

NEW TURN TAKEN IN AURORA MYSTERY

County Officers Find Boot Tracks Showing One Man Committed Two Assaults.

MANY SUITORS FOR GIRL'S HAND

AURORA, Neb., Oct. 29.—(Special Telegram.)—While County Attorney Whitney and others were today at the home of Nels Nelson, the victim of a recent murderous assault, tracks were discovered in a neighboring wheat field, which were evidently made by Nelson's assailant.

The tracks discovered today in the wheat field were made by someone who had been running rapidly from the Nelson home. Many wheat fields surround the Nelson home and tracks were followed for several miles and led from the Luff home, the tracks were large and evidently made by some person wearing rubber boots.

Later in the day the pair of rubber boots, which exactly fit these tracks, was discovered in Peter Thompson's wheat field, just about a half mile from the home of Luff. They had evidently been discarded by some person who was in a great hurry as the bare foot tracks of their owner proceeded on across the wheat field and through several corn fields to almost the same destination as those which came from the Nelson place.

It is now generally believed that both Luff and Nelson were assaulted by the same person. As both had been suitors of the same young woman, who also had many admirers, the general theory is that some one of these other admirers was the assailant.

American Herder Is Put to Death By Villa Officer

EL PASO, Tex., Oct. 29.—Charles Boone of Rodney, N. M., was killed yesterday by a Villa officer at Guzman, twenty-five miles from Juarez, according to a report reaching here today, brought by Boone's partner, Patrick Welch, who escaped from Guzman on a locomotive.

Boone is the second American cattleman to be killed in western Chihuahua by Villa soldiers. James Parker, a cattleman well known here, was executed near Guzman a week ago, according to reports since confirmed. The soldiers accused him of stealing cattle. He was endeavoring to round up a herd and bring it to the border for American owners.

"Boone and I were bringing a shipment of stock to the border," said James Welch on his arrival here. "Our train was stopped at Guzman and Villa soldiers came out from the station. They saw Boone first and dragged him from the train, telling him they were going to kill him. He said to me as they were leading him off, 'It's all up with me now! They had gone only a few steps when Colonel Hernandez gave the order for Boone's murder and an officer fired at him. I saw Boone fall and struggle a couple of times. Then they said they were going to search the train for more 'gringos.'"

STATE PRESS ASSOCIATION TO CHANGE CONVENTION CITY

ORD, Neb., Oct. 29.—(Special.)—At the annual meeting of the State Press Association in April of this year, at Omaha, preference was expressed by the members present to hold the next meeting in the western part of the state. The Commercial club of Scott's Bluff offered to raise \$1,000 to pay toward the expense of a meeting to be held in July in the "Nile Valley of Nebraska."

There is some reason now to believe that the next convention of the association cannot be held in the west, as had been hoped, and President Horace M. Davis has called a meeting of the executive committee to be held at Grand Island, the home of Secretary C. C. Johns, Saturday evening, November 5. In the call, he says all newspaper men who are members of the association will be welcome to come and express their opinions on the matter of the location of the 1916 convention.

ANNIVERSARY OF WEDDING CELEBRATED BY CALABRIA

Joseph M. Calabria, superintendent of the court house, and Mrs. Calabria yesterday celebrated the twentieth anniversary of their wedding. They received the congratulations of many friends. About twenty guests were entertained at Mr. and Mrs. Calabria's home, 2210 Poppleton avenue, last evening. It was their "china wedding" and they received numerous appropriate gifts.

NELLY THE GREAT SETS MARK FOR COLT ON TWO-LAP TRACK

SPRINGFIELD, O., Oct. 29.—Nelly The Great, a 2-year-old trotting filly, made a new world's record for the six on a half-mile track here today, when, at a breeders' meeting, she straddled a mile in 2:12. She is owned by Dr. W. A. Barber of this city.

The former record was 2:16 1/2, held by Novaday Girl.

Use The Bee's "Swapper" column. Furniture to cash.

Large Gifts to Princeton. PRINCETON, N. J., Oct. 29.—Gifts to Princeton University amounting to \$43,725 were announced at a meeting of the trustees today. They include \$20,000 from Mrs. Russell Sage for new dining halls, \$15,000 from Mrs. William Church, a native of New York City for the endowment of the Dodge professorship of medieval history and \$7,725 to establish the Noel Bassett memorial scholarship.

