OPPORTUNITIES for Women in the Federal Service. "There is an all too vague understanding of where and how to secure information with regard to openings in the federal civil service," said Mrs. Cole.

While Mrs. Cole was not identified with suffrage when she entered upon her duties as chairman of the civil service department, her investigations prior to the compilation of her pamphlet on "Opportunities for Women" won her over to the cause, and she is now a member of two of the suffrage societies.

Mrs. Cole's father was a northern army surgeon, while her mother came from a fine old southern family, and the desire for service was early inculcated in her mind. That many women will benefit as a result of being directed into less crowded fields of work through Mrs. Cole is the belief of those who have read the pamphlet.

Miss Eunice Emor, the new supervisor of social extension work in the public schools, will talk on "A Municipal Workhouse" before the social science department of the Women's club, Monday afternoon at 3:30. The meeting will be held in the assembly room of the Young Women's Christian association.

TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur It Darkens Gray Hair So Naturally Nobody Can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustrous and appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair.—Advertisement.

TODAY'S BEAUTY SUGGESTIONS

Face powder simply covers up an unattractive complexion and leaves no lasting benefits. Those who have tried a simple spumax face lotion find it much better, as it removes skin discolorations, such as freckles and tan, and makes the skin smooth, white and velvety. This lotion is made by dissolving four ounces of spumax in one-half pint hot water, then adding two teaspoonfuls glycerin. This complexion beautifier does not rub off or show like powder, and gives a more refined appearance. It removes both shininess and sallowness, rapidly giving the skin a permanent healthy, youthful appearance. An especially fine shampoo for this weather can be had at trifling expense by dissolving a teaspoonful of antiseptic in a cup of hot water. Pour slowly on scalp and massage briskly. This creates a soothing, cooling lather that dissolves and removes all dandruff, excess oil and dirt. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on a glossy richness of natural color, also a softness which makes it seem very much heavier than it is. After a canthox shampoo arranging the hair is a pleasure.—Advertisement.
