PASSENGER TRAFFIC PAYS, SAYS CLARKE

Brief on Behalf of State Railway Commission Opposing Western Roads Argument.

ASKS WHY EXPENSE HEAVY

(From a Staff Correspondent.) LINCOLN, Oct. 6.—(Special.)—That passenger traffic earns 4 1/2 per cent, while freight 4 1/2 per cent of the cost of road and equipment of forty-six railroad systems, is the contention of Chairman H. T. Clarke of the Nebraska Railway Commission. In a brief to be presented before the Interstate Commerce commission today opposing the request of western railroads for an opportunity to raise their interstate passenger rates from 2 to 2 1/2 cents a mile, Chairman Clarke and Attorney General Reed are in Washington this week attending and taking part in the hearing as representatives of the Nebraska Railway Commission.

The railroads have attempted to show that passenger fares are not earning their proper proportion of operating expenses, 2.5 per cent on book cost of road and equipment, they say, while freight is earning 4 1/2 per cent on the engine-ton-mile basis.

How It is Figured. The Nebraska commission is figuring on the gross-ton-mile basis, and claims as much right to assume that point of view as the carriers the other, citing the fact that the interstate commission has refused to recognize the one to the abolition of the other.

Chairman Clarke asks the carriers for an explanation why they charge 70 per cent more for rate of expenses of handling passenger traffic than of handling freight traffic.

Testimony of Powell. The brief closes with a reference to the testimony of U. G. Powell, rate expert of the Nebraska commission, given at a previous hearing to the effect that for sixteen years past six roads, operating three-fourths of the mileage in 2-cent territory, have accumulated a surplus of \$43,000,000 after paying \$69,000,000 interest and \$45,000,000 dividends. These six lines represent 47,000 miles of railroad.

Testing Well Water. State bacteriologist Wild has found two samples of well water from Lexington, Neb., one well in use by school children, to be very impure. The city water of Lexington was found in good condition. A sample of water from Scribner was found good and another from Sterling was very poor.

Corporations Remit. A hundred and eighteen corporations of Nebraska delinquent in occupation taxes have remitted to the secretary of state the last three days. In reply to 625 letters sent out to them a week ago, the largest corporation remitting was the R. D. Mearns company of Omaha, which paid the secretary \$39, which included more than \$100 in penalties. Penalties alone for the last three days, amounting to 1 1/2 per cent of the taxes delinquent, have totalled \$275.

Defense of State Treasurer. George W. Ebrge and H. H. Wilson of Lincoln will defend State Treasurer Hall in the suit brought against him by Fire Commissioner Bismell, according to an announcement made by Mr. Hall today. The fire commissioner is suing to force the treasurer to counter sign warrants drawn for salaries of the fire commission during September, refused by Mr. Hall on the ground that the fees of the office were not specifically appropriated.

Not Enough Suffragists. State Auditor Smith has a query from G. McArthur of Lowell, Kan., if he can get 25,000 to 30,000 signatures on a petition favoring votes for women. The auditor has answered him, saying it "can't be did," since there are only 24,341 votes in the state, according to the figures from the last election.

MORE CASES OF DOURINE FOUND AMONG HORSES

(From a Staff Correspondent.) LINCOLN, Oct. 6.—(Special.)—The discovery of additional cases of dourine among horses in Cherry, Hooker, Blaine, Grant and Thomas counties will delay the raising of the quarantine in that section which has been in force for five months.

During the last five months 2,355 horses have been inspected by state and federal officers and forty-four of that number, found to be suffering from the disease, were ordered killed. Twenty-two horses were killed in Hooker county last week, while State Veterinarian Anderson was on a trip of inspection there.

Seventy-two horses examined for glanders in the same territory resulted in thirty-two cases and were ordered killed. Two thousand two hundred cattle were examined for tuberculosis at the South Omaha stock yards, according to the semi-annual report of the inspectors, and eighty-seven were found to be suffering from the disease.

AUBURN GIRL GOES TO COLORADO TO BE MARRIED

AUBURN, Neb., Oct. 6.—(Special.)—Miss Blase Curtis will be married at an early date to Dean Argabright at Boone, Colo., where he is residing on a homestead. Miss Curtis is the daughter of the late Mr. and Mrs. Alvin Curtis of Stella, and since their death has resided with her brother, Sam Curtis. The engagement was announced this week at a party given at the home of Miss Verne Daniels. Miss Curtis has gone to Kansas to visit relatives, and then will go to Boone, where the marriage will take place.

TABLE ROCK VETERAN IS KILLED BY FALL

TABLE ROCK, Neb., Oct. 6.—(Special.)—John Bush, a civil war veteran, was accidentally killed early Monday evening by a fall through a trap door into the cellar. His head struck the cement floor, fracturing his skull. He lingered unconscious until 9 o'clock, when he passed away. He was foreign born, coming to America in his young manhood. He has lived in Table Rock and vicinity for nearly two score years. His age was 73. He is survived by a wife and four daughters.

PROMINENT NEBRASKAN DIES

John B. Dinamore, Long-Identified with Board of Agriculture, Passes Away.

FUNERAL WILL BE ON FRIDAY

(From a Staff Correspondent.) LINCOLN, Oct. 6.—(Special.)—John B. Dinamore, who died at the home of his daughter in Sutton early today, was one of the prominent Nebraskans who devoted much time to the upbuilding of the Nebraska state fair.

Mr. Dinamore was elected a member of the state fair board in 1877 and continued as a member until 1907. He was a member of the board of managers during the years 1888, 1897, 1898, 1899, 1901, 1902, 1909 and 1910. He was chairman of the board for four years, second vice president in 1890, first vice president in 1892 and 1903 and president in 1884, 1885, 1902 and 1903.

Upon his retirement from the board a resolution was passed in appreciation of his faithful services.

