

CITY WANTS PART OF THE PROFITS

Butler Argues that for Certain Affairs the City Should Receive Nearly Half Receipts.

NO SCHEDULE FIXED, HOWEVER

Is the city going into the wrestling business?

Commissioner Butler, who has charge of the City Auditorium, announces his preference of a policy of charging a flat rental rate for conventions and a per cent basis for certain attractions not specifically defined, but, for example, a wrestling match promoted by private parties.

"We have not decided on a rental schedule, but I expect the matter will be up before the council before long. It will be the policy to charge as low a rate as possible to conventions which Omaha wants to encourage and which help the city, but there are various events which the city should share on a per cent basis," stated Mr. Butler.

Citing a specific instance in sustaining his per cent basis for rental, he referred to a recent big wrestling match. "The promoter told me he netted \$5,000 on that event. Now, suppose," added the commissioner, "that we should have such a wrestling match in the Auditorium, I intend the city should get a share of the profits." He said he thought about 50 per cent for the city would be about right.

The letter carriers recently paid \$300 rental for their meetings at the Auditorium. The charge for the Boston Symphony orchestra for the evening of October 7 will be \$300.

The suggestion has been made to some of the commissioners that the city should announce a definite schedule of rates for the Auditorium and that the rates should apply to all without any distinction.

By almost unanimous vote, the Methodist conference decided to favor a change in the constitution of the church, permitting the election of bishops for races and tongues. That means that the Nebraska state conference favors appointment of negro, Chinese, Indian and other bishops to head the church among the colored people, Chinese and in India respectively.

TRAVELING MAN'S EXPERIENCE

"In the summer of 1881 I had a very severe attack of cholera morbus. Two physicians worked over me from 4 a. m. to 4 p. m. without giving me any relief and then, told me they did not expect me to live; that I had best telegraph for my family. Instead of doing so, I gave the hotel porter 50 cents and told him to buy me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and take no substitute. I took a double dose according to the directions and went to sleep after the second dose. At 8 o'clock the next morning I was called by my order and took a train for my next stopping point, a well man, but feeling rather shaky from the severity of the attack," writes H. W. Ireland, Louisville, Ky. Obtainable everywhere.—Advertisement.

Storm Does Heavy Damage in Iowa and in Illinois

Joe Lightfoot of the Illinois Central passenger department is back from Chicago, where he went to furnish safe conduct to the trainload of Italians who left Omaha last Saturday, going to join the colors and fight in the European war. Says Mr. Lightfoot:

"The rain of Sunday and Monday throughout Iowa and western Illinois did a vast amount of damage. From a few miles this side of Dubuque and nearly over to Freeport, Ill., the entire country is under water. Fields of corn were leveled by the wind and rain, and in many instances the entire crop is covered with mud, washed down from the hills.

"The railroads suffered greatly in the vicinity of Dubuque and Galena. Tracks were washed out or covered with mud and debris by reason of the caving of the banks. The streams are all out of their banks and are filled with uprooted trees, small buildings and things that have come from the farms along the banks."

Social Settlement Workers Make Plans

Volunteer workers at the Social Settlement held a get-together meeting Monday to plan their work for this winter. Sewing, dramatics, basket work, hammock weaving and the Settlement paper will be continued and many new activities begun. It is planned to hold these meetings once a month.

Mrs. E. A. Singer, Mrs. Walter Abbott, Mrs. W. G. Preston, Mrs. E. V. Parrish, Anna Docherty and the Miss Anna Fell, Myrtle May, Elsie Goetz, Harriet Metz, Eugenie Patterson, Helen Epeneter, Marjorie Howland, Mr. Robert Burns and Mr. Frasier are among the volunteer workers.

Meeting for Boys and Girls is Held by Amusing "Rody"

Some seventy-five youngsters assembled at the First Congregational church Monday night to attend the first of a series of meetings to be held expressly for juvenile Omaha by the "Billy" Sunday campaign party. Homer Rodheaver took the lads and lassies under his wing Monday night and when the meeting adjourned every single one of them was calling him "Rody" as if they had known him all their lives.

Peanuts, pies, cantaloupe and the like were distributed among the tots at the start of the meeting and then "Rody" conducted several racing contests.

Following the lively introduction "Rody" called for "Brighten the Corner Where You Are," and then gave his talk. "You all know how one rotten apple in the barrel soon spoils a lot of other apples," said Rodheaver, "and it's much the same with boys. One smart, overbearing boy in a gang can soon spoil a whole lot of other fellows. Be courteous, thoughtful and gentlemanly and try to give the people with whom you come in contact a good opinion of your parents."

Aged Man Protests Against Tearing Down an Old House

An echo of the tornado of 1913 was heard in the city council chamber when W. H. Russell, real estate man, appeared to show cause why the old house at 2228 Poppleton avenue should not be condemned as recommended by the city building department.

"During that memorable storm I lost \$5,000 in five minutes and I submit to you gentlemen, that it is not easy for a man beyond the three score and ten mark to retrieve his losses. I am trying to improve this old house as fast as my means will permit. The place will be an ornament to the neighborhood when completed," stated Mr. Russell. He was granted a week's time during which the commissioners will visit the premises. The house in question was not in the storm zone.

