

Nebraska STATE FUNDS BRING IN MUCH INTEREST

Treasurer Hall Reports Receipt of More Than \$10,000 in Last Three Months.

INSANITY TAX FEES COMING IN

(From a Staff Correspondent.) LINCOLN, Oct. 1.—(Special.)—State funds deposited in various banks during the last three months will bring the state treasury in more than \$10,000, according to the estimate of State Treasurer Hall. The interest is now being received and turned into the general fund. The cash balance in July went up to \$1,500,000, making the quarterly interest much larger than usual. The general fund, which was half a million dollars in July, has now dropped to \$200,000.

On account of the opening of the university in September the university cash fund, swelled by tuitions, has increased \$23,000.

Treasurer Hall has notified the state of Utah, at the request of the state treasurer there, that it may retro its \$40,000 in bonds bearing 4 per cent interest as soon as it desires. The bonds are due July 1, 1916.

Insanity Fees Come In. Treasurer James P. Kelley of Johnson county has paid the state treasurer \$2,500, the second installment of an old insane fund tax, of which \$5,000 is still owing.

More Bonds Registered. The state auditor has registered \$28,000 of Grand Island paving bonds, purchased by a dealer in Grand Island.

Money to Philippine Soldier. Another member of the First Nebraska regiment, serving in the Philippines in 1898, has been found and will receive \$25.00, additional pay for the time spent on the state fair grounds before being mustered in. He is Charles L. Cannon, now serving as an army engineer in Texas City, Tex. Some time after the war the government made an appropriation to pay Nebraska volunteers for the extra time they put in at Lincoln. Several thousand dollars of uncalled for money still remains of the fund in the hands of the governor.

Water District Appeals. The Metropolitan Water district of Omaha has appealed to the supreme court a judgment against it for \$1,800, secured in the Douglas county court by Henry Thiesen, who was injured while working in the plant.

New Insurance Proposal. Clay Hamilton, a Topeka lawyer, has presented to the State Insurance commission a proposal that a Kansas insurance company protecting live stock under a new plan of lump insurance be allowed to operate in Nebraska. Other companies insure each animal separately.

Nebraska Pardon Board Hears About Smith's Record

(From a Staff Correspondent.) LINCOLN, Oct. 1.—(Special.)—Information from the officials of Hiram, S. D., that Frank Smith, whose real name is Dively, was suspected of the murder of Ed Parker, enticed the sessions of the State Board of Pardons today. Smith was an applicant for a parole. Parker, the South Dakota official claimed, turned state's evidence against Smith while he was on trial for horse-stealing. They claimed Smith killed Parker for revenge, his death occurring just after Smith's release from the Sioux Falls penitentiary on parole. Smith was given a rigid examination by the Nebraska board, but denied he had ever known a man by the name of Parker. Inmate Schubert, who was with

Smith, testified that Smith had known Parker. Smith told the pardon board he had \$5,000 and was fully able to take care of himself. He admitted he was guilty of stealing a horse in Dawes county, for which he was sentenced to the penitentiary and said he had been in the state only a few days when the offense was committed. The board took no action on his request for a parole.

AMERICAN EXPRESS FILES EARNINGS UNDER PROTEST

(From a Staff Correspondent.) LINCOLN, Oct. 1.—(Special.)—Under protest, the American Express company has filed with the State Board of Equalization under date of October 1, a report of its gross earnings for the fiscal year ending June 30 last. The

Smith law provides a tax of 2 per cent on the gross earnings of express companies, to be paid in to the state treasurer in lieu of other state occupation taxes. Nebraska is credited with but little more than 1 per cent of the gross earnings of the company, amounting to \$44,22,664. The 2 per cent tax on the business which the company admits it did in Nebraska would be in the neighborhood of \$10,000. The tax becomes due November 1, and is delinquent after November 30. The company claims the Smith tax is in violation of the United States constitution.

"Buster" Jackson Asks Commutation

(From a Staff Correspondent.) LINCOLN, Oct. 1.—(Special.)—"Buster" Jackson, negro, has applied to the State Board of pardons for commutation of a thirteen-year sentence in the penitentiary for the murder in Omaha in 1908 of Rufus Coleman. He has served five years. He claims that Coleman was killed in self-defense after he threatened to get "Buster." He has been a "trustee" for two years in the penitentiary, and operates the confectionery store.

ARLINGTON MAN DIES IN FREMONT HOSPITAL

FREMONT, Neb., Oct. 1.—(Special.)—Gus Swan, a farmhand, died at a local hospital yesterday morning following an operation. Swan was found lying beside the Northwestern tracks west of Arling-

ton early Thursday morning. He was suffering with a fracture of his skull and was unconscious. He is supposed to have been lying by the tracks for several hours. He had no relatives so far as local authorities have been able to locate. He was unmarried and was about 32 years of age. He had made his home in the vicinity of Arlington for several years.

LAWN GRASS "SPECIALIST" IS HAULED UP SHORT

(From a Staff Correspondent.) LINCOLN, Oct. 1.—(Special.)—"Minnesota Evergreen," which Food Commissioner Harman claims is timothy pure and simple, will cost W. W. Spooner of this city presentation at the hands of the state food commissioner for alleged misrepresentation. Spooner was a lawngrass specialist and had seeded down plots for hundreds

of people. When he did some work for James Murphy, chief clerk for the state banking department, and Murphy, who happened to be a former inspector in the food department, discovered the deception, reported the result to the commission. Spooner is said to have confessed. A complaint was ordered filed in the justice court on the charge of seed adulteration.

Pure Rich Blood Prevents Disease

Bad blood is responsible for more ailments than anything else. It causes catarrh, dyspepsia, rheumatism, weak, tired, languid feelings and worse troubles.
