HOST OF VISITORS ON KING'S HIGHWAY

Subjects of Ak-Sar-Ben Enjoy Frolic to Utmost After the Big Parade.

ORPHANS WILL SEE THE SIGHTS Attendance at the carnival yesterday was larger by almost 500 than on the corresponding day last year.

And although the north wind did blow revelers on the king's confetti carpet were just as gay as ever last night. Children had another chance to go to the carnival and see the shows at jitney prices after the floral parade, and they made the most of it. In fact, yesterday's excessive attendance was due to the increased number of youngsters over last year's record, the adult attendance being somewhat less.

"Kareless" Kennedy made his slide for life in his usual sensational and flaming fashion in the evening, and Balloonist Huntley staged his aerial bombardment in the afternoon. Randall Brown and Gould Dietz, governors of Ak-Sar-Ben, became ambitious yesterday and longed to distinguish themselves by making a flight in their dirigible, cigar-shaped balloon, which they rescued last summer from the ignominy of sacrifice at a government sale.

Governors Do Not Go Up. "Why not circle around over the King's Highway as an added attraction for the crowds?" queried one. "We might as well get our money's worth out of the airship now as later." Plans for a flight were humming along nicely, until a certain genial and popular governor, upon whose brow the crown of Ak-Sar-Ben XXXI is apt to be placed Friday night, pleaded with the would-be aerial adventurers not to depart, for fear they might not return to help the said genial and popular governor get into his kingly robes in time for the coronation.

The airship's flight was called off and the dirigible still remains on exhibition at the grounds, inflated for a sale, but moored to the ground at Fifteenth and Jones streets.

"There is more system and less friction at this carnival than at any other I have ever seen," declared C. A. Wortham of the Combined Wortham Shows last night. He complimented Ak-Sar-Ben and its officers for the business-like methods they maintain in running the carnival, and for the high standards they insist upon for the attractions. Late last evening, Superintendent Fred Schamel closed up a couple of booths on the highway, which were alleged to have been conducting a crooked game. He declared that such practices would not be tolerated among concessionists. Thursday afternoon all the little orphans of St. James' orphanage will be the guests of the Ak-Sar-Ben management, and will be admitted free to the grounds and the exhibit of "The Shadow of the Cross," an oil painting with both religious and educational aspects, and a platform which confided blanks favoring the national congress at St. Paul.

Apartment, flats, houses and cottages can be rented quickly and cheaply by a Bee "For Rent."

Culls From the Wire

Three disturbances resulting from the garment workers' strike at Chicago resulted in the arrest of six men, three women and two girls. The national congress of Mothers and Parent Teacher's association probably will seek an endorsement from the great educational foundations, according to plans discussed at the meeting of the executive committee at New York.

An amendment to the federal constitution to give to congress the power to regulate insurance companies and projects was proposed to the World's Insurance congress at St. Francisco by Lawrence Y. Sherman, United States senator from Illinois. A campaign for a definite rural credit legislation program, with particular reference to the needs of the western states, was begun at Denver when committees representing the international investigation congress, the Investment Bankers' Association of America and the International Farm congress met in joint conference.

The Manitoba Grain Growers' association at Winnipeg adopted and forwarded to Premier Borden resolutions requesting the government to take immediate steps for the opening of markets in the United States to western Canada wheat. It was urged that the export duty on wheat going into the United States be removed at once. The progressive Massachusetts state convention at Boston decided to maintain the party organization for the presidential campaign of 1916, and the nomination of Nelson B. Clark of Beverly for governor and adopted a platform which contained blanks favoring national prohibition, woman suffrage, state ownership of public utilities and the social uplift.

ROWDYISM ON THE HIGHWAY

Teacher at Institute for Deaf Is Knocked Unconscious by Tough Confetti Thrower.

INJURY MAY PROVE SERIOUS

Rowdyism on the King's Highway last night was carried so far, in spite of careful police supervision, that Miss Rose Novak, 29 years old and teacher at the Institute for the Deaf, suffered serious injuries.

Miss Novak, with a half dozen young women friends, went to the carnival early in the evening and were enjoying the sights when a crowd of boisterous youths surrounded them and commenced throwing confetti. The girls took the attack in good part until one rough throw his arms about Miss Novak to stuff the confetti into her waist. She threw him off and turned away, and as she did so his fist caught her squarely in the back. She was knocked unconscious and in the excitement that followed all of the men escaped.

Police took her to headquarters, where Drs. Shook, Tamsiea and Regan spent an hour trying to revive her. She fainted several times, and the physicians fear that she received serious internal injuries from the blow. She was taken home in the police auto. Chief Dunn, on the opening day of the carnival, issued explicit commands to the highway squad regarding disorder and thus far this is the first serious outbreak, although last night's crowd was the roughest of any.

Boy Fatally Hurt; Autoist Speeds On

Ten-year-old Willie Beachler, son of W. G. Beachler, 529 Brown street, may die from injuries received at Thirtieth and Ames last night, when an unidentified autoist struck him down and speeded on. The youngster was crossing the street with his elder brother, George, when the auto loomed up at terrific speed. Before he could jump to safety he was caught and hurled twenty feet.

Police surgeon Shook says he has internal injuries which might prove fatal. Several persons saw the affair, but the car was going too fast for them to catch the number.

Safety Pin Fails To Hold Bank Roll

It didn't do Homer Knapstone, farm hand from Madison, Neb., any good to hide his roll inside his vest and fasten it there with a large safety pin.

He got into a churn of humanity on the highway, and some one shoved an arm under his chin. While he was looking skyward, the roll of \$20 was taken. The pin however, was returned.

The detectives have arrested over twenty known pickpockets, in the last two days, and these are being detained at headquarters to be tried for vagrancy, since specific crime cannot be fastened upon them. Another score of persons are held as "suspicious characters" until investigation can be made.

At Once! Stops Stomach Misery and Indigestion

Instant relief from sourness, gas, heartburn, acidity, dyspepsia.

"Pape's Diapepsin" is quickest and surest stomach relief known.

Wonder what upset your stomach — which portion of the food did the damage — do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated — just take a little Pape's Diapepsin and in five minutes you'll wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear. If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful — it digests food and sets things straight, so gently and so easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—Advertisement.

ROCKEFELLER ALMOST WILL VISIT NEBRASKA

Child's Tongue Becomes Coated If Constipated

If cross, bilious, sick, feverish, or full of cold, take no chances.

"California Syrup of Figs" can't harm tender stomach, liver, bowels.

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 60-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.—Advertisement.

Other things being equal, the number of buyers divided by the number of sellers, equals the amount of trade per seller. Almost everyone realizes, theoretically at least, that if one seller increases his share of the trade by advertising, the other sellers pay the advertising bill. You can increase your sales.
