Health Insurance for Meat Eaters

A well known authority states that the

filled with urle acid, the greatest foe to

The kidneys fight uric sold, something

they were never meant to do. The result

they were never meant to do. The result is they become weak from overwork, they get sluggish, the climinative tissues clog and the waste is retained in the blood to poison the entire system.

Let kidney trouble develop and it will lead to such fatal diseases as Dropsy and Bright's Disease.

Nearly all rheumatism, headaches, liver trouble, nervousness, constipution, dissiness, sleeplessness, and bladder disorders come from weak, sluggish kidneys and put them in good working order again by getting from your druggist about five ounces of Rheumassits; take two teasponthis in a glass of water before breakfast each morning and in a few days your kidneys will perform their duties in a perfect manner.

Theumassits flushes the clogged kidneys and stimulates them to action. It cleans out the stomach and intestines of all poisonous matter and leaves the intestinal canal clean and sweet.

Rheumassits is very inexpensive. It acts quickly without griping or nauses. Delicious to take—delightfully offervescent.

Rheumassits is prepared by the famous Rheumabath Company, Micneapolis, Minn.

Handicapped by a lack of men provided by the city, he called into service eight wolun teer motorcycle owners, two owners of automobiles, pulled the first detail of police and all detectives back onto the run until II o'clock, and, on account of forced to call upon men from the third detail to work on that assignment. results of his distribution and summoning of the men were apparent on the police records and last night goes down on the records as the quietest Hallowe'en the city has known.

LABOR UNIONS APPEAL TO THE FAIRNESS, JUSTICE AND HU-MANITY OF THE PEOPLE. ALL VOTERS REQUESTED TO VOTE AGAINST THE LAW AT

THE REFERENDUM ELECTION NOVEMBER THIRD, 1914. The last Legislature, under the influence of the insurance lobby, passed an unjust, unfair and inhuman Confiscation Law under the false and misleading name of a Compensation Law, but about thirty-five thousand of the fair-minded citizens of Nebraska throughout the state signed a petition to have the law suspended and referred to a vote of the people at the coming November election.

All the petitioners and every fair-minded voter in the state should vote against this Confiscation Law.

Within the past few days the insurance companies and their confiscation law.

Within the past few days the insurance companies and their representatives who had the law passed—unable to find a single sound spot in the law itself—have been filling the newspapers with huge advertisements regarding the alleged views of Wilson, Roosevelt and others, on the principles of Compensation Laws in general, but no pretense is made that any of the men referred to have ever read or even seen the proposed Nebraska law, which is nothing more nor less than a fraud, a cheat and a trap intended to mislead and catch the unthinking voter under the false name of Compensation.

The Central Labor Unions of Omaha and South Omaha, representing more than \$5% of all organized labor in the State of Nebraska, have unqualifiedly condemned this law and ask you, in the name of justice and humanity, to vote against it at the election next Tuesday, November third, 1914, for the following reasons:

1. The law was passed through the untiring efforts of the Employers' Liability Insurance companies' lobby, and was not passed in the interest of the laboring people.

2. While the Law pretends to be elective, it is in fact compulsory; because if the employer elects to accept the law, you may be sure that he will not keep men in his employ who elect not to accept the Law.

2. The Law does away with the right of trial by jury.
4. The Law does not provide any compensation for men who are disabled four-teen days or less, which means that it provides no compensation whatsoever for 90 per cent of all men injured. The Law does not require any security whatsoever for the payment of the

small allowances provided. 6. The Law does not allow anything for pain or suffering, no matter how great or how long continued; nor does it allow anything for mutilation or disfigurement of the body. For example, it allows nothing for the loss of a man's fingers or toes, or his ears or nose, except pay for half time, not exceeding \$10.00 a week, that he is actually unable to work with his hands.

7. The Law provides no greater compensation when a man is killed, leaving a wife and ten children, than when he leaves a wife and one child.

8. The Law does not do away with lawsuits or lawyers, which is the very thing that the upholders of this law claim that it will do, but it does cut the amount of possible recovery down to almost nothing.

9. The employer need not pay the weekly installments of compensation unless he sees fit to do so, but he may force his employe to sue for each and every installment

as it comes due. 16. The Law does not provide any greater compensation for the man who loses both arms and both legs and both eyes than it provides for the man who merely loses

11. If a workman has his leg cut off through the unquestioned fault of his employer, he would get no greater compensation than the workman who had his leg cut off through his own carelessness.

12. The proposed Law allows the injured man only about one-tenth of what he can now recover under the general law, and permits his employer to keep the other 90 per cent of what should rightfully be given to the injured man. 13. The average common taborer will not earn on an average more than \$16.60 a week, and the proposed Law provides for him only the following meager allowances

For the loss of his hand only \$5.00 a week for 175 weeks, or \$875.00.
For the loss of his arm above the elbow, \$5.00 a week for 215 weeks, or \$1,075.00.
For the loss of his foot or leg below the knee, \$5.00 a week for 150 weeks, or \$750.00. For the loss of his leg above the knee, \$5.00 a week for 215 weeks, or \$1,075.00.

For the loss of his eye, \$5.00 a week for 125 weeks, or \$625.00.

12 he has his leg cut off at the hip, this Law says that he should receive only \$1,075.00, payable in weekly installments of \$5.00 a week. If he has his arm cut off at the shoulder, it only allows him the same amount

payable in the same manner. payable in the same manner.

14. In their newspaper advertising, the Insurance Companies admit that their alleged Compensation Law is weak, defective and insufficient; but pretend that it can be amended by the Legislature. We submit in all fairness that there is not a single sound apot in this so-called Compensation Law from beginning to end on which an amendment could be based. The law is all bad. There is nothing good in it.

No fairminded, human man or woman could be satisfied with such payments as above set forth; and if you are not satisfied yourself, you should not vote to inflict such a Law on other people.

such a Law on other people. Out this out and remember to vote against this Law next Tuesday. Put your X in the square marked NO.

The Labor Unions of the State appeal to the people to help them in defeating this unjust and inhuman Law.
