Condition Critical and Amputation of Both Legs May He Neces. sary, Say the Physi-

cians.

Kitty Gelbnian, 5-yeer-old daughter of Mr. and Mrs. John Gelbman, 106 South Thirty-third avenue, was run over by a McCord-Brady auto truck while returning home from school Friday afternoon. The accident occurred at Thirty-sixth and U streets when the child with some conpanions was playing on the street intersection. The big machine suddenly awong around the corner, knecked the child to the pavement and passed over both her legs just above the ankle.

Fred Carlson, 3800 North Twenty-fourth street, Omaha driver of the vehicle picked up the child, while his helper tolephoned the South Omaha police station-Detective Levinsky hurried to the scene as did Dr. Edward Chalcupks, who had been summoned. The child was removed to the South Omaha hospital, where she is said to be in a critical condition.

Both legs are badly fractured and an amputation may be necessary. Carlson was not held at police headquarters, as It seems the accident was unavoidable. John Gelbman, the father, is employed at the Cudahy Packing company plant and did not learn of the verident until he returned from work in the evening. Insane from Pain.

Fred Parks, painter, 319 North Twentythird street, became temporarily deranged Friday afternoon as the result of pain caused from painter's colic. He was discovered in a half-fainting condition. propped against a lamp post at Twenty-fourth and F streets by W. F. Cox. who with a companion was passing in his automobile. Parks was removed to his home, where he became extremely violent. Although he weighs but 110 nounds. it required the efforts of five men to hold him. Drs. F. O. Beck and C. L. De Lanney were summoned and the man was removed to the hospital, where he is seriously ill. Parks has been a resident of South Omaha for many years and about two years ago experienced a like attack. Close Registration Campaign.

E. E. Howell and Laurie J. Quinby spoke before a large gathering in front of the city hall last night, as a windup to the registration campaign that has been going on for the last two days. A much larger crowd of voters accepted the hance to register yesterday than did on Thursday. A summary of the two days shows about an even number of both parties having registered, which fact seemed to please the speakers, who de clared they didn't care what party registered the largest number just so the voters answered the call.

Feeders Bring High Prices. Good feeder cattle are sought after by buyers at the stock yards and in many instances cattle feeders outbid the nackers for choice grass stuff. One bunch of ten head of range steers sold for \$8.75 per hundred. They averaged 1,225 pounds each. These cattle were raised by J. R. Chaland of Cherry county and were sent to a Nebraska feed lot. It is predicted at the stock yards that this bunch will sell at close to \$11 per hundred when put on the market as finished corn-fed beef.

Hannon Demands Contract. Daniel Hannon and property owners along Twenty-seventh street, between I and L streets, have petitioned the equity branch of the district court for an alternative writ of mandamus against South Omaha city officials. They pray that the officials shall be ordered to meet and designate a certain paving material to be laid on the street in question, and give Hannon the contract for the job. They also ask for an order restraining the officials, from giving the contract to the National Construction company, which bld on another brand of osving blocks than that desired by the abutting property owners.

Infant Sullivan Dies. Mable Sullivan, the three-and-one-builmonth old daughter of Mr. and Mrs. F. J. Sullivan of this city died Thursday night at the home of her parents, 7102 W street. Mrs. Sullivan, who was formerly Miss Essie Curran, was deeply affected by the loss of her child. The funeral will be held at the residence this afternoon at 2 o'clock. Interment will be made at the St. Mary's cemetery.

Delegates, representing seventeen national organizations of women, at Pittsburgh, decided on the permanent organization of a national central body to be known as the Council of National Organization of Women. The organization will

be completed at Washington in November of next year. It will take the place of the National Council of Women of the United States and will include more organisations than the present council.

A low pressure of storm area with more moisture under its belt than it could carry left Tennessee, a dry state, on Thursday and since then has upset all the calculations of the United States

weather bureau, according to Henry J. Cox, in charge of the Chicago bureau. Instead of moving eastward, the general direction in whi h any well-behaved storm should travel, the low pressure, signaged north to Illinois, where it disturbed conditions with an extra and unexpected rainstorm.
