

Nebraska McKELVIE ENTERS RACE FOR GOVERNOR

Former Lieutenant Governor Allows
Many Petitions Circulated in
His Behalf.

FOUR NOW ARE CANDIDATES

(From a Staff Correspondent.)
LINCOLN, Oct. 28.—(Special.)—Former
Lieutenant Governor McKelvie will be a
candidate for the republican nomination
for governor. Petitions which have been
quietly circulated over the state are be-
ginning to reach Lincoln and it is said
that when a sufficient number have ac-
cumulated, they will be taken to the state
house and filed.
It is said that H. H. Marshall of Lin-
coln is back of the petition movement and
has been sending out letters accompanied
with blank petitions asking that these be
signed up and returned.

Others in the Race.

This will make four entries into the
fight for the republican nomination.
Judge Sutton of Omaha and ex-Mayor C.
J. Miles and Mayor Madgett of Hastings.
Several others are viewing the situation
from afar with more or less interest and
may be expected to proclaim their in-
tention to compete for the honors when
the battle warms up a little more later
in the season. Among the number are
Walter George of Omaha, former state
treasurer, and former congressman
Ernest M. Pollard of Nebraska. Sam
Rinkner of Beatrice has also been men-
tioned in connection with the nomination,
but the Gage county attorney has not
showed signs of enthusiasm yet.

Bordner Puts in Claim.

Dr. L. A. Bordner of Wymore, who at
one time acted as inspector for the
stallion registration board of the state, is
asking the state to reimburse him for
injuries received while in the employ of
the state as an inspector, bringing his
claim under the compensation act.

Dr. Bordner, according to information
given out at the office of the state
veterinarian, was regularly ap-
pointed inspector, but was engaged by
the day whenever the work required any
additional inspectors. The doctor owned
his own automobile and the state paid
him \$5 a day for its use. One day while
at Odell, the doctor attempted to crank
the car and the thing kicked back, break-
ing his arm.

He puts in a claim for eight weeks com-
pensation. It is claimed by the state that
he has received regular pay since his
injury and is not entitled to the additional
compensation.

Adams Company Pays.
The Adams Express company today
paid to the state treasury the sum of
\$3,747.49 due as an occupation tax under
the provisions of the Smith act passed
by the legislature four years ago.

Thomas Back from Kearney.
State Superintendent Thomas returned
from Kearney this morning, where he
looked after some work in connection
with his department. He brought back
with him a picture of a mile of road
which has been built by Buffalo county
adjoining the west line of the city of
Kearney along the Lincoln highway. The
road is fifteen feet wide and is made of
cement. It is the intention of county
officials to build two miles more if the
present road fills the requirements.

Dr. Thomas went to Raymond this after-
noon to address the teachers' institute
at that place this evening.

Alliance is Having Market and Fair

ALLIANCE, Neb., Oct. 28.—(Special.)—
In the absence of the annual Big Butte
county fair this year the Alliance Com-
mercial club arranged for a "market and
fair" week, which opened here yesterday
with all the pomp and enthusiasm of the
southern Mardi Gras. The business sec-
tion of the city is decorated for the week,
and the merchants are vying with one
another in their efforts to have the best
window or offer the most for a dollar.
These attractions, together with ideal
western Nebraska fall weather, has filled
the town to overflowing with stock grow-
ers and farmers from all over this sec-
tion of Nebraska, who are enjoying the
festivities as only they can who have
worked faithfully and reaped a bountiful
harvest as have these people this season.

A barbecue was the main event of the
day, and a monster three-year-old steer,
done to a "juicy brown," together with
the necessary dishes to make the feast
complete, was served to the visitors.
Agricultural exhibits, poultry, stock,
large pumpkins, squash, ears of corn,
etc., usually shown at county fairs, oc-
cupy this place in the market, and show
remarkable improvement in quality as

Pawnee county, who settled on a home-
stead between Table Rock and Pawnee
City, more than half a century ago, died
at his home here Sunday and was laid
to rest in the Pawnee city cemetery yester-
day. The only relative known in this
country, a granddaughter, has nursed
him during his illness for the last three
years, during which time he has been a
helpless invalid. He was about 80 years
of age, and was born in England. He re-
turned from the farm a few years ago,
moving to Pawnee City.

Mrs. A. J. McKinney.

