CROWDS FIGHT IN FRONT OF GOTHAM NEWSPAPER OFFICES
Leland Quinn of the Union Pacific passenger department is back from the east, where he went to witness the world base ball series, but missed out on account of the quickness with which the contest was determined. However, he spent several days at his old home in New York, considerable of the time amusing himself by watching the fiercest displayed by the crowds in watching the newspaper bulletins. Said Mr. Quinn:
"New York City there are constantly representatives of all nations that are at war in Europe are watching the progress of the contest and discussing the phases. The questions are argued from all angles and in all languages. In front of each office there are policemen whose duties are to quell disturbances and keep men from fighting. The crowds are large during each hour of the day and night, and the interest displayed is intense all the time."

SALT RHEUM ITCHED AND BURNED
On Face, Neck and Hands. Scratching Irritated. Face Disfigured. Could Not Put Hands in Water. Cuticura Soap and Ointment Healed.
Boysie City, Mich.—"I had salt rheum on my face, neck and hands and it got so bad that the least itching on my hands would start them to bleeding. It broke out in pimples which had the appearance of small blisters and itched and burned so I would scratch and irritate them. At the time my face was disfigured. My face, hands and neck were one burning, itching sore and I was troubled that way for several years. It would go away for a while then come back again. I could not put my hands in water and could not rest at night."
"I used remedies but none of them did any good until I tried Cuticura Soap and Ointment. First before retiring for the night I bathed my neck, face and hands with Cuticura Soap and after drying well I then used the Cuticura Ointment. I kept this up every night for two weeks and then twice a week and I am cured." (Signed) Mrs. Pearl Sutton, March 21, 1914.

AFFAIRS AT SOUTH OMAHA

Man Falls Thirty Feet to Ground, Sustaining Only Slight Injury.
REFUSES TO WEAR A BANDAGE
Veteran Circus Man Declares Tent Show Business Poor This Season, with No Prospects of Improvement Next Year.
John Dorsey, an employe at the stock yards, narrowly escaped death Sunday morning, when in leaping over the railing of the Q street viaduct, he fell to the ground, over thirty feet below, the back of his head striking the ground. Witnesses rushed beneath the span to pick up the body, but arrived to find John standing on his two feet rubbing the back of his head and swearing in a fit of rage.
He sustained a scalp wound of about two inches in length and was removed to police headquarters, where the wound was stitched together by Dr. Allingham. No sooner had the physician dressed the hurt when Dorsey tore the bandages from his head. "I'm going hunting this afternoon; do you think I want to look like I couldn't hit nothing but myself." With this he left the station and was seen no more.
Bad Season for Circus.
Harry L. Kelley, veteran circus man, who has returned to South Omaha, after finishing the season with Howe's Great London Show, says this has been the worst season ever for the show business. He declares that the south is in bad shape, particularly in the cotton belt, where no market can be found by the producers.
"We found conditions here in the middle west far better than any part of the country we visited, and you can bet I am glad to get back home. The circus business bids fair to be no better next season and many of the shows are planning to disorganize permanently," he declared.
W. L. Klingman Dead.
William L. Klingman, a well known stockman of Wood Lake, died at the home of his sister, Mrs. C. S. Bates, 2311 D street, after a week's illness.
Mr. Klingman came here last Monday with a shipment of cattle and was ill when he arrived with a complication of diseases. The remains will be sent to Wood Lake for interment.
Next Thursday evening a concert will be given at the First Methodist Episcopal church, Twenty-fifth and E streets. Among those who will take part are Mrs. Bertha Clark Hughes, who is well known in local circles, besides many others, equally talented.
The South Omaha police have been asked to look for William Edward Decker, aged 15 years, son of A. H. Decker, supposed to be living in this city. The boy is reported to have run away from his brother's home at Stewart, Neb., and to have headed this way. So far the police have been unable to locate either the lad or his parents.
Mission Foundation Completed.
The foundation for the West Q Street Presbyterian mission at Forty-ninth and S streets has been completed and the lumber for the building is on the ground ready for the contractor. It is hoped to have it ready for occupancy within the next few weeks.
Pastor R. L. Wheeler of the First Presbyterian church organized the mission fourteen years ago and will preach at the mission house when it is finished.
At the Stock Yards.
The second section of the new hog section at the stock yards is expected to be completed this year, to be followed in the spring by the erection of another division equally as big.
Over \$400,000 will be expended in making over the entire space of the hog division into reinforced concrete pens. Stockmen assert that the new division when completed will be the most modern hog yards in the country.
Cattle receipts have been unusually liberal for the week just ended, showing an increase of approximately 1,300 head over the week previous and of nearly 6,000 head over the corresponding week a year ago. Saturday, as usual, developed nothing startling in the way of cattle received, but a good average is expected today and during the entire week.
Be-friends Man Who Steals Rug.
Mrs. Swan Larson, 418 North Twenty-seventh street, surely received fine payment Sunday morning for feeding a supposedly hungry tramp that appeared at her kitchen door. After giving him his fill of viands the man insisted upon doing some work in payment for his meal, so Mrs. Larson gave him a rug to beat.
The rug in question was a fine specimen of the Brussels weave and had been received by her just one week before the fall of Antwerp from a relative in that city. She priced the article very highly and instructed the fellow to be very careful of it. He was. After taking a few healthy strokes at the article he tucked it under his arm and disappeared, while its owner was busy in the kitchen. Mrs. Larson has notified the police and if the miscreant is captured let him beware of the brawny arm of his capturers.
High School Prospects.
Coach J. M. Patten of the South Omaha High school foot ball team is turning out one of the fastest teams in the history of the school, notwithstanding the fact that the team averages around 140 pounds.
A defeat at the hands of Council Bluffs three weeks ago served as an excellent stimulus in bringing out the good qualities of the players and in crushing their evident conceit. In defeating Logan Saturday the laurels were even sweeter than first supposed, Logan having held the championship of southwestern Iowa for three consecutive years, and in seven years had never allowed an opponent to cross the goal line.
Next week the team will meet Papillon on the Bellevue field. The week following a game will be played with Creighton High school. If here victorious, the defeat by Council Bluffs will be wiped out, Creighton having already defeated Council Bluffs. The following week, November 14, the Nebraska City team will be met at Rourke park. A big student demonstration is now being planned for this game, and on Thanksgiving day Patten will take the squad to Ashland for the final wind-up of the season.
High School Notes.
The Gavel club will postpone its meeting to a week from next Tuesday evening as a program has not yet been entirely completed.
The Volupt society, the girl's literary society of the school will hold its regular meeting in the high school auditorium in the east part of the city.
Miss Bookmeier, head of the domestic science department is teaching a new and advanced course in domestic science this year to the students of that department.
The old "Booster" club will be reorganized at the high school this semester. Several students have taken an active part in the

