FEDS ATTEND MEETING HERE

Gilmore and His Band Will Attend Minor League Convention.

MAY REACH AN AGREEMENT

Many Minors in Sympathy with the Outlaws and it is Expected that a Working Agreement Will Be Reached.

As a result of the sympathy expressed by various minor league magnates toward the outlaw circuit, President Gilmore and several of his club owners will attend the minor league convention in Omaha November 19, 21 and 22, with an eye toward reaching a working agreement with some of the minor circuits. The minors have reached that stage of the game where they have about decided to do a little drifting toward the majors instead of being compelled to accept all the dictating, and there is little question but what some of the leagues will transact business with the Federal league next summer on the same basis with the organized majors.

The news that the Federal league officials will attend the meeting emanates from several cities. In Chicago, in Cincinnati and in New York it has been announced that Gilmore and his plan will come here. Gilmore has made no official statement himself, but the news comes from close associates and is considered authentic.

Without question Gilmore will be met with open arms by many of the minor magnates. It will be far more profitable for the smaller leagues to deal with the outlaws than fight them. In case a player is sold to a big league club and that player hops to the Feds, under the present regime, the minor loses the coin of the sale. But if a working agreement is reached the Feds will agree to compensate minors for their players who go to the outlaw league. Thus to save themselves the minors must join hands with the Gilmore bunch.

In case a working agreement occurs between the minors and the Feds, base ball experts throughout the country agree that it will mean that the Feds will be taken in by organized ball. As the Feds make no bones of the fact that they would like to be included in the circuit, it looks as if the Feds will concentrate a fight on recognition by the minors.

Thus the real big fight of the year will occur in this city when the convention is called. The entire country will be fraught with interest in the actions here and the city of Omaha will be within the eye of every base ball fan for at least three days this fall.

The entertainment program has been announced. A theater party will be held Tuesday evening, the first evening of the convention. The Western league will be host at a banquet Wednesday evening, and a big blowout will constitute the final entertainment Thursday evening. The blowout will occur at the Commercial club and all the acts ever staged in Omaha will be on the program. On Wednesday evening the women will be guests at a theater party, and on Thursday evening at a dinner, while the men are engaged in the strictly stag events on those nights.

This was Hank Wagner's eighteenth year in the National league, and it is the first that he has failed to hit .300 or over. The Flying Dutchman batted only around .250. At that, the old boy still a wonderful player and a great credit to the game in every way.

CREIGHTON OFF FOR ST. PAUL

Local Foot Ball Team Goes to Meet St. Thomas College Players.

GAME SCHEDULED FOR FRIDAY

Men in Pink in Condition and They Are Figuring on Beating the Bacon Back Home With Them.

The Creighton university foot ball team, twenty strong, left Wednesday evening for St. Paul, Minn., where it meets St. Thomas college Friday. Coaches Harry Miller and Chester Dudley made the trip with the following players: Burford, Tamisla, Warren, Stapleton, Showalter, Brennan, Brestzke, Ehrhart, Coffey, Carrig, Nigro, Caspy, Wagner, Wise, Platz, Flood, Shannon and Reel.

This is Creighton's first outside game of the year, and the team, according to the director of athletics, is in tip-top shape. Platz is back in the lineup after a week's absence because of a boil on his neck. Coffey is still suffering slightly from the remains of a boil on his back. Stefan is the only regular man missing, as he has just left the hospital following an injury to his leg.

St. Thomas Fast Team

St. Thomas has a light and fast team, and Creighton expects to rely much on the toe of Jap Tamisla to score. The teams played two years ago in Omaha, the game resulting in a 6 to 0 tie.

John McGovern, former quarterback and star of the Gophers, will referee the Creighton game.

The director of athletics at Creighton stated Wednesday evening that nothing had been heard from Marquette, concerning the formation of a new conference to include Marquette, St. Louis, Creighton, Michigan Aggies and a few other western teams not now in conference.

The Creighton-Marquette game scheduled for Milwaukee a week hence will be played under the original contract barring first year men.

Kaunakeli, center of the Creighton team last year, will referee the Ashland-Wahoo high school game at Ashland Saturday.

Creighton High will meet Loran (Ia.) High school on Creighton field Saturday afternoon.

