Nebraska DEMOCRATS WILL HOLD BIG DINNER

Plans Are Being Perfected for Feast January 11 Under Auspices of Editors.

GOOD CHANCE TO COUNT NOSES

(From a Staff Correspondent.) LINCOLN, Nov. 4.—(Special.)—All candidates for the democratic nominations on legislative, state and congressional tickets will be given a chance to stand up and be counted at a dinner to be given under the sponsorship and censorship of the Nebraska Editorial association to be held in Lincoln January 11.

This is the conclusion reached by the committee on arrangements, which met at the Lindell hotel and talked the matter over. Those present were President "Tanner" of the Democratic Editorial association, E. A. Walrath, secretary; Osceola, Edgar Howard, Columbus; W. M. Maupin, Omaha; William Cramb, Fairbury, and C. W. Bryan, J. W. Cutright, G. W. Foxworth and Frank Eager of Lincoln.

The plan to have every candidate for legislative, state and congressional nominations to be present at the dinner, which will be held at the Lindell hotel, is being pushed up and being counted at a dinner to be given under the sponsorship and censorship of the Nebraska Editorial association to be held in Lincoln January 11.

Anti-Bryan members of the committee may not be in favor of committing each candidate at that time on the prohibition issue, but the fact that a majority of the committee is composed of Bryan sympathizers gives color to the opinion that the two meetings may have very close relationship.

In any event the meeting will be one which no man of the democratic faith can afford to stay away from. It will be a democratic gathering, pure and simple and with the exception of the liquid refreshments, will bring joy to the democratic heart—perhaps.

Assessors Catch Spirit. Letters received by State Auditor Smith from Secretary Bernecker of the State Board of Assessment indicate that the meetings which are being held in different parts of the state in the interests of a better and more equitable method of assessing property are being attended by county assessors generally.

Indictments Issued. The federal grand jury which just completed its session in Lincoln brought down indictments in two white slave cases, one embezzlement, two dope, one misuse of mails and one for stealing government property.

Douglas Marriages. Marriage licenses were issued to the following Douglas county parties yesterday at the Lancaster county court house: Harry Anderson, aged 28, Omaha, and Edna M. Case, aged 23, South Omaha.

Hall as Motor Expert. According to Railway Commissioner T. L. Hall, who has just returned from a trip in his new eight-cylinder motor, the roads in some portions of the south part of the state are in very poor shape.

He considered it was the machines take the sides of the roads, where the grade is an incline, that when there has been a rain automobiles are apt to skid and thus endanger the lives of the occupants.

Accused of Baiting Check. JEFF PRATER, who lives over the line in Kansas, had in his employment a young man who gave his name as Jack Burton. Mr. Prater gave him a check for \$4, which was raised to \$16 and turned in to one of the merchants of Falls City. When turned in to the State bank for payment it was rejected. The work on the check was very bungling. The young man is thought to be from Missouri, but as yet has not been located.

Nebraska Six Boy Scouts Are Run Down by Auto Near Beatrice, Neb.

BEATRICE, Neb., Nov. 4.—(Special.)—Six boys, members of the Boy Scouts' organization, with Assistant Scout Master H. W. Wright, were struck by an automobile on the river road northwest of the city last evening as they were returning from a hike to Zimmerman Springs, and more or less severely hurt. Three unidentified men were in the car, which was running at the rate of twenty-five miles an hour. Chester Stoll sustained a dislocated hip and Mr. Wright was severely cut about the head and body. Herbert Schaffer, Dean Carre, Byron Thomas, Otto Kopp and Paul Mumford were knocked down and bruised. The boys say the men in the car were evidently intoxicated, as they were shouting at the top of their voices. The boys turned out to let the car pass, but the driver of the machine plowed through the squad, leaving the road to accomplish his purpose. The number of the machine was secured and an effort will be made to apprehend and bring the guilty parties to justice.

Corn husking is now quite general among farmers. Huskers are in great demand. The reports are that the crop is an exceptionally large one and the quality of corn is fine. Very little soft corn is to be found, this only on the bottom land, where the first or second planting was drowned out. Very little threshing has been done on account of the damp condition of the wheat in the stack. So far as threshed the quality of the wheat is not good, with a very few exceptions, where the wheat was stacked early. The yield is very good, but the test is low.

VON BUELOW DENIES ALL TALK OF PEACE

(Continued from Page One.) though stipulating that his view on these points must not be made public. "For I am here as a private person," he explained, "and will not talk politics."

