

M. W. A. NOT TO GO IN BODY TO HEAR SUNDAY

Omaha Camp No. 130, Modern Woodmen, has refused an invitation to attend a Billy Sunday meeting at the tabernacle in a body.

The invitation was extended to the camp by a member of the Sunday campaign committee. It was taken up at a meeting and a resolution was immediately offered that the camp refuse the invitation on the grounds that such an action would be a direct violation of the laws of the order, which command that the camp shall not take up any religious or political questions, and also that such an action might prove offensive to those members of the camp who are not in sympathy with the Sunday campaign.

"We have 130 members in our camp," said a prominent Woodman, "and of that number many are Roman Catholics, Jews, Unitarians, Christian Scientists and many who belong to no faith. We could not, therefore, accept the invitation to attend in a body as Woodmen."

The resolution to refuse the invitation was passed unanimously. There was not a dissenting vote.

Camp No. 130 also resolved to protest against any of the other Omaha Woodmen camps attending the campaign as Woodmen on the same grounds as they refused the invitation.

The resolution offered no objections to any Woodman attending the meetings, no criticism was made of "Billy" Sunday or his methods, but the protest was made that no camp attend a tabernacle meeting officially as members of the Modern Woodmen because of the fact that so many religious orders were represented within the organization.

Derrill Pratt, second baseman for the St. Louis Browns, will be assistant coach at Washington university, in St. Louis, Mo., this fall.

COUNTING AND WEIGHING PARCEL POST PACKAGES

The semi-annual count of parcel post packages will begin in the Omaha post office Friday and continue for fifteen days. Besides counting the number of parcels handled the men under Superintendent of Mails Metten will also keep a record of the weight of each package, the postage paid on it and the zone to which it goes.

Usually the semi-annual count shows a gain of about 25 per cent over the same period a year before. Postmaster John C. Wharton expects the present count to even exceed past records of increased parcel post business.
