

Ant Society

By MELLIFUGIA. Monday, October 4, 1915.

THEY are here. "What?" you ask. Pantelettes!

I saw them with my own eyes Sunday afternoon as I sauntered out of the Bee building.

There, walking up Farnam street, was a blonde beauty clad in a dove-grey crepe de chine afternoon gown.

Just then an accommodating gust of wind blew around the corner—and my suspicions were confirmed.

The pantelettes had arrived! I was eager to do a Sherlock Holmes stunt to discover the identity of the fair pantelette wearer.

Do you remember that Billy Burke wore pantelettes when she was in Omaha toward the close of the last theatrical season?

I note, too, that Alice Roosevelt Longworth and others are devotees of the vogue, so it is fair to assume that we may all be wearing 'em before long.

Festivities of the Week.

Miss Marjorie Howland is giving a luncheon at her home tomorrow for Mrs. Sidney Smith of Hartford, Conn., who is the guest of her parents, Mr. and Mrs. J. E. Dale.

Navy Recruits Who Enlist Here Make the Best Seamen

Omaha furnishes better recruits for the United States navy than any other recruiting point in the country, according to a report from the Great Lakes training station, just received by Lieutenant T. M. Zipton of the local office.

A percentage of 99 per cent is accorded Omaha in a table showing the percentage received at the Great Lakes training station from the various recruiting points. No other recruiting station ranks higher than 99 per cent, Indianapolis, Minneapolis and Des Moines each having that per cent. Buffalo has a standing of 93% and other stations rank as follows: New Orleans, 91; Detroit, 82; Kansas City, 80; Milwaukee, 87; St. Louis, 86; Cleveland, 84; Chicago, 74; Pittsburgh, 69.

The percentages indicate the proportion of all men enlisted, who are not later found to be deserters, inapt, undesirable, guilty of bad conduct or possessing physical discrepancies.

When Elmer Johnson of Des Moines, arrested for being intoxicated, was en route to the station, Patrol Conductor Thrasher smelled a strange odor on Elmer's breath. Dr. Charles Shook at headquarters ascertained that it was chloroform, and with the aid of a stomach pump found that such was the case. Elmer's condition is not critical, but it might have been if Thrasher's nostrils had not been on the alert. Johnson asserted that he did not remember where he secured the stuff, but is of the opinion that it was administered by some "joker." Incidentally Johnson had been drinking and is being held at headquarters.

SUPREME COURT DECIDES AGAINST NEW BREWERY

The city legal department has received advice that the Nebraska Supreme court has sustained the Omaha city council and reversed the Douglas county district court in the matter of granting license to the Minneapolis Brewing company.

The council refused the license on the grounds that there is enough wholesale liquor concerns in Omaha. The district court ordered the license issued and now the supreme court orders the license revoked.

"Just the Thing."

A tailor's work is sedentary. That is why most tailors suffer from constipation. G. W. Robinson, Wichita, Falls, Tex., says: "I find Foley Cathartic Tablets the most delightful, cleansing cathartic I have ever taken. They are just the thing." They keep the stomach sweet and the liver active, drive away headache, dizziness, tired feeling, biliousness, bloating and other results of clogged bowels. Prompt and effective, without gripes or pain. Free people praise them for the light, free feeling they give. Sold everywhere.—Advertisement.

La Grippe and Colds

La Grippe and Colds. Anti-kamnia (A-K) Tablets are unexcelled, as they stop the pain, soothe the nerves, and bring the rest so greatly needed by nature to restore the system to health. Physicians have used these tablets for over twenty years, in the treatment of colds, fevers and la grippe, and have found no other remedy more useful in these conditions. Anti-kamnia tablets are so inexpensive, so pleasant to take, so satisfactory in their results, and so useful in all conditions where there is pain, that A-K Tablets should always be kept in the house for the time of need. Many of our ablest physicians obtain perfect results in la grippe and colds, by cleansing the system with Epson salts or "A-K" tablets, a very good cathartic, putting the patient on a liquid diet, and administering one A-K tablet every two or three hours. This treatment will usually break up the worst case in a day or two, while in milder cases, ease and comfort follow almost immediately. These tablets are also unexcelled for Neuralgia, Rheumatic Pain, The Pains of Women, Indigestion and Insomnia. All druggists have them. Genuine A-K Tablets bear the A-K mark.

