WINTER WHEAT IN SOUTH DAKOTA IS DOING FINE

"South Dakota never was in better condition than it is today," said, Frank Jackson of Jackson Brothers of Dallas, Winner, etc., South Dakota, while talking to some friends at the Merchants hetel. "The winter wheat is all in and is looking fine and the stockmen are getting a good price for their cattle and everybody is happy. The cultivated acreage is increasing fast in our section of the country."

Be Pretty! Turn Gray Hair Dark

Look Young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea nd Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get the mixture was to make it at home. "Wyeth's Sage and Sulphur Compound." you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifuly dark, thick and glossy.
