## Legs Crushed by Switch Engine as She Picks Up Coal

Mrs. Barbara Kneznick, aged 72 years, 1517 South Third street, while crawling beneath a freight car on the Burlington tracks, Second and Williams streets, was run over when a switch engine backed up to the cars. Both legs were crushed below the knees, and she was taken to St. Joseph's hospital, where Dr. C. B. Politz is certain amputation will be necessary. Her family consists of four sons, all living in Omaha.

## CHANGES IN GOVERNMENT IN OCCUPIED POLISH CITIES

(Correspondence of the Associated Press.) LODZ, Poland, Oct. 4.—Great changes in methods of municipal administration have been made here and generally in the occupied Polish cities by the German military administration. The occupation found the cities existing, so far as communist government is concerned, under conditions much like those in France and Prussia under the so-called "ancient regime" of more than a century ago. The so-called "citizens' committee," which were, in some cities, appointed by the retreating Russians to take the places of the Russian officials who had departed, and in other cities were appointed on the initiative of the inhabitants, did good work, but were hampered by the lack of a solid foundation on which to build. The Germans, therefore, as soon as it became possible to do so, reorganized the whole system of municipal administration. This reorganization has been based on the municipal plan of Baron Von Stein, which has for more than a century been the basis on which Prussian municipalities have been administered. The cities enjoy corporate rights which were denied to them under the Russian rule—and can issue loans, acquire property, impose taxes, and in brief, do all things necessary to the proper development of a city.

## GERMAN CHURCHMEN MAKE WAR ON FOREIGN WORDS

(Correspondence of the Associated Press.) BIELEIN, Oct. 4.—The war upon foreign words has now been taken up by the church, the terminology of which is chiefly of Greek and Latin origin. Although such words as "synod," "Konstantinopolis" (Constantinople), and many others are almost as old as the German Protestant church itself, a movement has now been started to get rid of them root and branch, and to invent German equivalents. A petition to this effect has just been adopted by the synod of Posenburg and sent to the royal konsistorium of the state church. The synod also asks that steps be taken to preserve "our church life, in public worship and parish activity, from English influences. In order that, in keeping with our German character, a pure, evangelical Christianity of a native type may be encouraged, and that an end be put, once for all, to the use of what is foreign in church matters."

Minister Gives Testimony. The Rev. C. M. Knutson, Havanna, Fla., writes: "For three months I suffered intense pain in kidneys and back, which at times laid me out entirely. I read of Foley Kidney Pills and after trying various remedies without result I decided to try the Foley treatment. I was relieved almost with the first dose and it is a fact that I used only 1/4 bottles when all of the pains disappeared. I am 55 years of age and now feel like a young man again." Sold everywhere.—Advertisement.

## Submarines Built in United States Cross the Ocean to Europe

BOSTON, Oct. 4.—Graphic stories of the voyage of a flotilla of American-built submarines, which crossed the Atlantic to join the British naval forces at Gibraltar, are beginning to come in. The underwater boats made the passage under their own power and without much discomfort for the crews, according to letters received today from men in the expedition.

The flotilla formed part of a group of ten submarines for which the British admiralty had contracted in the United States. After Washington had decreed that the construction of the vessels in this country would be a violation of neutrality, the parts were shipped to Canada, where the boats were completed.

The new vessels sailed from Montreal under convoy of the gunboat, Canada, off the island of Anticosti, in the Gulf of St. Lawrence, they were joined by the converted cruiser Calgarian.

The only misadventure was the straying of one of the submarines in a fog for two days. The little fleet remained in the harbor of St. John's four days, while the Calgarian took on supplies and 100 men of the New Foundland naval reserve and 200 soldiers of the New Foundland regiment to join the British sea and land forces.

The Calgarian then proceeded eastward, sailing its pace to the wallowing stride of its small proteges. The latter traveled on the surface, propelled by crude oil engines.

## Gould Dietz Shoots With Loud Report in Council Hall

Gould Dietz may be arrested on a charge of discharging firearms within the city limits. He fired a shot in the city council chamber during a meeting of the council committee of the whole, disturbing the meeting and frightening a number of people.

Chief of Police Duha was a witness to the incident of the law. Mr. Dietz tried to square himself by giving his revolver to Chief Dunn. The weapon was bought in a German shop in Paris. It is one inch long and discharges tiny cartridges which make as much noise as a concrete mixer.

## Grain in Storage Here Decreases

Attributed to the delay in threshing throughout Nebraska, Iowa and South Dakota, grain stocks in storage in Omaha elevators continue to decrease, according to the weekly report of the inspection bureau. Stocks now on hand and the corresponding date of one year ago in bushels are:

	Now.	Year Ago.
Wheat	100,000	80,000
Corn	20,000	20,000
Oats	25,000	2,000,000
Rye	12,000	11,000
Barley	13,000	20,000
Total	170,000	1,132,000

The market was fairly strong on everything except corn and receipts were fair. Wheat sold from 76 cents up to \$1 per bushel, a gain of 1 to 3 cents since Saturday. Receipts were seventy-six carloads.

Corn was down 1/4 cent, selling at 54 1/2 cents, with sixty carloads on the market. Oats were up 1/4 cent and sold at 20 1/2 cents, with forty-two carloads on sight.

## Police Believe They Have Holdup Man

Charles Philber, arrested yesterday evening by Detectives Pesanowski and Rich, is declared by the police to be one of two white men who for the last two weeks have been perpetrating nightly holdup jobs about the city.

He is being detained at headquarters until the numerous victims can look at him.

According to the police, one man has already identified him, and it is expected that today Martin Dinnuzze, druggist on South Twenty-fourth street, will also identify him as the man with whom he engaged in a pistol fight several nights ago.

