## Corset Health Talks

What constitutes a perfect fitting Corset?  
1st—The Corset must fit snugly under the abdomen.  
2nd—It must be comfortable at the top to avoid pressure, to insure free and comfortable breathing and to guard the digestive organs.  
3rd—There must be sufficient room in the corset skirt so that the Corset will not ride up when the wearer is seated, as that will destroy the fashion lines which the Corset should create and will cause a great deal of discomfort.  
Think over these facts and then decide if it is not the same thing to buy your Corset where you can have the advice and service of expert hygienic corsetiers.

## SECURITY LEAGUE NOW ORGANIZED

Object is to See United States Has Adequate Military Preparations for Defense.

HAS MANY LOCAL MEMBERS

A local branch of the National Security League has been organized with the following officers:

President, George H. Harries.  
Vice president, Francis E. Drogan.  
Treasurer, Victor Rosewater.  
Secretary, Victor Rosewater.

The purpose of the national organization is summed up as follows:

1. Whereas, there is no assurance that the United States will not again become involved in war;  
2. And since peaceful policy, even when supported by treaties, is not a sufficient guarantee against war, and the United States cannot safely entrust the maintenance of its institutions to them; and  
3. And since we are not adequately prepared to maintain our national policy;  
4. And since present defenseless condition of the nation is due to the failure of congress not only to follow the care fully considered plans of our naval and military advisers, but also to provide any reasonable measure for gradually putting such plans into practice; therefore, be it  
5. Resolved, that until a sufficient plan for a world alliance has been evolved and agreed to by the principal nations, with proper guarantee of good faith, the United States must undertake adequate military preparations for its defense.

Wants Sufficient Protection.  
The league favors an army and navy with citizens reserves which will be sufficient for the adequate protection of the United States. It does not believe in a large standing army or in any form of militarism. It believes in preparation against war and not "for war." It is working for the following program:

- 1. Legislation correcting present wasteful methods of military appropriations and disbursements.
- 2. The adoption of a definite military policy.
- 3. A stronger, better balanced navy.
- 4. An effective mobile army.
- 5. An adequate national guard organization for the War Department.
- 6. The creation of an organized reserve for each branch of our military service.

All Men Join.  
Membership in the league is open to all citizens of the United States who believe in its purposes. There are three classes of membership—annual, contributing and life, with annual dues of \$1 and \$5, respectively, for the first two and a payment of \$25 for a life membership.

Steps already have been taken for the organization of 20 local branches throughout the country.  
National headquarters are at 21 Pine street, New York City. Information will be furnished regarding national defense, etc., to all who apply.

Local Members.  
The executive committee of the local branch consists of the officers and the following:

- Dr. C. C. Allison
- J. L. Baker

## Ye Are My Witnesses Even to Uttermost Parts of the Earth

(Continued from Page Six.)

wagonload of corn and believed. God used the wagon of corn to preach. You preachers can get a good sermon from that.

We can be the epistles of God. Many don't read written epistles, but they cannot help but read living epistles.

It's a serious thing to falsify the epistles of God. "Ye are my witnesses, saith the Lord." How many can stand by the Lord and say with Paul, "Those things which you know, both live and say and do, and the God of peace will be with you always." I think what God wants me to live and do and say, so I can say it.

There is no power to be shown by the man or woman who abhors sin, hates sin. You hate diseases or anything that jeopardizes your life. Hate the devil.

Those who resist sin have great power wherever they live. Tell me why you compromise with the devil. I delight to know that the devil hates me and there are not enough devils in hell or in Omaha or in the world to make me compromise with him.

Could French Different.  
I could preach a congregation of philosophy that any Unitarian would like. I could preach fallacies that would cause the Christian Scientists to say, "Why, he's a real nice, little man." I could preach so that the saloon keeper would say, "Well, Bill's a good old soul."

I could preach sermons that would make the gum chewing, face-painted manicurist, high-ball sizzling, gin-flogging, card-playing, marcel-waved society woman say, "Oh, isn't Mr. Sunday a nice man."

But after I got through on this earth what would the Lord say? He'd say: "Bill, please step over on the left. Your elevator will be going down in a few minutes."

Remember, people, I'm preaching to Omaha, but for God.

I could preach a Gospel which would cause every saloon keeper, every brewer, and every distiller, to pat me on the back, but if I did God would part frog me so quick it would make my head swim.

Those who resist sin have power. You never knew a trimmer to have power. That's why a lot of you women are no earthly good. You're trimmers.

Some people pray for power and have not given up some sin in their life. You must give yourself up first, then you'll have power. God is looking for people who will get rid of self, so that He can fill them with power.

Jesus Christ had His struggles just as you have yours and I have mine. Jesus Christ, by trimming, His life, could have pleased that old bunch of Pharisees, and would have missed all of His suffering, but He couldn't have done that and pleased God.

