Mix two tablespoonfuls of clycerine and two ounces of epited in a skin plant is a beautiful cream of water. The result is a beautiful cream of wonderful absorbent qualities. Big and little wrinkles, crow's feet and looseness of flesh disappear in a remarkably short time. The difference in the appearance of age will be quite starting.

The result will soon be apparent. Hair will stop failing, dandruff will dissappear and the hair will grow with remarkable rapidity. It is, in fact, a hair forcer. The hair roots quickly take on new life and vigor, and, naturally snough, when this occurs, almost any hair trouble is bound to cease. This away completely. This is not done with soap, because the alkalf does not permit of it. But if you will dissolve a teaspoon-equaled hair grower, and costs much less than a hair tonic, and, besides, it is far more effective.
