

## COMING SERIES IS TWENTY-FOURTH

First World's Series Won Thirty-One Years Ago by Providence from New York Club.

UNAVOIDABLE LAPSES

NEW YORK, Oct. 4 .- Although thirty-one years have elapsed since the first battle for the base ball championship of the world was won by the Providence, R. I., "Grays," there were several years in which the struggle was not repeated, so that the coming contest between the Boston Red Sox and the Philadelphia Nationals will be the twenty-fourth eries to be played for the premier title of the diamond.

The inaugural contest in 1884 was won by the Rhode Island team, then champions of the National league, in three games from the Metropolitans, the standard bearers of the old American association of that year. Unavoidable lapses occurred in eight of the subsequent seasons. There was no competition for the world's honor in 1891 or 1893. There was also a five-year lapse from 1898 to 1902 Inclusive, but in 1968 the Boston Americans beat the Pittsburgh Nationals, five games to three. The following year's championship was claimed by the Boston Red Sox by default as the New York National league club would not permit its 1904 pennant winners to play the American league champions.

Placed on Soil dBasis. In 1906, however, the two major leagues arrived at an understanding after the matter had been thoroughly discussed during the winter months, and the world's champlenship competition was placed on solid basis. Th National assumed control of the annual series and made it compulsory for the pennant winning clubs in each league to have their teams meet at the close of the playing season every year, the world's title to go to the club winning four out of seven games. Rules were adopted by the National Commission, which govrned everything connected with the post season batties. Arrangements were completed regarding the disbursement of the gate recipts between the winning and losing Mayers, the club owners and the National Commission and to the merest detail everything was done to the satisfaction of everybody interested.

Play is Resumed. Under these new conditions the postreason games were resumed and they have been played every year regularly since 1965. In the fall of that year the New York Giants defeated the Athletics of Philadelphia, four games to one and scored the first winning of the world's title under the new regime. The rival Chicago clubs had the issue between theru in 1906; Comisky's White Sox winning the honors by four games to swo. The Defollowing year they lost to Pittsburgh, responsible for Boston's only run. when the Firstes natied both the world's championship and National league penfour to one victory over the Chicago Nationals in 1910 and in the 1911 series they and a sacrifice fly. squared their defeat by the Giants in 1966 four games to two in the battle for the

Peries Between Giants and Boston. Then followed the great eight game series between the Boston Americans and the Giants. Probably for a long time to come 1912 will be remembered as the banner year" as in addition to a tie game the Red Six players, several of whom are still in the Boston lineup, went the limit and forced Manager McGraw to a four to three defeat. Philadelphia, Connie Mack and the Athletics scored a third world's victory in 1913 with the Giants again losers, the New York team winning only one game sout of five. Last year the Boston Braves made a clean sweep in the post-senson games, taking four straight from the Athletics, after a
