BIRTHDAY OF POET RILEY CELEBRATED

Whole Nation Aids in Observing Occasion Which is Made Happy One for Hoosier Singer.

GETS GIFTS AND MESSAGES

INDIANAPOLIS, Ind., Oct. 8.—James Whitcomb Riley, aided by the state and nation, yesterday celebrated one of the happiest birthdays of his life. He was the honor guest at a theatrical performance in the afternoon and tonight attended a banquet given in his honor.

More than 2,000 of the poet's friends greeted him at the theater. A number of his poems had been set to music and these were interpreted by dancers. Some of the most prominent men in the world of letters spoke at the banquet.

Floods of Congratulations. The flood of congratulations which has poured in on Mr. Riley for the last two weeks reached its crest today. There were chery messages from people in every walk of life. The poet received a keen delight at each of these tributes. A message of congratulation from President Wilson was received.

One of the unique presents received at the Riley home was a birthday cake shaped and colored like a pumpkin. Crowing it was a layer of frosting. It typifies Mr. Riley's poem, "The frost is on the pumpkin." A card bore the message that the donor desired to be known only as "Old Aunt Mary."

Two blacksmiths sent gifts. One was a hand-made silver horseshoe. The other was a tiny hammer, to which a card was attached saying, "This is big enough for all the knocking you will ever want to do."

Holiday Announced. Governor Samuel M. Ralston recently issued a proclamation asking every community in the state to set aside the day for the honoring of "Indiana's most beloved citizen." His plan was to have business suspended as much as possible. The proclamation is being generally observed in every city, town and village, from Indianapolis down to Greenfield, where Mr. Riley was born, and Carlisle, the tiny hamlet, under the name of Tailholt, the praise of which the poet sang with the lines:

You kin boast about yer cities, and their stidly growth and size, And brag about yer county seats and business enterprise, And railroads and factories, and all sich foolery— But the little town of Tailholt is big enough for me!

Greenfield took particular interest in the celebration. Many of the older inhabitants remembered James Whitcomb Riley as a little boy, unknown to the world except as the son of Captain Reuben Riley, a highly respected citizen. Also it recalled that it is situated on the banks of the Brandywine, the little stream whose joys the poet chronicled in "The Old Swimmer's Hole," and of which he has said, that wandering up and down it, he "had more fun to the square inch than ever anywhere."

Governor Ralston, Mayor Joseph F. Bell, Charles Warren Fairbanks, Meredith Nicholson and George Ade had charge of the celebration in Indianapolis. In order to lend nation-wide interest in it they invited celebrated persons from all over the country to attend. Many accepted.

William Allen White came from Emporia, Kan.; Dr. John H. Finley and Colonel George Harvey, from New York; Eilers Sedgwick, from Boston, and Young F. Allison from Louisville, Ky., to help honor Mr. Riley.

The list of Indiana citizens taking part in the celebration is big. In addition to the members of the committee of arrangements, there were former Senator Albert J. Beveridge, Senator Kern, Vice President Marshall and others.

Sequester in the Evening. The program of the day called for an entertainment in a local theater in the afternoon and a banquet at which Mr. Riley was the guest of honor.

At the entertainment, several of Mr. Riley's poems, including "The Raggedy Man" and "Little Orphan Annie," were set to music by Mr. Ward-Stephens. Dancers from Anna Pavlova's company interpreted a number of the verses.

Seven American Aviators Scouting for French Army

PARIS, Oct. 8.—Seven American volunteer aviators took part in aerial reconnaissance in the battle in Champagne. They are William Thaw of Pittsburgh, Sergeant Elliott C. Cowdin of New York, Sergeant Norman Prince of Boston, D. C. Mason of San Francisco, Bert Hall of Dowling Green, Ky.; James J. Bach of New York, H. G. Gerin. Five more American aviators are scouting on other parts of the French line and eleven are in training in an aviation school. These twenty-three men form the Franco-American flying corps, which has just opened an office and clubrooms on Rue de Pontieu, Paris.

Three of the Americans—Lieutenant Thaw and Sergeants Prince and Cowdin—have been cited in the orders of the day. Sergeant Cowdin was mentioned for having engaged two German aeroplanes. His French observer disabled one machine by his fire and the other fled.

The American corps has two objects—to assist France and to give American aviators experience in war so as to fit them to serve as pilots for officers in the American aerial service should the occasion arise. The French military administration is giving the American volunteers every opportunity to gain this experience.

FAST MAIL TRAIN ROBBED

Masked Men Cut Off Car at Central, W. Va., and Rifle Registered Packages.

LARGE AMOUNT IS SECURED. WHEELING, W. Va., Oct. 8.—Two masked men early today held up and robbed a Baltimore & Ohio express train, from New York to St. Louis, two miles west of Central, W. Va. Their booty was taken from mail cars, according to the reports received here, and was believed to be large. Grant Helms, the engineer, was first attracted by a noise from the tender. Looking over his shoulder he saw two masked men climbing over the coal, each carrying a shotgun. One man ordered Helms to cut off the engine and throw the mail car. They stood by Helms directing the distance he should run it. When two miles to the west, the highwaymen ordered Helms and the fireman to climb down. One masked man took the throttle and ran the train a mile or two farther. Here the robbers went through the mail car, paying particular attention to the registered mail, which they looted completely. They then deserted the train, going across the hills in the direction of the Ohio river. Meantime the crew left with the remainder of the train had been trying to find the engine. No attempt had been made by the highwaymen to disturb the sleeping passengers. Men were sent forward. They picked up the fireman and Engineer Helms and soon found the locomotive on the rails with the fire drawn from under the boiler. Two hours elapsed from the time of the robbery, about 2 o'clock, until the news could be sent to division headquarters at Parkersburg. Poses aggregating more than 300 men were out before daybreak. Railroad authorities believe the robbers hurried over to the hills to an automobile they had left waiting. The train robbed is one of the best on the Baltimore & Ohio system. It left New York yesterday morning at 10 o'clock. Usually it carried large numbers of through passengers and valuable registered mail and express. The amount of booty obtained by the robbers is unknown. One unverified report said that in the express car which the robbers did not take with them down the track was \$200,000 in gold.