"TANLAC" MAN IS REPRESENTED HERE

L. T. Cooper, Noted Easterner, Sends Associate to City of Omaha.

Will Personally Direct the Introduction of Premier Preparation Tanlac.

John A. Bornhauser, who is so closely associated with L. T. Cooper, the celebrated "Tanlac Man," is in the city, a guest of the Loyal Hotel.

Mr. Bornhauser comes to Omaha from Lincoln, where he has spent the past few months meeting the public and demonstrating the splendid preparation Tanlac. Mr. Bornhauser, in whom Mr. Cooper reposes his full confidence, is a man of rare talents, magnetic force and charm of manner. He never ceases to surprise you with the infinite variety of his knowledge and its absolute correctness and thoroughness.

Both Mr. Cooper and Mr. Bornhauser, who express their views alike, claim chiefly that most of the ill health of today is due almost entirely to those habits which best distinguish the white man from the savage of the jungle. They claim that nine times out of ten it is the result, more or less, of a weak, disordered stomach and nine times out of ten these disorders are due to too much eating and drinking and too little of the proper out-of-doors exercise and air.

But it is always possible, they say, to make some effort toward healthful living, and, in connection with expressions of their views, they are introducing their premier preparation, Tanlac, to prove their advanced thoughts.

Tanlac is called the "Master Medicine," and it is made mainly from the roots, bark, herbs and flowers gathered from many of the remotest parts of the earth. The medicine obtains of its high uniform efficiency by the personal direction of Joseph Trimbach, a native German chemist of note.

It is claimed that Tanlac quickly overcomes stomach, kidney and intestinal ailments, as well as catarrhal affections, and will actually prolong life by restoring and keeping up the vigor of youth.

In a number of great American cities thousands have been converted to the Cooper-Bornhauser views and have been benefited by Tanlac.

The agency for Tanlac is awarded only to one drug store in each city, and Mr. Bornhauser or Mr. Cooper personally directs its introduction, so that it may do the most good.—Advertisement.

Special Nurse is Assigned to One of South Side Schools

Mrs. Grace Wheeler, nurse, has been engaged by the Board of Education for work at the South Central school under the direction of Superintendent Graff.

Mrs. Wheeler's work is to follow up medical inspections and to advise with and assist parents and pupils, according to the needs of individual cases. She will recommend physicians when such service is necessary and will offer advice in cases where simple remedial action will suffice.

The purpose of the work is to protect the pupils from exposure to contagion and infection and to assist in restoring to health those whose condition is a menace to others.

She has been detailed to the South Central school for an indefinite period, as conditions there are said to warrant her exclusive attention.

Mrs. Wheeler has been identified with the Visiting Nurse association.

M. P. Officials Are Looking for a Big Freight Business

Alexander Robertson, formerly first vice president of the Missouri Pacific, in charge of operation, but under the re-overship chief of the operating department, accompanied by General Superintendent D'Bernardi and Division Superintendent Russ, is in the city, going over the system on a tour of inspection.

Mr. Robertson comes from the St. Louis general offices and is looking forward to a heavy freight business during the coming winter. He asserts that the coal business promises to be as good as in the past, and that when the farmers commence to sell freely there will be a big movement of grain to the south. Since last summer, according to Mr. Robertson, the Missouri Pacific has put and is putting 15,000 box and coal cars through the shops, reconstructing, painting and repairing them.

Three to five special trains over the Northwestern will arrive in Omaha between 11 o'clock and noon Friday, carrying 70 to 1,000 agents of the Aetna Life Insurance company, who are enroute to San Francisco, where the annual family meeting will be held next week. Here the trains will stop only long enough to change engines, after which they will be taken west by the Union Pacific.

The Aetna agents will stop some time at Denver, where they will be joined by those coming up from the south. It is expected that a number of the agents from Nebraska and Iowa will join the party here.

Wheat Drops Four Cents Over Night

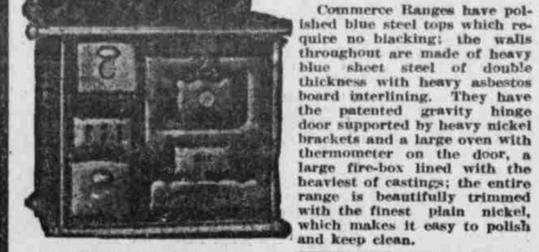

Grain kept on hitting the slide, and again wheat went below \$1 per bushel, selling at 89 3/4c per bushel, a loss of 1 cent to 4 cents over night. Receipts were thirty-three cars. The decline was attributed to heavy receipts throughout the country and little foreign demand.

On the prospect of a big crop of corn, this cereal was 1/4c to 1/2c lower, selling at 49 1/2c per bushel. Thirty carloads were on the market.

Cats went down three-fourths of a cent and sold at 31 3/4c, the lowest price in months. Receipts were twenty carloads.
