## SEVERAL BODIES OF F-4'S VICTIMS FOUND IN DEBRIS

Number Discovered Entangled in Wreckage and One Is Removed, but None Identified So Far.

WORK OF UNCOVERING SLOW  
Preparations Are Being Made to Embalm as Soon as This Can Be Done.

### GREAT HOLES TORN IN HULL

**BULLETIN.**  
HONOLULU, Aug. 31.—A number of bodies of the twenty-one men who went down in the submarine F-4 on March 25 were found today entangled in the wreckage. One body was removed. Others were in such a poor state of preservation that the work of uncovering them is being done slowly. None has been identified.

The finding of the bodies was announced by Rear Admiral C. J. Boush. A hole was cut in the forward compartment of the submarine, which so far has been inaccessible. Preparations have been made to embalm the bodies as soon as they are taken out.

HONOLULU, T. H., Aug. 31.—The bulk of the submarine F-4, lost in Honolulu harbor March 25, with its crew of twenty-two men, and raised and placed in dry-dock yesterday, today lies exposed to view, the work of pumping out the dry-dock and raising the shattered and torn submarine from the waters of the harbor having been completed through the night.

But the craft has not yet yielded up its secrets. No trace of the bodies of the unfortunate crew has been discovered, nor has the brief examination thus far made thrown any light on the cause of the accident that caused the diver to sink and fall to come up again.

The F-4 lies on its starboard side in the dry-dock. When the examining board, composed of Rear Admiral C. J. Boush, Lieutenant Commander Julius A. Fure and Lieutenant Kirby B. Crittenden, entered the vessel, they found the starboard side and bottom filled with debris, battery plates and some sand and mud.

No Bodies in Sight.  
If any bodies remain in the F-4, they are underneath the debris. Doubt is expressed, however, if any will be found, for the great holes torn in the submarine, only part of which were protected by mats during the months of raising operations, allowed the marine creatures with which the waters of Hawaii swarm, to enter and it is anticipated that further search will merely disclose the fact that the bodies of the crew have been entirely destroyed.

## Peace Appeal Now in Hands of All Mexican Leaders

WASHINGTON, Aug. 31.—The Pan-American peace appeal now has been delivered to all military and political leaders in Mexico. Several leaders in remote sections have just been reached by courier, and to give them time for reply there probably will be no meeting of the Pan-American conference until next week.

General Carranza's reply still is lacking, but it has been authoritatively declared that the conference will proceed, irrespective of his attitude.

## Subjects of Allied Powers Expelled from Beirut, Syria

PARIS, Aug. 31.—The United States scout ship Chester has arrived at Canes, Crete, with 470 refugees expelled from Beirut, Syria, by the Turks, according to a Havana dispatch from Athens. The refugees include citizens of all the quadruple entente powers, as well as of several other nations. The Chester will return soon to Beirut for another shipment of Europeans, who have been ordered out of Turkey. Another American warship is expected at Canes with refugees from Alexandretta, Asiatic Turkey.

## Russian Cabinet is To Be Popularized

LONDON, Aug. 31.—The enlargement of the Russian cabinet by ten members, five of them to be chosen from the duma, and five from the council of the empire, has been tentatively agreed upon, as a means of making the government more truly representative of the people, according to the Daily Telegraph's Petrograd correspondent.

## SPECIAL SESSION IS UP TO THE MEMBERS

Governor Morehead Issues Statement Severely Criticizing State Treasurer Hall for Stand.

### DEMOCRATS SURE IN DEEP HOLE

(From a Staff Correspondent.)  
LINCOLN, Aug. 31.—(Special.)—The expected break between democratic state officials came today when Governor Morehead issued a statement in which he criticized State Treasurer Hall for his stand in refusing to cash warrants of departments of the state after the state auditor has approved the claims, issued warrants for their payment and the secretary of state has affixed his signature of approval.

Whether this will mean a special session of the legislature depends largely upon the feelings of the members of the legislature, the governor not being favorable to an expense upon the state of \$12,000 to \$15,000 "just to satisfy the whims of one state officer," as he puts it.

The situation is to lose the income of the pure food department, amounting to over \$100,000 above the expenses of its administration, besides allowing Nebraska to become the dumping ground of every other state for impure foods, etc., or to provide some way of getting around it. Not only will the work of the past years be wasted and the department have to start all over again to regain its lost prestige, but there are other things to be considered, compared with which it would seem the expenditure of \$15,000 is only a small consideration.

What Faces the State.  
Many democrats are in favor of the special session. Some are fearful that if a special session is called it will give the republicans campaign material sufficient to kill off all democratic chances in 1916. Others say that the proposition is just as broad as it is long, that the present officials have put the party in bad anyway and the only way to meet the situation is to meet it in a straight business way and solve the trouble.