Schooner in Distress. GALVESTON, Tex., Oct. 29.—The schooner Charles Noble Simmons put into port here today in distress with her gear carried away and her boiler fished to the hull with ropes. The Simmons encountered both the August and September hurricanes in the Gulf of Mexico during a voyage to Venezuela with coal.

VENICE BOMBARDED BY AUSTRIAN AERIAL RAIDERS — Bird's-eye view of Venice, showing St. Mark's in the foreground. In three aeroplane attacks on Venice last Sunday night several incendiary bombs were dropped on the city, one alighting in the famous St. Mark's plaza. Some damage was done to the Degli Scalzi church, but no one was killed.

Danube River Will Be Reopened For Traffic Within Few Weeks

AUSTRIAN ARMY HEADQUARTERS

(Via London), Oct. 29.—The junction of the Austrian, German and Bulgarian troops and the occupation of the last Serbian positions on the Danube means the speedy reopening of that river for traffic.

Numerous vessels are now engaged in removing the mines and other obstructions and communication between Hungary and Bulgaria and Turkey will begin forthwith, although travel by river will necessarily be slower than by the all-rail route through mid-Serbia. The entire re-establishment of traffic is expected within a few weeks.

BERLIN, Oct. 29.—(By Wireless to Bayville.)—Among the items given out for publication today by the Overseas News agency was the following:

"The Austro-Hungarian, Bulgarian and German comrades had met on the Balkan heights. In the twilight of October 29, in the rugged Dobrovodo mountains where the patrols of the allied powers were looking out for each other, there suddenly appeared two Bulgarian officers and twenty-five men.

"According to the Cologne Gazette all were splendid soldiers and well equipped. A majority of them were veterans who had fought in the Balkan war against Serbia. They were led by Lieutenant Gerbayev. They were given an enthusiastic reception by the soldiers of the central powers. The military commanders and the Duke of Mecklenburg hastened to a place northeast of Brza Palanka, near the town of Multinovitsh, where the historical meeting of the east and west took place. Later there was a brilliant parade in the conquered Serbian fortress of Kladovo.

"Resounding cheering and the national anthems were heard from the opposite banks of the Danube, where the Roumanian population had gathered."

CHRISTIAN SCIENCE LECTURE

Member of Board of Lectureship of Mother's Church Talks at Auditorium.

MUST LEARN OF GOD HIMSELF

William D. McCrackan, M. A., C. S. B., member of the Board of Lectureship of the mother church, the First Church of Christ, Scientist, Boston, lectured last night at the Auditorium on Christian Science. He said:

"There is much evidence to show that the uncertainties of human life largely contribute to that mistakes, to its sin, sickness and sorrow. Uncertainty about humanity to waver in judgment, to hesitate at critical moments, and to be apprehensive of the future. It embitters many an otherwise noble character. It sows broadcast the seeds of fear and doubt, and renders human beings vacillating and distrustful at the very times when they ought to speak to evil with authority and dominion. Hampered by the shackles of uncertainty, human beings dare not advance against the mental enemies that spell disaster to their happiness, health and wholeness, but either permit themselves to be overridden by these enemies or else withdraw into a condition of hopeless inactivity."

"Mrs. Eddy, the Discoverer and Founder of Christian Science, and the author of its textbook, 'Science and Health With Key to the Scriptures,' offers the following explanation of the real and eternal on page 71 of that book: 'Nothing is real and eternal—nothing is Spirit—but God and His idea.' It follows that the sick and sinning need only apply this test to their own case in order to find out what pertains to truth, what is necessary, lawful, and abiding, and on the other hand what is false, hence unnecessary, illegitimate, and transitory in their experiences."

"In other words, their help and cure will come from the spiritual understanding of the fact that nothing is real except that which is of divine origin. That which is more human belief, supposition, or superstition, is unreal, untrue, and non-essential. By means of this test it is possible to separate the chaff from the wheat simply by asking one's self of any given condition, thought, or act, is it like 'God and His idea,' or is it unlike Him and His creation? The answer will determine whether the particular condition, thought, or act is real or unreal, true or untrue, essential or non-essential."

"Therefore Christian Science provides a way of estimating the facts in every human problem and is thus a means of escape from every untoward situation. Is the sufferer one who feels aggrieved because he has been obliged to stand aside and see the world's activities pass him by, perhaps by reason of his illness or through lack of what are called natural opportunities? Then let him take the line of demarcation offered by Christian Science and measure off that in his thought which is unlike God. Let him harvest the first and discard the second, and he will rise out of his loneliness and isolation and become a useful member of society."