The only allusion on his part to American affairs was an expression of regret at the death of Herman Ridder of New York. The prince and princess make trips daily by automobile to places of interest, usually in company with their close friend, Baron von Stockhammern of Munich, formerly Bavarian representative at the Vatican. The prince appears to be in perfect health, untouched by the anxieties of war.

No Conferences Held. Persons in Lucerne who have had Prince von Buelow under observation during the eight days he has been in Lucerne are convinced he conferred with no distinguished strangers, such as Monsignor Marchetti, papal delegate to Switzerland; Premier Salandra or Foreign Minister Sonnino of Italy, or former Premier Giolitti of Italy, each of whom has been reported at various times to have visited him. Neither has he seen Count Ehrensvard, Swedish minister to Switzerland, who has been described as a leader in the supposed peace movement.

Peace Talk is Premature. BERLIN, Nov. 4.—(Via Amsterdam and London.)—The Norddeutsche Allgemeine Zeitung, which frequently expresses the views of the government, declares it would be premature to speak of peace conditions at this time. The newspaper refers to reports that

peace proposals are being discussed by German representatives in Holland and adds: "The imperial chancellor has made no such statements. It would be altogether premature to speak of peace conditions."

Curative Value In Food?

"Recalling that 90% of disease results from errors in diet, then foods properly prescribed by the physician can justly be said to have curative value."

—Dr. Henry B. Hollen, in the Medical Standard.

One of the errors in the diet of many people is the use of foods robbed of the vital mineral salts (phosphate of potash, etc.) which are absolutely necessary for proper balance of body, brain and nerves. The result is a long list of ills, including nervous prostration, kidney trouble, constipation, rickets in children, and so on.

Twenty years ago a whole wheat and barley food, containing all the nutriment of the grain, including the priceless mineral elements, was devised especially to correct errors in diet. That food is

Grape-Nuts

It fulfills its mission admirably.

Another physician says:

"Nearly half the year my breakfast consists of a dish of Grape-Nuts, one or two eggs, or fruit. I RECOMMEND IT TO MY PATIENTS CONSTANTLY, and invariably with good results."

This wholesome food not only builds sturdy health and strength, but fortifies the system against disease. Ready-to-eat, nourishing, economical, delicious—

FOUR AMERICANS SLAIN AT BORDER

(Continued from Page One.) lean town opposite there. Among them were two generals, Isaac Anoyo and Antonio Orozco.

Toddlife Garduno, Carranza consul here, telegraphed to Washington today to protest against the treatment of refugees in the concentration camps at Pteriville. Garduno asserted that the immigration authorities here violated the laws of the United States and dictates of common humanity by leaving the Mexican women and children without food or water for almost twenty-four hours after they crossed the boundary during the battle Monday.

Preparations were made today to remove to Agua Prieta the 3,000 women and children who took refuge on the American side when Villa began his attack Monday.

Called sent out scouts to the eastward to verify reports that the two Villa guns and guards left about three miles from the Agua Prieta defenses had disappeared during the night.

If the Mexican commander deems it safe the refugees will return this afternoon.

Major Luis Block of Calles' staff today informed immigration officials that the Mexican authorities would thank them for furnishing safe asylum for the Agua Prieta non-combatants who crossed the boundary during the battle.

Fifty-one bodies of Villa soldiers were burned on the battlefield today. The rest still lie where they fell.

Large supplies of food are said to have been assembled at Naco for his army.

Villa Deserters Fanned Back. Numbers of deserters from Villa's army have been turned back into Mexico by the United States forces.

General Funston has not yet ordered the return to Naco of the cavalry troops that arrived here Tuesday.

Major Block's statement to American immigration officials was prompted by information that Rudolfo Garcia, Carranza consul in Douglas, has telegraphed to Juan Amador, Mexican diplomatic representative in Washington, requesting that representations be made to procure "more humane treatment for the Mexican refugees."

Garduno desired that the refugees be subjected to medical examination and set at liberty on the American side. American officials, however, pointed out that the refugees could not meet the legal requirements relative to pauperism and disease.

Didn't Ask Recall Of Brand Whitlock

BERLIN, Nov. 4.—(Via wireless to Bayville, N. Y.)—Among the news given out for publication today by the Overseas News Agency was the following: "Foreign newspapers report that the German government asked the withdrawal of the American minister at Brussels, Brand Whitlock. These reports are absolutely untrue. The fact is the American minister is on leave of absence because of falling health."

"The German government has had no reason to ask for the withdrawal of Mr. Whitlock, since his personality and his personal activity have never caused dissatisfaction."