Michigan Team Off For Harvard Game

ANN ARBOR, Mich., Oct. 28.—The University of Michigan foot ball team left Ann Arbor this afternoon for Auburndale, Mass., where it will finish its practice work for the Harvard game on Saturday. The team will go to Cambridge Friday noon. Twenty-four players were in the squad.

Just before departing Coach Yost said: "We are going to show Harvard the best we have. It is unfortunate for Michigan that Hughes and Spwan are not in the best of condition and it seems too bad that we can't have Galt in the lineup. But in spite of these drawbacks we are going to give those easterners a fight."

Meyers a Coming Trolley Dodger

President Ebbets of the Brooklyn club last week signed H. H. Meyers, an outfielder, to a two-year contract, covering the seasons 1915 and 1916.

BREAK TWO WORLD RECORDS

Speed Boys at Motordrome Attained Such Results Says Bernstein.

ADDRESS TO REAL ESTATE MEN

Promoters of Enterprise Tell Audience That Venture Has Been Financially Successful and Predict Same For Auto Track.

"We broke two world's records in fourteen days of racing," said Mogy Bernstein, in speaking of the motordrome before the Omaha Real Estate exchange at noon. Bernstein and Jack Prince, the promoters of the motordrome, appeared before the exchange on invitation to tell of the success of the races, and propound their plan for an automobile speedway which they expect to have in operation for trial races by Thanksgiving.

Jack Prince told the real estate men of the successful speedways he had promoted in other places, and of the publicity the cities are getting out of the project. He assured the Omaha men he would have a speedway in Omaha on which records would be broken next spring, and there was no question about it. He explained that the plank track was a great improvement on the dirt, brick, concrete and other speedways that have been built in the past, because the shock to the machine and the driver is not so great.

Is Paying Proposition

Bernstein, the financier of the project, told the exchange that in the fourteen days the motordrome had run he had made money enough to pay his entire lumber bill to the Dietz Lumber company, and that he had paid the stockholders 25 per cent in dividend besides. He said by next spring they would have the auto speedway finished at a cost of less than \$50,000. "And I don't need the Omaha lumber men, either," he said. "I understood there was a combine among them whereby the local lumber men were not going to let me have the lumber. Well, I am getting the lumber just the same from the outside, and for over a week the lumber has been rolling in and into Omaha. If anyone doubts that it is so, let him come out to the speedway in the morning and see the lumber being unloaded."

Tickets Selling in Omaha for Gridiron Conflict With Ames

Amos Thomas of the Omaha alumni has procured fifty tickets for the Nebraska-AMES game at Lincoln Saturday for sale in Omaha. The tickets will be placed at the Unit-Doekal Drug company and at Myers-Dillon stores. No special train will be run to Lincoln from here Saturday, but many Omahans will make the trip on the regular train.

Mr. Thomas will have 400 tickets for Omaha sale for the Nebraska-Kansas game at Lincoln November 14. A special train will run out of here on the same schedule as did the train for the Michigan Aggie game. The South Omaha stock yards men are also planning to go to the Kansas game by a second special. The Kansas game is home-coming day. The tickets will be on sale at the same drug stores in another week.

CUTFIELDER MANN IS GIVEN RECEPTION

LINCOLN, Neb., Oct. 28.—A monster parade, led by a band, was the welcome given Leslie Mann, outfielder of the champion Boston National league team, upon his return to his home here today. A public reception followed. A banquet in honor of the player will be given tomorrow evening.

Superiors Reorganize

The Superior foot ball team has organized and under the management of Otto Hachten is looking for games with all the fast teams. Mr. Hachten has a big surprise for the foot ball fans, as he has some dark horses. He has most of the old squad, the bunch that won the city championship for four years, are back Thursday evening will be the first practice. For games call O. Hachten, Douglas, 619 or Douglas 670.

Fast Pacers Sold at Auction

DECATUR, Ill., Oct. 28.—Hedgewood Boy and Lady Maud C. world's champion pacing team, were sold at public auction at Taylorville, Ill., today to Thomas Kiser of Stoughton for \$7,000. The horses formerly belonged to the J. C. Crabtree estate.

