## MANAGER KRUGAND BREEN TO ST. PAUL

Reystone Combination of Rourkes Will Join American Association Club at Western Close.

#### THREE ROURKE PLAYERS GO UP

Marty Krug, manager of the Rourkes, and Dick Breen, captain and second baseman, will go to the St. Paul American association at the end of the Western league season Labor day. Announcement of their purchase by the St. Paul club was made this morning. The sale of Krug and Breen makes

three Rourke players who advance to faster company this year. Ernie Krueger was bought by the New York Americans. Krug came to Omaha a year ago last spring from Indianapolia, Krug's failure at Indianapolis was due to sickness the previous year. Before becoming an In-dian Marty was a member of the world's week.

Miss Muriel Barthold of Platismouth is a guest at the Chris Wisser home this champion Red Sox crew of 1912 during the series, and distinguished himself by

whiffing twice when acting as a pinch With Omaha Marty has made good as a player if not as a manager, and is considered fast enough to stick in

Double A company. Breen came to Omaha from Utica of the New York State league this spring. Before playing at Utica he was in the International league, so it will also be Dick's second chance in Double A

Krug was hitting 203 when the last averages were compiled. Breen was sticking at .161. Marty has made 136 hits this year and Breen 121. Marty has stolen twenty-four bases and Breen

Both Krug and Breen will join the St. Paul club immediately after the last game of the year here Labor day.

#### Drinks and Cigar Sales Reduced by Near-Side Stopping

Soda water and ice cream doesn't sell as well as it did before the street car filliary academy, where he won the company inaugurated the near-side stop. Cigars are not called for so freely in the drug stores along the street car lines. The sale of beer in some saloons has also diminished.

Maybe, too, the ordinary layman cannot see a connection between cause and effect in these cases. But some of the druggists are so sure they see it that they are preparing petitions to be circylated to have the old system of stopping on the far aide reinstated.

For years drug stores and saloons have competed in the outlying districts of the city for far-side locations on corners where the crowd always walts for street cars. Anyone can follow a car line and count for himself the number of drug stores located on the far-side and the number of the near-side in the outlying districts, where waits are long. It will be found that by far the majority of them

Wherever saloons are to be found they have also evinced a preference for the

Now, like a flash, the system of taking on and discharging passengers has changed, with the result that the crowd that constantly stood within a few paces of the doors of these saloons and drug stores, now has to stand almost a half block away. Fewer run in to buy a cigar. Fewer drop in for chewing gum. Fewer take time to go across the street to get a cold drink while waiting for a car.
