

### CORN MATURES IN SPITE OF FROST

Railroad Reports Show There Will Be More Marketable Corn Than Normal This Year.

#### LAST WEEK'S FIGURES GOOD

"There is more marketable corn than normal in southwestern Nebraska, in spite of damage by frost," declares R. W. Lovelace, assistant immigration agent of the Burlington Route.

He has just returned from an extensive trip along his road's lines in that part of the state and visited every station along the way and talked to many farmers.

Lovelace's information about corn is in line with the Burlington's weekly crop report, just issued, which says:

"Reflecting that we are past the middle of October and there is much corn in Nebraska still maturing, we must agree that the season's finish, so far as corn is concerned, is most satisfactory."

#### Corn Holds Up

"Our station agents have practically repeated estimates of last week on the condition of the corn crop, which give the following percentages of normal: Omaha division, 101 per cent; Lincoln division, 98 per cent; Wymore division, 108 per cent; McCook division, 101 per cent."

"The paradox of considerable frost damage to corn, and yet more marketable corn than normal, is accounted for by the fact that a much greater acreage of corn was planted this year than formerly."

"Therefore," says Lovelace, in speaking of the situation, "25 to 50 per cent of this year's corn crop can be unmarketable because of softness, and yet the good marketable corn exceeds the normal marketable crop."

#### Soil Condition Good

Soil condition is reported as quite satisfactory, with precipitation during the last week of from a half inch to an inch in the Omaha division; from .16 to 1.25 inches in the Lincoln division; from .12 to 1.36 inches in the Wymore division, and from .12 to 1.50 inches in the McCook division.

"Threshing continues in a limited way," the report states. "But it is surprising how small a part of the total crop has actually been threshed. The wheat fields contain many stacks of wheat and only a few stacks of straw."

"A fourth crop of alfalfa is being cut in some places. Plowing and seeding is well advanced. Sugar beets are being harvested and the crop is average, being estimated at about twelve tons to the acre."

Supplementing the official report with remarks on his observations in southwestern Nebraska, Assistant Immigration Agent Lovelace says:

"The farmers have plenty of money now, yet haven't marketed their 1915 crops. Many are buying new automobiles. "Other crops besides corn average 200 per cent in that part of the state. There is a lack of feeder live stock to utilize the soft corn there."

### Sunday Declines Invitation from Toronto to Talk

"Billy" Sunday has declined to go to Toronto, Canada, for one day between the close of his Omaha engagement and the opening of his Syracuse, N. Y., engagement. Ben H. Spence, secretary of the Dominion alliance, has wired him of their disappointment and states that they had secured the arena of the largest building in Canada for the meeting. He asks Mr. Sunday to reconsider and offers \$500 above all expenses "rather than be deprived of the pleasure, honor and privilege of hearing you."

### Two Ask Court for Decrees of Divorce

Absolute divorce and custody of five children are asked by Ell A. Tharp in a petition filed in district court. He alleges his wife, Sarah H., was cruel and violent in her conduct toward him. The Tharps were married July 2, 1897, at Mead, Neb.

Mattie Paul asks that the marital bonds which bind her to Edward Paul be severed and that her maiden name, Mattie Franklin, be restored to her. Nonsupport and desertion are the allegations mentioned in a petition. Mrs. Paul was married July 5, 1910, at Wichita.

### GIVEN TWENTY DAYS FOR TOO MUCH "KNOWLEDGE"

W. F. Cowger, 720 North Twenty-ninth street, caught C. A. Flynn of Clinton, Ia., hiding behind his tool house Sunday night and had the man arrested. Cowger asserts that a bicycle had been taken from the place and the door of the building was found open when he apprehended Flynn; also that he heard the sound of something being dropped to the floor in the shed just before he caught Flynn. "Of course, judge," informed Cowger, "I don't accuse this man of taking the wheel, but it is possible that he knows something about it."

### JUDGE SENDS MAN OUT TO FIND DOG OR GO TO JAIL

While attending a performance at the Gayety a young couple left their pet dog in charge of H. Brown, colored, 329 Farnham street, who was on duty in a nearby pool hall. After the performance they called for the dog, and Brown denied knowledge of its whereabouts. "I'll give you twenty-four hours to deliver the dog, or to jail you for sixty days," informed Police Magistrate Foster. Brown left on his quest, promising, notable success.