Says Rockefeller Innocent of Charge

PHILADELPHIA, Oct. 28.—John D. Rockefeller and his son, among the defendants in the government's dissolution suit against the United States Steel corporation, were defended in the federal district court today and held innocent by their counsel of the charge that they were co-conspirators in the formation and management of the big steel concern. George Welwood Moray of New York, who argued their case, suggested to the court that possibly the government appended the name Rockefeller to the list of defendants merely to "add drapery and scenery to give effect to the suit."

NOTED GENERALS

IN NEW UPRISING

News of Another Rebellion Follows Suppression of Maritz in South Africa.

ORGANIZED REVOLT STARTED

De Wet and Beyers Take end in Orange Free State and Western Transvaal—Town of Hellbron is Seized.

BULLETIN

LONDON, Oct. 28.—An official Pretoria dispatch announces that General Louis Botha, premier of the Union of South Africa, has left for front.

LONDON, Oct. 28.—Another rebellion has broken out in South Africa. General Christian de Wet and General Christian Frederik Beyers have taken the lead of the rebels in the Orange Free State and western Transvaal.

Having put down the rebellion in the northern province of Cape Colony led by Lieutenant Colonel Maritz, the government of the Union of South Africa is now faced by the more serious rising under Generals De Wet and Beyers, the latter of whom resigned the command of the Union forces when Premier Botha decided to take up arms against Germany.

Hellbron Seized

According to an official report received today armed rebellious commandos are already in existence; the town of Hellbron in the northern part of the Orange River colony has been seized and the government officials have been taken prisoners, while a train has been stopped and armed citizens of the defense force have been taken from it and disarmed. "Now," continues the proclamation, "the duty of the government is clear. It is determined to deal with the matter with a firm hand and is taking all necessary steps to this end. The very great majority of citizens in every province of the Union are thoroughly loyal and detest the very idea of rebellion. When they are aware of the situation, they will undoubtedly give the government every assistance in restoring order and will carefully abstain from giving the rebellious movement any encouragement or support."

Both Generals Famous

General De Wet is the cavalry leader who gave the British so much trouble in the South African war. It was announced that he had offered his services to England.

Brigadier General Beyers was a noted figure in the South African war and was chairman of the Vereeniging peace conference. Last September he resigned as commanding general of the Union defense force, because of his disapproval of the action of Great Britain in sending commanders to conquer German Southwest Africa.

Government Buys \$10,674,112 Armor

WASHINGTON, Oct. 28.—Contracts for \$10,674,112 worth of armor plate and steel for the new battleships California, Mississippi and Idaho were awarded today by the Navy department to the Bethlehem and Midvale Steel companies. Reductions in prices of materials resulted in a saving for the government of \$75,540 as compared with the cost per ton of armor bought for the battleship Pennsylvania two years ago.

The Bethlehem company was awarded contracts for material for the two vessels aggregating \$7,122,708 and the Midvale company obtained the award for the other at \$3,551,404.

A statement issued by the Navy department tonight said the reduction in prices was secured through the efforts of Secretary Daniels, who persuaded the competing companies to accept contracts on the basis of total supply for the construction of the three vessels at the lowest prices they specified for limited quantities of the materials.

GERMAN RESERVISTS IN CANADA PROVIDED FOR

OTTAWA, Ont., Oct. 28.—Food and shelter will be provided by the Canadian government for large numbers of German and Austrian army reservists who are stranded in Montreal, Toronto, Winnipeg and other cities. Employment will be found for as many of them as possible. They would be arrested if they attempted to leave the dominion and it is feared many of them would freeze or starve during the winter unless aided by the government. A commission has been appointed to arrange for their maintenance.

GARST REFUSES TO RETREAT

Industrial Commissioner Will Not Back Up On Insurance Plan.

ORGANIZATION'S PLEA IN VAIN

Official Will Lay Proposal Before Legislature For The Body to Take What Action It Pleases.

(From a Staff Correspondent)

DES MOINES, Ia., Oct. 28.—(Special Telegram.)—Warren Garst, industrial commissioner, has refused to back up on his proposal to have the insurance laws of the state changed so as to take over the workmen's compensation business by the state, itself, and have it handled, despite the insurance companies.

He announced today that the big organization of insurance men formed yesterday will have no effect on his plans. The insurance men have organized to fight the changes and the commissioner will lay it before the legislature for that body to do with it as it pleases. The fight promises to be the big thing in the legislature the coming winter.