Philber is out of the state penitentiary on parole, the police say. He denies that he is the holdup man.

## CHEYENNE COUNTY HAS SOME ENORMOUS CROPS THIS YEAR

J. D. Cruse of Creighton, stopping while here at the Merchants, has just returned from Cheyenne county, where he was most agreeably surprised at the enormous crops raised there this year by dry farming methods. "We thought we had some great crops in our section of the country," said Mr. Cruse, "but in Cheyenne county they have enormous yields of everything that they planted."

William A. Sunday." Mr. Jardine states that Mr. Sunday on a previous occasion said he would accept the invitation and would "drop in" at the ball.

## Another Day for Kids at Carnival

Children will again enjoy special privileges on the King's Highway this afternoon. The day will be a half holiday in the schools, because of the auto floral parade. School children will be admitted to the carnival at half price, or 5 cents, and the same fifty prices will prevail at all the shows, including the higher priced ones.

## REV. O. H. CLEVELAND AND MISS SARAH JOY WEDDED

He is a son of the Rev. William J. Cleveland, thirty-five years missionary among the Sioux Indians and was graduated from the University of Nebraska. ## BOY DID NOT SAY WHAT THE TEACHER THOUGHT

A youth in one of the Omaha schools was apprehended on the playground and taken by a shocked principal to his teacher. "See here, Miss Smith, do you know what kind of language this boy is using on the playgrounds?" demanded the principal in the official, small-boy-terrifying tone. "Aw," said the young prisoner, addressing his teacher, "I never said what she thinks. I said 'hill'."

## HEALED BY CUTICURA SOAP AND OINTMENT

"My little boy was troubled with eczema when about one year old. It started coming like ringworm on the back of his neck, then on his shoulders, around his waist and at last spread to his face. He had what was called weeping eczema. Clear water would come out in drops most all the time. The skin would get red and the water would ooze out of it. His clothes rubbed, like places on his back and they stuck tight to his clothes. He could hardly sleep at night he would roll and scratch."

"So I sent for Cuticura Soap and Ointment and he was well within two weeks" (Signed) Mrs. H. A. Brown, Atwood, Kan., March 26, 1914.

## Murder Committed in Front of W. J. Bryan After Peace Speech

HILLSBORO, Tex., Oct. 4.—Rescoping on an old family feud, Mrs. Joseph Kirkpatrick today shot and killed Dr. A. C. Saylor in front of the Hills County fair grandstand, where several thousand persons had gathered to hear a peace lecture by William J. Bryan.

Dr. Saylor, who was one of the most prominent physicians of central Texas, was out on bond for the killings of Mrs. Kirkpatrick's husband last January. Mr. Bryan had just concluded his lecture and was passing through the crowd shaking hands when Mrs. Kirkpatrick approached an automobile in which Saylor

was seated and opened fire at close range with a small pistol. The weapon emptied, she began shooting with a second pistol and then surrendered to Sheriff Lons. The body of Dr. Saylor showed ten bullet wounds. Mrs. Kirkpatrick is 68 years of age.

## WILL TEST VALIDITY OF MOTHERS' PENSION ACT

(From a Staff Correspondent.) LINCOLN, Oct. 4.—(Special.)—Mayor Bryan's free legal aid bureau of Lincoln will test the validity of the mothers' pension act of the last legislature, where the county commissioners of Lancaster county have refused to recognize. City Attorney Peterson will prosecute the case on behalf of Mrs. Mary Miller, a widow with six children, dependent entirely upon herself for support. The law provides a maximum pension of \$10 a month for each dependent child.

## Cleanse the Blood Banish Rheumatism

Rheumatism Due to Bad Blood. S. S. S. Your Remedy

Thousands have been made well. People in the poorest health, suffering from Rheumatism, with whom pain was constant. Who believed that their vitality was sapped beyond repair. It was proven to them that the cause of their trouble was the blood; that Uric Acid, the most faithful ally of Rheumatism, had gripped them. The poison in the blood had sapped its strength. The weakened blood had allowed poison and impurities to accumulate, and all energy was gone. They felt "poorly," were listless, pain was ever present, with poor digestion and dyspepsia. They tried S. S. S.—nature's blood tonic. They gave up drugs. This compound of nature's remedies of roots and herbs did what drugs failed to do. It literally washed the blood free from poison, and with the flow of pure blood came back health, strength, vigor and happiness. Get S. S. S. from your druggist. Insist upon S. S. S. If yours is a long standing case, write for special advice to S. S. S. Co., Atlanta, Ga., but begin taking S. S. S. at once.

## Want People to Do Without Candy

(Correspondence of the Associated Press.) LINCOLN, Sept. 25.—One of the first reforms proposed by the Women's War Economy League is to introduce the people to try to get along without sweets. Other needed economies relate to the \$3,000,000 spent annually in motorcycles and cycles and \$25,000,000 on imported gasoline. Britain spends also \$15,000,000 on skins and furs, \$7,500,000 on ornamental feathers, \$5,000,000 on silks, \$5,000,000 on wines and spirits and nearly \$40,000,000 on tobacco.

The league also urges strict economy in coffee, tea and all imported articles of food, drink and water.

## EAST AND WEST TRADE APPLES AND POTATOES

(From a Staff Correspondent.) LINCOLN, Oct. 4.—(Special.)—"We'd like to swap some of our eastern apples for your western Nebraska potatoes," wrote Governor Morehead Saturday, after he had received from W. E. Moger of Giles, Neb., a huge potato weighing two pounds and four ounces. Three other tubers just as large, and ten smaller ones grew in the same hill, according to Mr. Moger, who explained that he lived twenty-five miles from a railroad out in Brown county, and urged that something be done to facilitate the marketing of such products.