#### "Just the Thing"

A tailor's work is being. That is why most tailors suffer from constipation. G. W. Robertson, Wichita Falls, Tex., says: "I find Foley Cathartic Tablets the most delightful, cleansing cathartic I have ever taken. They are just the thing." They keep the stomach sweet and the liver active, drive away headache, dullness, tired feeling, biliousness, bloating and other results of clogged bowels. Prompt and effective, without griping or pain. Stout people praise them for the light, free feeling they give. Sold everywhere.—Advertisement.

### Up to the Police

Omaha is again stirred by a sensational murder—apparently the culmination of a series of holdup operations which are baffling the sleuths.

Whether the surface indications are correct or not, it is up to the police to omit no effort to unravel this crime and bring the perpetrator out in the open.

Safety to life from murderous outlaws is the first demand of the community—watching for a tilt of the lid or setting a dragnet for underworld women are secondary considerations.

The eyes of the people are looking for tangible results from the police department.

### Former Omaha Man Forms Chamber of Commerce of Ohio

John M. Guild, formerly commissioner of the Omaha Commercial club, now secretary of the Greater Dayton association, Dayton, O., has just organized a Chamber of Commerce of Ohio.

Mr. Guild was made temporary secretary, a constitution and set of bylaws drawn by him were adopted, and a meeting is to be held in November, when permanent officers will be elected.

The meeting of the delegates of the various commercial clubs of twenty-nine town and cities of Ohio was held at Columbus Friday of last week, when the temporary organization was made. Mr. Guild was chairman of the committee on organization.

Dues are apportioned according to the size of the city or the commercial club of the member town or city. The annual dues for the Greater Dayton association as a member of the Chamber of Commerce of Ohio are \$150.

### FEDERAL GRAND JURY RESUMES ITS SESSIONS

The federal grand jury reconvened after a recess since last Friday. The Lincoln division of the federal court will open next Wednesday, with Judge T. C. Munger on the bench.

When the local division will open is still unknown. No word has come from Washington even to do the preliminary work of drawing a petit jury for the trial of cases, which in the ordinary course of things would have been done three weeks ago.

Whether a judge is about to be named to take the place of the late William H. Munger, or whether the present term is to be closed out by assigning judges from neighboring districts, as has been done for several terms, no one at the federal building knows.

### Ouch! Backache! Rub Lumbago or Stiffness Away

Rub pain from back with small trial bottle of old "St. Jacob's Oil."

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer. Get a small trial bottle of old, honest St. Jacob's Oil at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone. Don't stay crippled. This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints.—Advertisement.

### TODAY'S BEAUTY SUGGESTIONS

Face powder simply covers up an unattractive complexion and leaves no lasting benefits. Those who have tried a simple spumax face lotion find it much better, as it removes skin discolorations, such as freckles and tan, and makes the skin smooth, white and velvety. This lotion is made by dissolving four ounces of spumax in one-half pint hot water, then adding two teaspoonfuls glycerin. This complexion beautifier does not rub off or show like powder, and gives a more refined appearance. It removes both thinness and sallowness, rapidly giving the skin a permanent healthy, youthful appearance.

An especially fine shampoo for this weather can be had at trifling expense by dissolving a teaspoonful of canthrox in a cup of hot water. Pour slowly on scalp and massage briskly. This creates a soothing, cooling lather that dissolves and removes all dandruff, excess oil and dirt. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on a glossy richness of natural color, also a fluffiness which makes it seem very much heavier than it is. After a canthrox shampoo arranging the hair is a pleasure.—Advertisement.

### Soft, Curly, Wavy Hair Now Easy to Have

Beautiful, fluffy, natural-looking curls or waves, without the use of the ruinous curling iron, are now possible for every woman. Yes, not only possible, but very easily acquired over night, and with benefit to the life and health of the hair. It is only necessary to apply a little liquid silicone before retiring, using a clean tooth brush for the purpose, drawing this down the full length of the tresses from root to tip. In the morning the hair will have a most delightful curliness and lustre, without the least suggestion of greasiness or stickiness, and will be quite controllable, no matter how the hair is done up. As liquid silicone is procurable at any drug store and as a few ounces of it will last for months, no woman need put up with that flat, lank, dirt appearance of the hair which gives such an unwholesome look of paleness to most faces.—Advertisement.

### TO INCREASE THE NUMBER OF POLICE

Greater Omaha Has About One Patrolman to Each Square Mile of Territory.

#### HALF OF THE FORCE ON BEATS

Out of a total of 182 members of the police department there are thirty-two patrolmen on duty in Omaha and seven in South Omaha during the second shift, from 4 to 12 p. m. During the third shift, from midnight to 8 a. m., there are twenty-one patrolmen in Omaha and five in South Omaha. Most of the patrolmen assigned to Omaha work are within the district bounded by Twenty-fourth, Leavenworth and Cuming streets, leaving a bare corporal's guard for outside protection.

