

PORK GOES DOWN, BACON UP

Fresh Pig's Meat Drops Two Cents, While Cured Makes Advance.

OTHER FOODS ARE FLUCTUATING

Prices of Victuals Are Up and Down, According to Their Plentifulness and the Demand for Them.

By some arbitrary maneuver the price of pork took a sudden drop of 2 cents to the pound yesterday, while at the same time bacon, which is nothing more nor less than cured pork, took a jump upward of 1 1/2 cents a pound.

Lard, also, has gone up this week. It has advanced 2 cents a pound. Lamb has dropped 1 cent a pound, while beef remains steady. Chickens are cheap. Fresh fish is also cheap, but salt fish is high.

Sugar has dropped again. It is now selling at seventeen pounds for an H. Flour is exhibiting signs of an advance.

The cheese market has been broken. American cheese is now selling at 15 to 20 cents, 2 cents off.

Eggs are up and very scarce, as the farmers are holding them for higher prices. The best eggs are selling at 25 cents.

Apples are plentiful and cheap. Jonathan are selling at 1 1/2 a box. Other apples are correspondingly low. Apples are selling at about \$1 a box cheaper this year than at this time last year.

Pumpkins and Hubbard squash are on the market, now that Halloween is approaching. Both sell at 10 and 15 cents. Cider is also on the market, selling at 25 cents.

California Tokay grapes are up to 25 cents and are about all done for the season.

Vegetables of the home grown variety are plentiful and very reasonable. Oysters dropped from 45 to 40 cents a quart.

French Are Buying Horses for War on the Omaha Market

"Omaha is a good horse market," say the Frenchmen who are here buying horses for cavalry and artillery purposes in the French army. They have decided to stay in Omaha longer than at first planned, as more animals are coming in all the time and they wish to buy all available for their use.

None of these four men will admit that their purchases are intended for use in the war. Mr. Post says their contract is with a private firm, but Comte de Perange is known to be a captain in the French army, and the requirements which he and the veterinarian lay down indicate that the horses are desired for cavalry and artillery work.

The quartette of buyers have already secured many horses at Miles City, Mo., and other western markets. When they have combed over the Omaha market thoroughly, they will go to St. Louis.

B'nai B'rith Pledges a War Relief Fund

M'Kinnley lodge of the B'nai B'rith and its ladies' auxiliary pledged \$20 to the relief fund for Jewish sufferers in the war some at a meeting Thursday evening at the Metropolitan club. The organization aims to have their contribution fund reach the \$1,000 mark, and committees were appointed to devise ways to raise this sum.

Following the meeting Nathan Bernstein spoke on "Good Citizenship." He urged the many horses to vote for the citizens' ticket of candidates for the Board of Education in order to counteract the one-man power on the board now.

Miss Miriam Davis gave a dramatic reading, and musical numbers were given by Victor Eisler, Morris Markman, Miss Bernice Kulakovsky and Eugene Blasler.

CLUB HOUSE NEAR VALLEY BURNS WEDNESDAY NIGHT

The Fort McConnell club house on the banks of Lake Houlahan, three miles west of Valley, was totally destroyed by fire Wednesday night, is the report coming to Ed Hennessy, one of the members of the club. The loss is estimated at about \$1,000. It is supposed that the fire was started by tramps.

The Fort McConnell club has grounds that are remote from any house and the nearest home owners were unable to stay the progress of the flames. At the time of its destruction the club house contained a large quantity of bedding, numerous suits of clothes of club members, besides several boats. The club house was a hunting and fishing lodge. Arrangements are being made for rebuilding larger and better and the new building will probably be erected this fall. The members of the club are mostly railroad men.

WHISKY MADE WHILE YOU WAIT IN SHOW WINDOW

The Luxur Mercantile company, directly opposite the postoffice, is exhibiting a miniature still in full operation in their window. A lot of whisky in which is contained all the apparatus of an up-to-date whiskey plant, has been furnished the local firm by the Cedar Brook Distilling company, and the model is attracting large crowds with its intricate and exact representation of the real thing.
