Muddy grounds hindered fast base running. Fussel, the Big Springs given very poor support in the pinches. In the eighth inning North Platte made five runs on one hit, the visitors throwing the ball away at every opportunity. Neither side scored until the sixth liming. Artley for the locals pitched good ball and struck out eleven of the visitors. The locals will play the Lincoln Cleaners next Sunday and Monday, Score: North Platte. 0 0 0 0 0 0 2 0 Blg Springs. . 0 0 0 0 0 0 0 1 Bases on balls: Off Artley, 5: off Pus-sel, 5. Wild pitches: Artley, 2; Fussel, 2. Two-base hits: Fiynn, Klindt. Struck out: By Artley, II; by Fussel, 14. Time: 1:00. Umpire: Hartman.