"If a business man had made a vital mistake which meant loss to his business, besides prestige to his firm," said one democrat today, "he would leave no stone unturned to rectify the mistake and the cost would not be taken into consideration."

Dem's Want Session.  
The democratic legislature made a mistake; a democratic state treasurer takes advantage of a technicality in the law to continue the mistake, and therefore the only thing to do is for the same democratic legislature to meet and correct it, for if we do not, as sure as the sun rises on the morning after the next election it will be found that the people have elected a republican legislature to make good the deficiency in the state treasury and correct the laws which make it possible for one man to put to the bad one of the most important departments of the people."

How Members Feel.  
When Representative Hoffmeister of Chase county was here yesterday he said he was in favor of a special session of the legislature.

## OROZCO KILLED IN BATTLE WITH U. S. POSSES IN TEXAS

American Civilians, Customs Officers and Federal Troops.

FOU R BULLET WOUNDS IN BODY  
Chief Noted Figure in All the Revolutions in Mexico in Recent Years.

### ENTIRE GANG IS WIPED OUT

EL PASO, Tex., Aug. 31.—General Pascual Orozco, prominent military leader in Mexico's many revolutions of the last five years, was killed late yesterday in a fight with a posse of American civilians, customs officers and troops of the Thirtieth United States cavalry, according to government reports received here late today.

How desperately they fought was shown by four bullet wounds in the body positively identified, according to reports as that of the Huerta general.

Can't Be Confirmed.  
At the home of General Orozco's family where the report of his death could not be confirmed.

Victoriano Huerta would make no comment when informed of the reported death of his former chief officer.

All the bodies of the raiders have been ordered sent to Van Horn, Tex. An undertaker from this city is en route to take charge of the body said to be that of Orozco.

Orozco was one of Francisco I. Madero's chief military commanders in his revolution against President Diaz. Later when military governor of Chihuahua he deserted Madero and espoused the cause of Victoriano Huerta and subsequently organized the "colorados" of the Chihuahua border. As a Huerta general he was defeated and driven from Mexico by Villa at Ojiniga in 1913.

The "colorados" were held responsible for depredations in Texas and New Mexico. Wherever captured members of this force were executed by the military forces of the Carranza or Villa governments. Ostensibly they fought for the old federal or Huerta cause.

Held on Border.  
Huerta and Orozco were prevented by United States authorities from invading Mexico at Newman, N. M., escorted to this city and arrested charged with conspiracy to violate American neutrality.

Grocco furnished bail in \$7,000 for shortly after he eluded guards placed about his house and escaped to Mexico.

Must Be Ready.  
GALVESTON, Tex., Aug. 31.—Orders have been issued by Major General J. Franklin Bell, commanding the second division, United States army, to commanders of the Fourth and Nineteenth regiments of infantry and the Sixth cavalry to hold their commands in readiness to entrain on short notice.

## Senator Tillman Goes Down Under Sea

NEW YORK, Aug. 31.—United States Senator Tillman of South Carolina, chairman of the senate committee on naval affairs, went to Washington today, after spending a day at the Brooklyn Navy yards. Most of the senator's attention yesterday was devoted to submarines. He visited the U. S. which will use the new Edison batteries and then inspected the devices on the K-6. Both boats were submerged with Senator Tillman on board.

## Developments Are Hinted at in Dispatch to Berlin from Bulgaria

BERLIN, Aug. 31.—(Via London, 4:35 p. m.)—The correspondent at Sofia of the Vossische Zeitung telegraphed today an outline of the proposals made to Bulgaria on both sides of the diplomatic contest. His dispatch says:

"The conditions upon which the quadruple entente imposed on Bulgaria in return for territorial concessions in Macedonia stipulated that Bulgaria obligate itself to declare war on Turkey.

## FOREIGN EXCHANGE AT SERIOUS STAGE

Rate Drops to Point Where Bankers Say Great Britain May Curtail Buying Here.

### DEALINGS NEAR STANDSTILL

NEW YORK, Aug. 31.—Foreign exchange rates reached their most serious stage today with an overnight break of 2 1/2 cents in sterling, the English pound selling in this market at \$4.58 1/2, close to the mark where curtailment of big foreign orders to the United States would follow, in the opinion of bankers here.

Nothing like the violent break in quotations had ever been recorded in foreign exchange markets here before. The low level reached today was 1 1/2 cent below the mark set weeks ago by financiers as the so-called irreducible minimum which, when reached, would cause British buyers to seek other markets in which to place their orders for such imports as could be obtained elsewhere than in America. Foodstuffs, manufactured goods and many other products, in fact almost everything except actual munitions of war, were embraced within this category.