PLATTSBURGH, Neb., Oct. 28.—(Spe-
cial.)—Mrs. A. J. McKinney of this city

years. Mrs. McKinney was born in Sus-
quehanna, Pa., eighty-three years ago,

Iowa nearly fifty years ago and settling
at Leon, where she with the family lived
for a number of years, then removing to
Hamburg, Ia. They came to Plattsmouth

Supreme Chancellor Young at Lincoln

(From a Staff Correspondent.)
LINCOLN, Neb., Oct. 28.—(Special.)—
Supreme Chancellor E. S. Young of Ada,
O., was in Lincoln yesterday and several
receptions were held in his honor by the
Knights of Pythias and auxiliary organiza-
tions, which was accompanied by Mrs.
Young and a large number of knights
from out of the city were present at the
meeting held in Knights of Pythias hall
last night. Governor Morehead was
present and made a short address.

While not on a political tour, Mr. Young
was not adverse to talking politics a lit-
tle in his tour which he is making over
the country covering a majority of the
state of the union, he has become convinced
that there will be republican landslide
in 1916 and that the republican candidate
for the presidency will go in by a major-
ity equal to that of Roosevelt when he
ran for his second term.

HASTINGS DEMOCRATS APPLY FOR POSTMASTER

HASTINGS, Neb., Oct. 28.—(Special Tel-
egram.)—Assuming that Postmaster R.
B. Wahliquet has forwarded his resig-
nation to Washington a number of Hastings
democrats have applied to Congressman
Shallenberger for appointment as his suc-
cessor, but each has received a discourag-
ing reply.
Mr. Wahliquet himself refused to say
today whether he had resigned.

"I announced some months ago," said
Mr. Wahliquet, "that if the health of my
brother and partner in the Adams County
Democrat continued unimproved I might
resign. Further than that I have nothing
to say."

Len Tibbets is mentioned as a prob-
able choice for the place in the event that
Mr. Wahliquet steps down. It is reported
that he has been recommended by con-
gressman Shallenberger with that condi-
tion. It is known that influence is now
being brought to bear in Washington to
keep Mr. Wahliquet in the place.

CORDING SERIOUSLY HURT IN DRUG STORE EXPLOSION

KEARNEY, Neb., Oct. 28.—(Special Tel-
egram.)—Joseph Cording was seriously in-
jured and the building occupied by his
drug store at Litchfield was totally
wrecked by an explosion on Wednesday
evening. Cording had gone into the base-
ment and seen what he thought to be
water on the floor. He struck a match to
investigate. The fluid proved to be tur-
pentine, which had leaked from a
barrel in storage, and the explosion which
followed was terrific. Cording was badly
burned and little hope is held for his
recovery.

GERARD'S VISIT TO KAISER INFORMAL

Belief Expressed in Washington
that Conference Concerned Pro-
posed Peace Parleys.

GOSSIP ABOUT THE SITUATION

WASHINGTON, Oct. 28.—Ambas-
sador Gerard's recent conference
with Emperor William is causing
much speculation in official quarters
here. Secretary Lansing stated to-
day that the ambassador had not
been directed to visit the emperor
and that no report of the conference
had been received.

The possibility that Emperor Wil-
liam might have taken advantage of
the opportunity to express to Amba-
sador Gerard Germany's views on
peace was generally talked of here
today, particularly as a consequence
of published reports that Germany
soon intended to make known the
basis on which it would make peace.

President Wilson has made clear that
until one of the belligerents indicated
plainly a desire to accept mediation, there
would be no initiative on the part of the
American government.

The fact that King Alfonso of Spain
is mentioned as a mediator is regarded
here as significant because for some time
it has been indicated that the King of
Spain was desirous of acting in harmony
with President Wilson when the time for
making peace arrives.

Notes from Beatrice and Gage County

BEATRICE, Neb., Oct. 28.—(Special.)—
A threshing engine blew up on the farm
of Ira Martin, three miles north of
Liberty, setting fire to eight stacks
of wheat belonging to Mr. Martin, which
were destroyed. The threshing outfit be-
longed to C. Norris and was practically
ruined. The loss on the machinery and
grain will amount to about \$3,000, par-
tially covered by insurance.

Robert Kreis of this city Wednesday
pleaded guilty in police court to the
charge of wife beating and was fined
\$100 and costs. Kreis was paroled to J.
A. Forbes pending good behavior and
was released on payment of the costs of
the case.

George King of Lincoln and Miss Irene
Scott of Odell, Ill., were married in this
city Wednesday by Judge H. D. Walden.
Figures recently compiled show that
1,400 automobiles are owned in Gage
county, a little over one-thirtieth of the
total number in the state, which is 44,261.
Of this number 97 are to be found in the
tax list.

Miss C. Brandt and Miss Effie Han-
dricks were married at the bride's home
in Glenover Wednesday evening.
Fire supposed to have been started
from burning weeds along the Union Pa-
cific right-of-way Wednesday destroyed
the barn and outbuildings on the premises
of Mrs. Rankin, on North Fifth street.
The loss is placed at about \$500.