The few patrolmen walking outside beats follow the main thoroughfares, such as Sherman avenue, Ames avenue, West Cuming street, North Twenty-fourth street and Vinton street, leaving a vast area of residence streets unprotected.

Eight patrolmen have been taken off of beats and assigned to "special duty," which embraces "moral squad" work, locating bootlegging places and disorderly houses.

Of the total number of police department employees, from chief down the list, half are patrolmen divided into three shifts.

If the city would be evenly divided among the three shifts of patrolmen now on duty each man would have more than a square mile to cover.

Some neighborhoods of the city have engaged special night watchmen who collect a monthly assessment from each household protected.

Commissioner Kugel and Chief of Police Dunn have repeatedly contended that the police force is inadequate for the size of the city. Mr. Kugel says he is doing all he can do with the funds available. He will have \$20,000 more a year beginning January 1, 1916, and expects to materially enlarge the department within a few months.

H. S. FIRESTONE PAYS HIS FIRST VISIT TO OMAHA

H. S. Firestone, president of the Firestone Tire and Rubber company of Akron, O., paid his first visit to Omaha Monday morning. Mr. Firestone was very well pleased with the condition of the Omaha branch and expressed himself in complimentary terms. Mr. Firestone is on his way to San Francisco, where he will join Thomas Edison and Henry Ford.

A Cough Medicine that Helps. Dr. King's New Discovery will help your cough or cold. Keep a bottle at home for emergencies. See at drugstore. All druggists.—Advertisement.

### Train Crew of the Wrecked Train is Praised by Board

A board of inquiry into the cause of the wreck of the Union Pacific motor train at Randolph, Kan., Saturday found that it was caused by washing away of the north bank of Fancy creek at the bridge embankment. The board found that the men whose duty it was to look after the embankment and bridge had not been negligent and it commended the motorman and conductor of the motor train for presence of mind and courage in saving lives of the passengers. The board consisted of the following: Thos. Kennedy, president First National bank, Junction City, Kan.; G. A. Rockwell, president B. Rockwell merchandise and grain company, Junction City, Kan.; Charles Ware, general manager Union Pacific; R. L. Huntley, chief engineer Union Pacific; A. H. Fetters, mechanical engineer Union Pacific; William Jeffers, superintendent Union Pacific; R. L. Davis, superintendent Union Pacific.

Miss Nettie E. Bogardus, R. F. D. 21, Westfield, N. Y., writes: "I have been a great sufferer from sick headaches, but am now entirely free from that trouble. I have not felt so well in ten years as I do now. I would recommend Peruna and Manalin to all sufferers. I will say, God bless Dr. Hartman and his wonderful remedies."

Mrs. Charles Anspaugh, R. F. D. 7, Lagrange, Ind., writes: "Peruna has been a godsend to me. I can feel safe in saying that it saved my life, as I was all run down and was just miserable when I commenced taking your Peruna, but am on the road to recovery now. I cannot thank you too much."

Our booklet, telling you how to keep well, free to all. Those who object to liquid medicines can now procure Peruna Tablets.

GETS FIFTEEN DAYS FOR CHEERING "BILL" SUNDAY

Louis Evans of Chicago, arrested on a charge of being drunk and disturbing the peace, was sentenced to fifteen days when arraigned before Judge Foster. Evans insisted on yelling "Hurrah for Billy Sunday during the services of the Hope mission, Fourteenth and Dodge streets, Sunday evening."

### CHICAGO MAN TO SPEAK BEFORE COMMERCIAL CLUB

"Success and Failure in Business Life" is the subject of an address to be given Wednesday evening at the Commercial club rooms by Harry L. Fogleman of Chicago. Mr. Fogleman is a lecturer of some note and is said to have some very pointed ideas on business system. This lecture is open to the business men of the city and the lecture is to be of especial interest to the retailers.

### DEFER CONSIDERATION OF CHARTER CONVENTION

The city council committee of the whole deferred for another thirty days consideration of calling another city charter convention.

The Economic league, West Leavenworth club and Woman's club sent petitions asking the council to start the movement. It is the desire of the commissioners to hear from other organizations before taking action.

### Troubled With Headache Now Entirely Well

I Have Not Felt So Well In Ten Years As I do Now. I Recommend Peruna To All Sufferers.

Miss Nettie E. Bogardus, R. F. D. 21, Westfield, N. Y., writes: "I have been