CORN HOLDING UP ALL OVER STATE

Last Week Favorable for Maturing the Cereal, with No Frost to Interfere.

FALL SEEDING NOW UNDER WAY

According to the Burlington's crop report for the week ending October 2, Nebraska corn held its own during the period, by divisions, the condition on the basis of 100 per cent for a normal yield and crop being as follows:

Division	Condition
Omaha	150
Lincoln	101
Wymore	114
McCook	112

In a general way the week was favorable for the maturing of the corn crop, for except in a few localities warm weather with considerable wind was the rule. It is asserted in the report that there has not been any frost during the period reviewed early corn matured rapidly, while the late planted corn used to make a rapid growth. As a result much of the late corn passed beyond the frost damaging stages. Much of the corn still green has gone into silos.

Threshing progressed fairly well during the week, and the statement is made that wheat grown in the western part of the state is coming through in better condition than was anticipated.

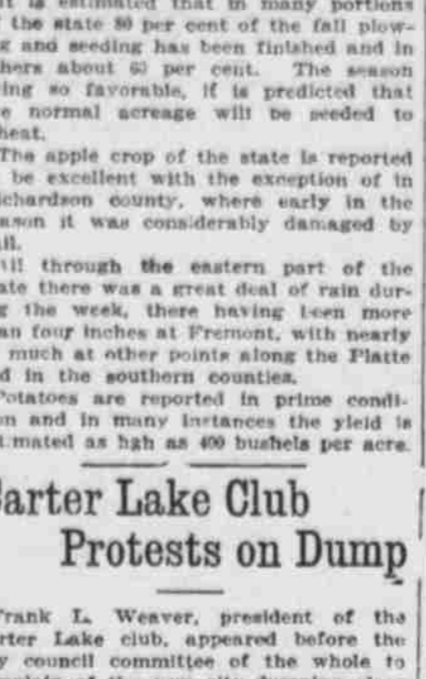

It is estimated that in many portions of the state 80 per cent of the fall plowing and seeding has been finished and in others about 50 per cent. The season being so favorable, it is predicted that the normal acreage will be seeded to wheat.

The apple crop of the state is reported to be excellent with the exception of in Richardson county, where early in the season it was considerably damaged by hail.

All through the eastern part of the state there was a great deal of rain during the week, there having been more than four inches at Fremont, with nearly as much at other points along the Platte and in the southern counties.

Potatoes are reported in prime condition and in many instances the yield is estimated as high as 400 bushels per acre.

TEACHER AT CREIGHTON WHO DIED SATURDAY

REV. WILLIAM J. HARRINGTON, S. J.

Frank L. Weaver, president of the Carter Lake club, appeared before the city council committee of the whole to complain of the new city dumping place established at Willow Creek slough, northeast of Carter lake.

Mr. Weaver fears that the lake will be contaminated, but Commissioner Jardine and City Attorney Rine assured him that his fears may be allayed; that the city has provided ways and means to protect the waters of the lake.

Omaha Women Will Greet White Ribbon Special Wednesday

Douglas county suffragists held a routing meeting at the Young Men's Christian association yesterday to plan for the entertainment of the White Ribbon special carrying delegates to the national temperance convention at Seattle, which arrives in Omaha Wednesday morning at 4 o'clock. The delegates will spend two hours here.

One hundred local women will receive the delegates at the station. A committee made up of Mrs. William Berry, Mrs. N. J. McKittrick and Mrs. Carrie Dawson Scott was appointed to confer with Commercial club committees to arrange for the distribution of Omaha-made goods to the delegates.

Mrs. Mary Gerard Andrews, former president of the Omaha Women's Christian Temperance union, as well as the Woman's club, gave a brief talk at the meeting.

Reservations for 600 temperance women have been made at the "Billy" Sunday Tabernacle for Thursday afternoon, when the evangelist speaks to women only. The women will carry their banners and sing "Nebraska Dry."

SCHOOL KIDDIES TO WATCH AUTO PARADE

All schools of the city will be dismissed at noon on Tuesday, account of the Ak-Sar-Ben floral parade.
