Begin on Salts at First Sign

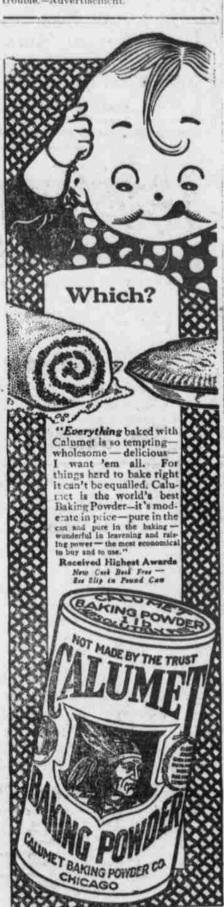

We eat too much meat, which clogs Kidneys, then the back hurts.

Says glass of Salts flushes Kidneys and ends Bladder irritation.

Uric sold in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts: take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, c mbined with lithia, and has been used for generations to clean clogged kidney and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness

Jad Salts is inexpensive, cannot injure: makes a delightful effervescent lithinwater drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.-Advertisement.

HEADACHES

Thou sands of men and women suffer from bendacies every day, other thousands have headaches every week or every month, and still etners have headaches occasionally, but not at regular intervals. The best Doctor is often unable to find the cause of many of these headaches, and is worst other cases. to mid the cause of many of these headaches, and 5 most other cases, knowing the cause, ne does not know what will remove it, so as to give a permanent cure. All he can do is to prescribe the usual pair relievers, which give tenuorary relief, but the headache returns as usua, and treatment is again necessary. If you suffer from headuches, no matter what their nature, take And-knumis Tablets, and the results will be satisfactory in the highest degree. You can obtain they may be described in the lightest degree. You can obtain they may be worth or more. Ask for A-K Tablets.

SICK-HEADACHES

Sick-headache, the most miserable of all sick-esses loses its terrors when A-K Tableta are sken When you feel an attack coming on, ske two tablets, and in many cases, the attack ill be warded off. During an attack take one -K Tablet every two hours. The rest and com-ort which follow, can be obtained in no other

How to Wave Hair to Appear Naturally Curly

You won't need to resort to the parching, scorching curing iron if you will edopt the simple plan I will mention. Isn't that good news?

At tight merely apply a little liquid slimerine with a clean tooth brush, drawing this through the hair from root to tip. This w.h. impart a delightful wavy appearance and a bright lustre suggestive of 'hidden singhine." It will prove beneficial to the hair, instead of making it brittle and dead-looking as the hot iron does. In the morning, instead of your tresses being mean and contrary, you will find them quite easy to do up in any form, and there will be no unpleasant odor, grease or stickiness about the hair. I would suggest that you ask your druggist for the liquid silmerine—four or five ounces—which will require no mixing and you can pour a little into a saucer when required.—Emily Coulson in Hygiene Review.—Advertisement

of Kidney Pain JEFFREY TAKES RAP AT SUNDAY'S WORK

Pastor of St. Paul's Methodist Church at Lincoln Says Excitement Doesn't Last Long.

OPPOSES WORK BASED ON FEAR

(From a Staff Correspondent.) LINCOLN, Oct. 25 .- (Special.) -- At least one prominent Methodist preacher is not wholly in sympathy with the work of "Billy" Sunday in Omaha and other cities. T. W. Jeffrey, paster of St. Paul's Methodist church in Lincoln boldly comes out in his Sunday weekly cale dar distributed to members of his church Sunday and replies to defenders of the Sunday methods. In an article devoked to the subject of evangelism, Dr. Jeffrey says that the results of a revival conducted under excitement has never been productive of lasting results. He says further:

tive of lasting results. He says further:

The question naturally comes to every believer as to the best method to be adopted to get others to his Christ. He knows that nothing will count for so much as an example of Christian injectly and holiness. By a strong determined attitude of soul in the inidat of reproaches and afflictions he may convince those about him that Christian experience is a reality and a source of the highest happiness. The ideas of most men on the subject of religion are such as they have gathered from the lives of the professed Christians with whom they have been acquainted. These episties they have pursued with unfingging interest. If these have been confirmed thereby in worldiness; but if they have been true, then their understandings have been moved. The noiseless but luminous life shining with the caimf radiance of the stars is more convincing than all the words we can speak and all the profession we can make.

Rap at Sunday Theology. Rup at Sunday Theology.

"But if men are to be apprised of the alue of saving faith in Christ, we who believe must be messengers to them. We must have opportunity to declare what I ght has come to us. We cannot be satisdied to remain inactive. There is a duty in professing Christ that we conno ignore. How are we to express ourselves? What can we do to meetthe obligation which is upon us? What methods are we to employ and waht occasions are we to use? Must we wait for the specialist, who comes with methods and language which shame our sense of propriety and keep us busy apologizing for words and ways which we know to be unchristian? Must we submit to the preaching of a theology which cannot stand the test of reason and which the scholarship and the comsense of the centuries have repudiated It is time we understood that when people sacrifice to build and maintain religious edifices of beauty and capaciousness they are meant for places of worship, where men and women are to find Christ in the pardon of their sins, If such edifices do not attract the people and minister to their spiritual want, if the difnified services held in these do not appeal to them, it is utter folly to build old sheds or crude barns and imagine these to bet he only meeting places of God with men.

Work Based on Fear. There is not the least question about the permanency of that evangelism which has its growth in the every day services of the church. The other is not in question, for experience has answered it many tunity to study the difference between the Syracuse Journal, died Sunday mornthe effort made by the local church and ing at 4 o'clock, following an illness of that made under the stress of great excitement by the community under the was born at Louisville, Ky., April II, 1852, guidance of an imported evangelist. We and came to Nebraska in 1878. In 1878 do not seek to underrate the work of he first located at Weeping Water and the latter or to impugn the methods on October 22 of that year was married used, but we do say that experience has to Agnes E.