STATE FUNDS USED FOR OFFICIALS' OWN EXPENSES

BOSTON, Oct. 28.—State funds have been used for personal expenses, including travel, hotel bills, meals and entertainments, according to a report of the commission on economy and efficiency, filed today with Governor Walsh, who in July requested an investigation of expense accounts of state officials and employees.

The conditions, the report stated, are a lack of uniform regulations, expenditure of state funds by some officials for personal expenses, as traveling between home and office, personal hotel bills, and meals, entertainment, fees and tips, charge of full cash fare when mileage books are used and excessive telephone charges.

RAKE MAURETANIA FOR GERMAN SPIES

British Authorities Search Liner When It Reaches England for 24 with U. S. Passports.

THEY FAIL TO DISCOVER ANY

Timothy Healy, Asked by Officer if He is an Englishman, Replies "No, Sir; I Am an Irishman."

(Copyright, 1914, by Press Publishing Co.)

LONDON, Oct. 28.—(Special Cablegram to New York World and Omaha Bee.)—Reports having reached the British authorities from New York that there were twenty-four German spies on the Mauretania with American passports, extra precautions were taken this morning when the liner came alongside Princes Stage. The British foreign office had informed Ambassador Page, and he sent Edward Bell, second secretary, to meet the vessel. Horace Lee Washington, American consul at Liverpool, was also notified.

No Spies Found

Examination of passengers called to disclose any spies, though there was a stir when it was reported that an American had been found with rifles and cartridges in his possession. The man proved he was an Englishman connected with an arms firm in Birmingham.

Even Timothy Healy was called upon to prove his identity. One officer, without looking up, said: "Are you an Englishman?" Healy quickly replied: "No, sir; I am an Irishman."

There was a roar of laughter from the other first cabin passengers, all of whom were being put through the third degree.

Secretary Bell vouched for Miss Katherine Page, daughter of the ambassador, when she was called, as he

PACIFIC COAST CLUBS ARE LIMITED TO EIGHTEEN MEN

SAN FRANCISCO, Oct. 28.—Directors of the Pacific Coast Base Ball league adopted a rule today limiting each club to eighteen players hereafter.

"If organized base ball on the Pacific coast is to survive," said President A. T. Baum, "rigid retrenchments must be instituted and strictly followed. There must be an end to competition for players at excessive salaries."

All accounts agree that the season just ended has been far from prosperous for the league. It was necessary to drop Sacramento because of lack of support, and San Francisco finished the season with two teams.

Salt Lake is a bidder for the Sacramento franchise.

BUYERS BUSY PICKING HORSES FOR THE WAR

WEEPING WATER, Neb., Oct. 28.—(Special.)—A local horse buyer is busy in the various towns of the county buying up horses for European cavalry service. The horses must be between five and nine years old and must be of dark colors. It is said that buyers accept only about one horse out of every ten offered for sale.

THIRD OF MILLER ESTATE LISTED POOR SECURITIES

CHICAGO, Oct. 28.—Of the \$1,079,000 estate left by the late David Miller, president of the Chicago, Burlington & Quincy railroad, \$38,000 is in stock listed as "desperate" and \$507,000 in securities called "good." An inventory of the estate was filed in the probate court here today.

There is a Great Difference in Tobaccos

Tuxedo is the Mildest, Sweetest, Most Pleasant Smoke in the World, Because—

First—No one but the makers of Tuxedo is willing to spend the money necessary to buy the mildest, choicest, most thoroughly aged, selected Burley tobacco.

Second—No one but the makers of Tuxedo knows how to treat this Burley tobacco so that every bit of pleasantness and goodness remains in the tobacco and every bit of unpleasantness and harshness is taken out.

Tuxedo

The Perfect Pipe Tobacco

Tuxedo was born in 1904. Its first imitator appeared two years later. Since then a host of imitations have been born, and are clamoring for your patronage.

No imitation is ever as good as the original. No amount of advertising, no amount of bluster and bluff, can ever make an imitation tobacco as good as Tuxedo.

If you are not a pipe smoker, you are denying yourself the greatest smoking pleasure known to man. One week of Tuxedo will give you more enjoyment than you have ever had—and at the end of the week your nerves will be better and your general health will have improved. Try Tuxedo this week!