WILLIAMS DEFENDS BOARD

At Public Meeting Justifies Dismissal of Miss Stegner.
NO EVIDENCE AGAINST RUSMISEL
Spoker Takes a Shot at Citizens' Board of Education Ticket, Presenting One that He Favors.
Member R. F. Williams of the Board of Education, speaking to 200 voters at Second and Haskell streets Sunday afternoon, read the riot act to the "two citizen" who brought out the citizens' ticket and argued to justify the board's action in dismissing Miss Louise Stegner from the force. He said further that no evidence was presented to support the sweeping charges against Principal L. C. Rummel of the Omaha High School of Commerce.
"I'm going to ask you to support a ticket that will give you the kind of representation on the school board that you desire. Here is that ticket:
Fifth ward—Thomas H. Mullen.
Sixth ward—William E. Davis.
Seventh ward—Alfred C. Kennedy.
Eighth ward—Edward L. Dodder.
Ninth ward—John J. Foster.
Tenth ward—E. J. Swenson.
Eleventh ward—Robert Cowell.
Twelfth ward—Thomas Fry.
The Eleventh and Twelfth ward candidates are aligned with the citizens' ticket, but they have not pledged themselves, as have others, to an injurious economy that would deprive school children of the benefits of an education under favorable conditions.
High School of Commerce.
And now I want to say a word about this High School of Commerce we established. Nearly 1,000 pupils will be attending this year. The attack on Rummel was aimed at this school, because business colleges objected to it for the reason that the children of the poor man could secure a commercial education without cost.
This school has been phenomenally successful. It is now rated as the best school of commerce under public management in the United States. That is a record that speaks for itself.
I went through the evidence in the Rummel case," added Mr. Williams, taking up the question over which the aspirants for membership on the school board are divided and about which the fight is being made. "I found nothing to substantiate the charges against him. Miss Stegner was dismissed for cause and I was firm in the opinion at that time that the board was right. Since then I have become absolutely certain that justice was done—absolute justice to all concerned.
Does Not Represent All.
The Omaha Woman's club does not represent all the women of this city—nor by several thousand. I said once, and I say again that this club could not have handled the situation as well as the school board did. Thousands of women are backing up the action of the board in dismissing Miss Stegner, who gossiped maliciously.
The school district faces a \$300,000 deficit, but the fact that a deficit exists argues nothing except that the growth of the city has increased the demands for new buildings, new teachers and new equipment. Receipts have not kept pace with expenditures which were absolutely necessary.
There is only one way for the two citizens back of the opposing ticket to stop the expenditure of school money in increased sums—convince the people that it would be wise to quit raising children.
I have worked with you and believe

WILLIAMS DEFENDS BOARD

in you and you believe in me. I was nominated and elected to the Board of Education without any effort on my part. I would have been a piker not to have served, although it has meant neglect of my private business. Other members of the board have been placed in a similar situation. We are not grafters. We have worked hard and conscientiously to do the work we were elected to do, and we have done it well.
"I'm going to ask you to turn down this so-called citizens' ticket. I make no attack on men on that ticket, but on the manner of their selection. Why should two men, or three, or half a dozen, select your candidates? The facts are that these candidates were put in the field by the tax payers, the Economic league—organizations in the habit of getting out citizens' tickets.
"Who have the members of this candidate-choosing committee ever done for you? Their object is to keep down taxes regardless of needs of the school district. They would cease to build school houses, would they? In that they will reckon with the people!"
