GLAMS AND OTHER SEA FOOD ARRIVE

All is in Readiness for the Big Elks' Clambake at Krug Park Saturday Afternoon.

BIG PROGRAM ON BESIDES

The annual clam bake to be given by the Omaha Elks at Krug park this afternoon promises to excel all previous functions of the kind ever attempted. Preparations have been made for caring for from 600 to 800, and at this time an attendance of more than 500 is assured. For the feast Secretary Miner has secured seventy-five dozen ears of corn and three and one-half tons of sea food, the latter including clams, lobsters, oysters and crabs.

At the clam bake the eating will start at noon when bouillon, oysters and lobsters and crabs will be served. This will continue until 4 o'clock in the afternoon, when the bake will be opened. From this time the feast will be on until 6 o'clock.

While the clam bake will be one of the important functions on the card, it will lack much of being the most interesting feature. Arrangements have been made for a sparring exhibition between a couple of the best artists in the central west. Secretary Miner is keeping their identity a secret in order to afford the Elks and their friends a surprise.

County Republican League Merges with the McKinley Club

The merger of the Douglas County Republican league with the McKinley club is regarded as another favorable portent of forthcoming solidarity in the ranks of republican during the approaching campaign.

At meeting Thursday evening in the Patterson block the league decided to stak its identity and to stand shoulder to shoulder with the larger organization, believing that in union there is strength.

Among those present were Harry S. Byrne, president of the McKinley league; J. C. Kinsler, J. H. Beisel, John Berger, Henry F. Meyer, Captain Mallison, Ed Leeder, J. M. Macfarland, Thomas Lynch, L. V. Guye and Ed Morearty.

President Morearty and Secretary Guye of the league will be placed on the official roster of the McKinley club. The best of feeling prevailed at the meeting and statements were made that a season of republican victory is in the atmosphere.

Wicked Are Busy and Several Lose Their Pocketbooks

Dr. O. Watson, Columbus, O., guest at the Paxton, reported the loss of \$10 from his pockets at the Union station last evening.

While trying to gain entrance to the bakery of Chris Olson at 1318 Locust street, a block watchman fired three shots at a burglar, who staggered and got away. It is believed one of the shots took effect.

L. M. Van Vleck of Philadelphia, stopping at the Paxton, reported the police that his pockets were picked of \$5.

Mrs. M. D. Brodsky, 105 North Thirtieth street, lost a grip from her automobile Monday. On Tuesday she hired a young woman, who gave a hard luck story. The new employe made an unceremonious departure with a pair of diamond cuff buttons. The police believe this woman has been committing a series of thefts here.

McCaffrey Sells Holdings on Dodge for Over \$80,000

Chester A. Cook and Raymond C. Cook have purchased for a sum said to be something over \$80,000 an additional sixty-six feet of land on sixteenth south of Dodge street to the rear of the Douglas block from Hugh McCaffrey. The Cook trustees already owned twenty-two feet occupied by the Douglas block, so that their holdings now total eighty-eight feet front by seventy feet deep.

The location has been leased to Jacob Siosburg, Jr. for ninety-nine years. The long lease will probably mean the erection of a new building on the site in the near future, although at present Mr. Siosburg only contemplates alterations and improvements to the present buildings.

WHEAT GOES UP WITH GRAIN MARKET RALLY

Frost predictions for Northern Nebraska and South Dakota gave the Omaha grain market an upturn, wheat advancing 2 cents and corn and oats 1/2 cent. Wheat sold at \$2.00; corn, 77 1/2c, and oats, 55 1/2c per bushel.

Receipts for the day were fairly heavy, there being 39 cars of wheat, 187 of corn and 21 of oats, on sale.

THRIFTY BUSINESS BLOCK

Sixteenth Street from Capitol Avenue to Davenport is a Real Square of Prosperity.

DO NOT FEAR FOR HARD TIMES

Along Sixteenth street from Capitol Avenue to Davenport is but a short 300 feet and there aren't any huge twenty-story sky-scrapers along this block, and there aren't any internationally or even nationally known business operators located within that 300 feet, but you will find a select few of the brightest and most alert and willing businessmen such as short 30 feet can possibly contain, and they'll give many a man with a million-dollar establishment, plush carpets and a receiving line of private secretaries cards and spades and still show them something about modern business methods.

Along Sixteenth street from Capitol Avenue to Davenport are located some of the most sturdy businesses in Omaha. They are not very pretentious, perhaps, and the owners are not in the habit of enjoying life by the limousine method, but you will find every one of them all wool and a yard wide.

Real Omaha Firms. They are Omaha firms and that fact alone is a good recommendation. All Omaha firms are live ones. That this little block on North Sixteenth street is especially live, and no matter how hard the times or how adverse the conditions you will find each and every one of the establishments in that block enjoying the tenure of prosperity, always making a little gain.

Among the thriving businessmen along this block is the Loyal Shoe store. This is one of the most up-to-date shoe houses in Omaha. The same distinction applies to the Loyal Furniture company. Both of these establishments are in the Loyal hotel building.

Henrickson, the jeweler, is also another Loyal hotel tenant. Mr. Henrickson has been located in his corner position for several years and enjoys a most prosperous jewelry trade.

The Central Market is a really modern meat market, where quality and service to the patron are considered first. The New England bakery is one of the oldest bakeries in Omaha, and has ever since its organization, been regarded among the best.

Two sturdy businesses. The Novelty store is one of the strong foundations of the North Sixteenth street block. This establishment will always be a nucleus upon which to build a brick business block. The New York Sample store is still another of the examples of sturdy, conscientious industry in this block.

Just a few feet to the north are two other establishments which, although not strictly within the 300 feet named before, can be regarded as part of this block. The Helphand Clothing company and the Edward hotel are of such close proximity that they may easily be classified with this prosperous block.

The Helphand Clothing company is a

firm of several years standing in Omaha, and is one of the businesses which aid very materially in the success of North Sixteenth street business.