Demoralization in the foreign exchange markets was succeeded by almost chaotic conditions as the result of the break. Dealings in foreign exchange were virtually at a standstill. Rates varying as much as a cent were quoted by different houses, but the rates, in almost every case were purely nominal, and there was no business worthy the name done in English money here today.

The big break means that English buyers, in addition to the top of the market prices already paid by them in this country for American products, are called upon to pay a premium of 8 1/2 cents on every pound's worth of purchases, or more than 5 per cent. With London carrying this onerous burden, something new to British bankers, as English money has for generations been the world's standard of international finance, the question discussed in banking circles here today was how long Great Britain would continue to buy here articles as it was not compelled to.

There is no other world market of importance open, it was pointed out, but more rigid economy at home in all imported articles and purchases by Great Britain from such European neutrals as had wares to sell, it was thought would undoubtedly follow if exchange rates should go lower. This would result in a loss to no extent which cannot now be estimated, the amount of goods which American sellers are sending abroad, now the greatest in volume in the history of the country.

Not an American contract has yet been cancelled, it was said, but the heavy premium which British buyers must pay gives every indication, in the opinion of local bankers, that cancellations will follow unless rates are rectified very soon and that there will be a decided slump in new orders. What this would mean to American industries cannot be estimated.

The new low record of \$4.58 1/2 was the fifth low record established in five consecutive business days. Since last Thursday the pound sterling has dropped from \$4.64, or 5 1/2 cents, nearly one-half of which was registered when the market opened today.

With sterling's break today, francs also were depreciated to within 1 cent of their previous low records of \$6.95. Lines were quoted at \$2.12, yesterday's close, 4 cents better than the lowest rates reached, and reichmarks went to 95 1/2, 1/2 cent above their lowest, and 1/2 cent below their closing quotation yesterday.

### SECOND CROP OF BERRIES NOW GROWING AT YUTAN

Just to show that all crops have not failed in this part of the world, Robert H. Park of Yutan, Neb., sends to The Bee a sample of the second crop of red raspberries grown on the bushes on his place this summer. He reports his first crop large and says the bushes are no longer with berries and blossoms and that the second crop will be as large as the first.

## RUSS CONTINUE RETREAT ALONG UPPER BUG LINE

Invaders Are Making Steady Progress East of Warsaw. While Further North Advance is Slower.

### ACTIVITY ON WESTERN FRONT

Artillery, Mine and Hand Grenade Warfare Marks the Operation Against German Trenches.

### FIGHTING AT THE DARDANELLES

LONDON, Aug. 31.—The Russian armies along the line of the upper Bug and the Zlota Lipa are being withdrawn rapidly and apparently without great loss, as neither Vienna nor Berlin claims any extensive captures of prisoners or booty in this region. In the center of the line due east of Warsaw, the invaders continue to make steady progress, while further north they are advancing more slowly. The fall of Lipsk brings the attacking forces nearer Grodno, the last big fortress on the front to be retained by the Russians.

Along the western front the usual artillery, mine and hand grenade warfare marks the operations. According to Paris these activities have resulted in the destruction of several German trenches.

Reports Heavy Fighting.  
Constantinople again reports heavy fighting at the Dardanelles, but the entente allies are silent in regard to their military operations on this front.

In the Austro-Italian campaign Rome reports the capture of Clima Clata, 6,500 feet high. This summit had commanded the Italian positions on Monte Salubro.

Rome also sends optimistic reports of the progress of the entente powers in the negotiations in its near east. It is said that Serbia's promises are satisfactory as far as they go. Italian political circles express confidence that the Turkish-Bulgarian railroad agreement does not affect Bulgarian neutrality.

## Warwick is Named for Comptroller

WASHINGTON, Aug. 31.—President Wilson today appointed Walter W. Warwick of Ohio as comptroller of the treasury, succeeding George H. Downey, recently appointed a justice of the court of claims. Charles M. Fore, for many years chief clerk of the office, was appointed to succeed Mr. Warwick as assistant comptroller.

### The Day's War News

IN THE GALICIAN operations, recently resumed, the Germans have met with a check on the Strpa river, where strong Russian forces counter attacked and, according to Berlin, "partially stopped" the Austro-German pursuit.

CONSTANTINOPLE REPORTS the destruction by Turkish artillery of a position occupied by the entente allies near Seddul Bahr, on the Gallipoli peninsula.

FRENCH ARTILLERY is successfully continuing its work of inflicting damage upon German trenches, shelters and camps at various points along the front, the Paris war office reports.

SETTLEMENT OF TROUBLES in south Wales which threatened to develop into a serious coal strike is announced.

SUBMARINE OF THE entente allies has blown up a portion of the bridge connecting Constantinople with the suburb of Galata. A similar report some weeks ago was denied by the Turkish authorities.