Held on "Soft Drink" Shop.
BEATRICE, Neb., Oct. 28.—(Special Tel-
egram.)—Officers today raided rooms in
the second story of the building owned
by Pizar & Hemperly as a soft drink
emporium and confiscated forty gallons
of whiskey and gin. The town is dry and
authorities say arrests will follow the
raid.

Ida Grove Heavies Line Up for Le Mars

IDA GROVE, Ia., Oct. 28.—(Special.)—
If Ida Grove succeeds in defeating Le
Mars on the local field November 6, the
team will lay claim to the championship
of the high schools of northwestern
Iowa and will insist upon being reckoned
with in the final elimination for the
state championship.

Ida Grove's eleven this year is more
nearly the caliber of the "big teams"
of a decade ago, which won several state
titles. Thus far it has won the four
games on its schedule without great dif-
ficulty, piling up 146 points to its op-
ponents. Four games still remain—
Le Mars, Storm Lake, Lake City and
Hawarden—and from the form lately
shown by the team, it should go through
the entire schedule with a clear record.

Ida Grove's team will average about
100 pounds, the back tackles, Ford and
Mack, each weighing in the neighbor-
hood of 190 pounds. Three of the back-
field men are veterans of three seasons
King, Pletcher and Goodrich—and it is
doubtful whether any other eleven in
the state has a better or more resource-
ful trio. Ida Grove is fortunate in hav-
ing "god substitutes for nearly every po-
sition in the line and in their game with

Says Women Are Crazy About It

Using gasoline to dry clean
everything and save \$5
in an hour.

Dry cleaning at home is all the rage
here, says a well-known downtown drug-
gist. Any woman can do five dollars' worth
of dry cleaning at home at very little
cost by dissolving two ounces of
solvent in two gallons of gasoline; then
immerse the articles to be cleaned; rub
a little and in a few moments the gaso-
line evaporates and the articles cleaned
look as bright and fresh as new.

Dry clean your own silk waists, dresses,
ribbons, belts, kid gloves, satin shoes,
evening slippers, fine lace, net work,
woolens, dresses, children's coats, fur,
veils, neckties, shawls, gentlemen's gar-
ments, fancy vests, lace curtains, rugs,
in fact, everything that would be ruined
by washing with soap and water. Noth-
ing will fade, shrink or wrinkle, making
pressing unnecessary.
Dry cleaning at home is inexpensive
and effects a tremendous saving in the
household and is really just as easy as
laundering. Any druggist will sell two
ounces of solvent which is simply a gaso-
line soap and your grocer or a garage
will supply the gasoline. Then a wash
boiler or diaphan completes the outfit.

Johnston's Estate of Quarter Million Goes to Relatives

IDA GROVE, Ia., Oct. 28.—(Special.)—
The will of the late William E. Johnston,
the noted lawyer of Ida Grove, was filed
in the courts here this week for probate.
It directs that the property be left intact
until after the death of the father, and
that a home and maintenance be given
the father during his life time and that
the two younger brothers and sisters be
educated. The law library, one of the
most complete in Iowa, is bequeathed to
his brother, A. C. Johnston. The will di-
rects that after the death of Mr. John-
ston or the property be divided equally
among four brothers and sisters. Mr.
Johnston's fortune is estimated to have
been in the neighborhood of a quarter
of a million.

Thin Folks Who Would Increase Weight

**SIMPLE DIRECTIONS EASY TO
FOLLOW**
Thin men and women—that big, hearty,
filling dinner you eat last night. What
became of all the fat-producing nourish-
ment it contained? You haven't gained
in weight one ounce. That food passed
from your body like unburned coal
through an open grate. The material was
there, but your food doesn't work and
stick, and the plain truth is you hardly
get enough nourishment from your meals
to pay for the cost of cooking. This is
true of thin folks the world over. Your
nutritive organs, your functions of as-
similation are sadly out of gear and need
reconstruction.
If every way you've tried to put on
weight has failed try these simple direc-
tions. Cut out everything but the meals
you are eating now and eat with every
one of those single Sargol tablet. In
two weeks note your weight. Sargol
does not itself make fat, but mixing
with your food its purpose is to help the
digestive organs turn the fats, sugars
and starches of what you have eaten,
into rich, ripe, fat-producing nourishment
for the tissues and blood—prepare it in
an easily assimilated form which the
blood can readily accept. A great deal
of this nourishment now passes from thin
people's bodies as waste. Sargol is de-
signed to stop the waste and make the
fat producing contents of the very same
meals you are eating now develop pounds
and pounds of healthy flesh between
your skin and bones. Sargol is non-in-
jurious, pleasant, efficient and inexpen-
sive. Sherman & McConnell Drug Co., cor.