"In the seeker for help one who has spent his all in the futile pursuit of pleasure only to find that pain is his reward? Let him, too, measure out the immutable and true from the changeable and false by means of this spiritual understanding offered by Christian Science, and he will find genuine happiness, real bliss and joy, to be spiritual and not material. This same help is available for the sick and sinning, the down-trodden, the fearful, the ignorant, the seeming victims and martyrs of evil belief, or of

Producers Meet With Consumers

CHICAGO, Oct. 29.—The first national conference of producers and consumers, organized for the purpose of eliminating the middleman and his profits, was held here today. Delegates were present representing the American Society of Equity, the Farmers Educational Co-operative union, the Farmers' Equity union, the Gleasons, the American Federation of Labor and the Patrons of Husbandry.

Arthur Le Sueur, vice president of the People's college of Fort Scott, Kan., explaining that the first step of the plan must be the affiliation of the farmers and workmen. After that, he said, would be municipal markets and producers stores where the middleman's profits would be eliminated.

Chinese Stowaways Caught. SAN FRANCISCO, Oct. 29.—United States immigration inspectors raided the Pacific Mail steamer Mongolia early today and captured eighty-six Chinese stowaways who arrived on the steamer from the Orient on its last transpacific voyage.

Mack's Son Weds. Earl McCulloch, son of Manager Mack of the Athletics and manager of the Raleigh team of the North Carolina league, was married to Miss Mary Cairns of Asheville, N. C.

First Yiddish Hobo Appears at Lockup

Police officials at central station received a distinct shock last night when a Yiddish hobo appeared and asked for a night's lodging. Old policemen say that never before has one appeared there in the role of a mendicant.

The Wandering Jew was accommodated. He said his name was Franklin and that his home is in New York. He has been on the tramp for seven years, he said, and didn't care enough about the good things in life to work for them.

HALF MILLION LOSS BY INCENDIARY FIRE

Blaze Caused by Clock Bomb Causes Damage to Goods of British Steamship Agents.

BALTIMORE WAREHOUSE BURNS

SEATTLE, Wash., Oct. 29.—Fire, supposedly of incendiary origin, destroyed tonight pier No. 14, at the foot of Broad street, occupied by Downell & Co., Ltd., agents for the Blue Funnel line of British steamers, with much valuable merchandise, entailing a loss that probably will exceed \$500,000.

The Japanese and Chinese merchandise that arrived Saturday night on the steamer Ixion was still in the warehouse, \$2,000,000 worth of silk brought by the steamship having been sent east. Besides the merchandise just landed from the Ixion, cargo was being assembled at the pier for the Ixion's trip to Asia. The Ixion is now at Vancouver and will return here.

Carried War Supplies. The Blue Funnel steamers have been taking much barbed wire, machinery and implements of war for the Russian army. The Ixion is booked to stop at Vladivostok with similar supplies for Russia.

Two deliberate attempts to destroy pier No. 14 by fire were made early last Tuesday. Both fires were started in piles of highly inflammable rafter stacked on top of rolls of white paper which occupied a floor space of fifty square feet.

Fire department officials said they believed both fires originated from a time fuse attached to a bomb.

Large Loss in Baltimore. BALTIMORE, Oct. 29.—The United States bonded warehouse on piers Nos. 34 and 35 of the Baltimore & Ohio railroad, at Locust Point, was totally destroyed by fire tonight. Records were destroyed and estimates of the value of the contents of the warehouse varied between \$300,000 and \$400,000. The building and pier were valued at \$100,000.

By hard work the firemen kept the flames from two grain elevators 300 feet away, which contained 2,000,000 bushels of grain.

Most of the contents of the warehouse had come recently from London and Liverpool.

The fire is thought to have started from crossed wires in the warehouse.

Police in Boats Pursue Thieves Who Stole Metal

Police officers pursued two white men and two negroes up the Missouri river last night in rowboats after they had discovered them in the act of stealing a wagon load of bullion from freight cars near the city dump. The officers found the men loading a wagon with heavy bars of metal and started to arrest them. The thieves broke and ran, escaping in a rowboat. The officers pursued in another boat, but were outdistanced. All of the metal—nearly 1,000 pounds—had been stolen from a trainload consigned to the American Smelting company. It was recovered and brought to the station. A team of horses and a wagon used by the thieves to carry the stuff away was also taken. A "For Sale" ad will turn second-hand furniture into cash.