Neither can you be trimmer and please God. You cannot please God and be a card player. You cannot please

God and attend cheap-skate shows. You cannot serve God and the devil.

Jesus Christ served God and wanted to please God, and that's what every one of you, if you're decent or if you want to be decent, should do, and not give a Hicayne what the world says.

Remember, above everything, to live right. The failure of professed Christians to lead lives consistent with their belief has made more infidels that the writings of Tom Paine, Bob Ingersoll or Voltaire.

I saw a church in New England and carved in Gothic letters over the doorway was the legend, "The Gateway of Heaven." Immediately under it the minister had put up a sign, "Closed for the summer." He wanted a vacation.

Don't compromise with sin. The ashes of the martyrs are the seed of the church. Die before you insult God by deliberate sin. People can tell by your attitude if you are a hog that loves the malodorous mud or a sheep who abhors it. Don't think because you know the articles of confession and have been baptized, dipped and whorered, you are going to go to heaven no matter what kind of a life you lead.

Do as God Tells You if You Want Power.  
You say, "Lord, fill us with Thy spirit." The first thing you have to do yourself is to give yourself to Him and obey His commandments.

You be obedient and you'll be blessed. If you haven't power, don't blame the Lord. You're to blame. Do as God tells you and you will be powerful. We don't need more of God. He needs more of us.

We are not put into the world to wrap things about people and lead them from God by them following our example, but we are put into the world to set men free.

Testimony is borne by the man or the woman who lives a positive Christian life, and not by soft-soapy, easy-going, happy-go-lucky, chalk or vinegar sort of Christians.

It's my trying to please God, and don't care a rap whether you like it or not.

If you're decent you'll like what I say, or if you're wanting to be decent you will like it. If you don't like it I know right away where to class you.

The best evidence that you have been hit is when you grumble and growl. Beat evidence in the world that you have been great on the job. So keep it up.

Great testimony is to be had from men and women who are free from any questionable things.

The secret of shining for Jesus is to live in the sunlight of His love and truth. There is nothing like positiveness in preaching and in living Christianity.

Power with Men.  
You will have power with men and be a great witness for the Lord when men can see in your life that spirit.

Live a gentle, unselfish, self-sacrificing life. Don't come to the Tabernacle and suant on the end of a seat; slide over toward the middle.

When the usher says, "move over," don't look at him as though he was a bank burglar asking for your pocketbook. I expect the usher have more patience now than they had four weeks ago. You probably know more about some of you than they want to know, and they know some of you have a streak of yellow in you, too.

You can't look at the effects on yourself alone, but must look out for others. It may not hurt you to drink moderately, but you have to look out for the effects on others and if you don't you're a fraud and a fake.

Paul was a bachelor and one day he went into a butcher shop to buy some meat. He came out and he met a fellow who had been an idolater, but who had been converted.

He asked Paul if he didn't know that the meat he had purchased was from a heifer whose blood had been given in sacrifice to idols.

"That doesn't hurt me," Paul told him. "It hurts me," the fellow told him. "I couldn't do it."

Paul said, "If eating meat makes you to offend, I'll eat no meat."

Jesus Would Bridge Chasm Between Rich and Poor.  
That's the kind of a fellow Paul was. No wonder he wouldn't slip his colors to any ignorant dupes. No wonder God launched him like a thunderbolt against the world. So you and I are here to break the bands and not to tie them around our brothers.

You'll have power when there is nothing questionable in your life.

You'll have power when you testify in a more positive manner. I'd like to preach an illustrated sermon, but I wouldn't want to throw the pictures on the canvas.

Supposing Jesus would come to Omaha. Would He go on the lower side. The lower side isn't any better than the submerged tenth to Him, and He'd go down and help some poor people.

I think He would go down into the slum districts. He would try to bridge the chasm between the rich and the poor; He would try to bridge the chasm between the church and the people who never darken a prayer meeting door; He would try to bridge the chasm between your automobile and the people who have to hot-foot it.

There was a little girl who was going into the country to visit, and her mamma did not want her to eat pie. She refused the first two days, telling the people her mamma did not want her to eat pie. They marveled at her goodness in minding her mamma, who was rules away.

The third day she ate pie, and when asked why she did it, they thought her mamma did not want her to eat pie, she replied: "I did not like the kind of pie you had the other day."

Leave More Than Tombstone Epitaph.  
Some Christians are like that. They refuse to do some things God asks them to do, but when it comes to something else they do it. When any one asks them why they did so they reply, "I like to do that."

Salvation pure and simple is loving what God wants us to do and not doing the things He doesn't want us to do.

Every day God lets you live, try to wipe the tears from somebody's eyes; try to make somebody a better man and not push him away.

"Ye are my witnesses," said the Lord. Then go out and live so people will know why they did so they reply, "I like to do that."