He was at one time a candidate for governor on the republican ticket and served in various capacities in county offices.

The funeral will be held Friday afternoon at 2:30.

NURSE IN KENNEDY HOME NOT PAID BY THE STATE

(From a Staff Correspondent.) LINCOLN, Oct. 6.—(Special.)—A report that Judge Howard Kennedy, formerly of Omaha, chairman of the board of control of state institutions, had been employing state nurses in his private home on state pay was disseminated today when the judge produced the records to show that whenever he has employed a nurse she had been stricken from the state payroll while absent.

For the last month the judge has been employing a nurse from the state hospital for the insane to care for his little 5-year-old daughter, who is dangerously ill. He secured her with the approval of the superintendent, Dr. G. E. Williams, after he first was unable to find another suitable nurse in the city.

When the little girl became worse a week ago, the head nurse, Miss Swann, volunteered to take the case and procured a leave of absence from the hospital for the purpose. The criticism had been directed toward the judge after it had been learned that Miss Swann was at Chairman Kennedy's home. The judge has paid both nurses, he explains, from his own pocket, for their services.

AUTO PURCHASE CONTRACT IS ORDERED RESCINDED

(From a Staff Correspondent.) LINCOLN, Oct. 6.—(Special.)—Mayor Charles W. Bryan, Commissioner John Wright and Judge W. H. England staged a dramatic hearing here today over the purchase of an alleged worthless automobile by the city for the public safety commissioner's department. England prevailed, the city attorney holding that sufficient showing had been made to rescind the contract whereby the department acquired a machine which belonged to an employe of the city in the fire department.

Judge England added the verbal fireworks to the final hearing by hurling a bunch of charges against John Wright's competence for the job he is holding.

England demanded Charles Bryan apologize for a statement he had given out but the mayor ducked.

You ought to be a big enough and broad enough man, if you are big enough to be mayor, to apologize, England said. Mr. England said that since he had started, he would like to have the commission investigate the purchase of oats and other supplies for the fire department.

MRS. MAUDER MUST PAY FINE AFTER LITIGATION

(From a Staff Correspondent.) LINCOLN, Oct. 6.—(Special.)—Governor Kneeland has refused to pardon and remit a fine of \$1 against Katie Mauder of this city, which has been appealed from the justice court up to the supreme court, with the fine affirmed each time. The costs in the case, with the fine, are now well past the \$100 mark.

The case grew out of the throwing of some cloids against a barn in October, 1913. One hit Estelle Schwandt, who was just emerging from the building. She had Katie Mauder and six others arrested for assault. They were fined \$1 in the justice court. Three paid. On an appeal to the district court the fine was affirmed. Two more paid.

After the case had been affirmed in the supreme court an attempt was made to reopen it in the district court on grounds of new evidence, an alleged confession by Mrs. Schwandt that Mrs. Mauder did not throw the cloid. This was denied and an appeal was made to the governor. He refused to interfere. County Attorney Hager has threatened Mrs. Mauder with a jail sentence if she does not pay the costs and her fine. George W. Ebrge is her attorney.

Notes from Beatrice.

BEATRICE, Neb., Oct. 6.—(Special.)—C. O. Beardsley and J. F. Johnson of Lincoln submitted a proposition at a meeting of the city commissioners Tuesday to furnish the city with electric current at 1 1/2 cents per kilowatt. Mr. Beardsley and his associates have filed on four power sites on the Blue river, two of them being between Beatrice and De Witt, and if they can secure the city's business they will start building their plant at once.

Hyler of Mitchell was chosen to head the South Dakota Osteopathic association for the coming year at the annual meeting held in this city. Other officers elected were: Dr. A. M. Glasgow of Sioux Falls, vice president, and Dr. Stone of Sioux Falls, secretary-treasurer.

CABINET OF GREECE BREAKS WITH KING

(Continued from Page One.) In the interests of Serbia, of which it also is the ally. "Premier Venizelos replied: 'By your letter of today you have been so good as to inform me of the arrival at Saloniki of the first detachment of French troops, and of the decision of France and England to send their troops to help Serbia, their ally; adding that the two powers count on Greece not to oppose measures taken in the interests of Serbia, whereof it also is the ally.'

"In answer to your letter, I have the honor to declare to your excellency, that, being neutral in the European war, the royal government could not possibly authorize the proceeding in question, for it constitutes a breach of Greece's neutrality, the more manifest since it comes from two great belligerent powers. It is, therefore, the duty of the royal government to protest against the passage of foreign troops across Greek territory. The circumstances that these troops are destined solely to aid Serbia, Greece's ally, in no way modifies the legal position of the king's government; for even from a Balkanic point of view, Greece's neutrality could not be affected, before

Good Health

Human beings in health can walk through pestilence and come out unscathed, each life force a law unto itself, and in ordinary dangers will remain unharmed. The functions of the body are to be kept in the balance, and the organs in a state of vigor, indeed, this is the secret of good health. But household cares, society strains, business work and worry, all tend to lessen the vitality, and it is then the system needs strengthening with a reliable tonic-stimulant such as Duffy's Pure Malt Whiskey. It is a predigested food in liquid form and contains all the nutritive and digestive elements of pure, rich barley malt and other selected grains, which make it a true medicine of nature, free from injurious elements. With its prescribed advice of "a tablespoonful in water just before meals and on going to bed," Duffy's Pure Malt Whiskey gently stimulates the stomach and kindred organs to healthy, normal action, promotes digestion, and assists in assimilation of food, enriching and invigorating the blood, thereby enabling it to rid the body of stored up poisons and secretions. As a temperate tonic-stimulant which will give renewed health and better enjoyment of life, you can do no better than to "get Duffy's and keep well"—it's a medicine for all mankind.—Advertisement.
