McGrew's Relatives Elected to Office

While C. F. McGrew, cashier of the Live Stock National bank of South Omaha, is not in politics himself, he is feeling rather proud of the fact that he has some relatives who are, and of the additional fact that they were winners at the election Tuesday, and that they were elected on the republican ticket.

R. G. McGrew, a son of C. F. McGrew, was elected to the state senate of Wyoming on the republican ticket, defeating his opponent by a large majority. Down in Kansas A. W. Capper, a nephew of Mr. McGrew, was elected governor, by a safe majority. Mr. Capper is about 48 years of age and is a native son of the sunflower state. He has lived here all his life, except two years, when he worked in New York City on the editorial staff of the Tribune. When Senator Ingalls represented Kansas in the United States senate Mr. Capper was his private secretary.

Ever since he quit school Mr. Capper has been in the newspaper business. At this time he is owner and publisher, as well as editor, of the State Capitol at Topeka. He publishes a line of farm and agricultural papers all over the central west and southwest, there being something like a dozen in the list. His newspaper and printing business gives employment to more than 300 people.

Americans in Turkey Probably Are Safe

WASHINGTON, Nov. 5.—With diplomatic relations broken off between Great Britain and Turkey, administration officials today awaited formal notification from the triple entente powers that a state of war exists with the Ottoman empire. It was expected that upon its receipt President Wilson would issue a proclamation of neutrality.

Official advices received here indicate that the American missionaries in Turkey do not fear anti-Christian outbreaks. They long regarded war as inevitable and prepared to meet the emergency. American Ambassador Morgenthau has not indicated to State department officials that it would be necessary for missionaries in the interior to go to coast towns, although they had been advised to do so by their societies. In the absence of advices to the contrary, officials here believe Americans are in no danger. Ample funds are said to be available for Americans.

HEINZE'S SISTER WILL ADMINISTER ESTATE

SARATOGA, N. Y., Nov. 5.—F. Augustus Heinze, the copper mine owner who died here last night, left no will. This became known this afternoon when Mr. Heinze's lawyers obtained from Surrogate Ostrander an order appointing Mrs. Lida M. Fleitman of New York City, Mr. Heinze's sister, administratrix of his estate.

The papers filed with the court placed a nominal valuation of "more than \$18,000" on his estate. The lawyers intimated that the estate affairs are somewhat complicated and that, public estimates, which have been made heretofore, are largely in excess of its actual value. Mr. Heinze's body was taken this afternoon to New York City, where the funeral will be held tomorrow.

LOCAL FIRM GETS ORDER WITH CASH FROM TURKEY

Harry E. Ryan of the Ryan Jewelry firm has just received a money order from a firm in Turkey for the shipment of a large amount of stationery to Constantinople. Charges for transportation included in the payment and a request to make immediate delivery. Ryan is in a quandary as the development of hostilities in the country makes it impossible to meet the demand. Beside this order a large quantity of Sheffield silver from Birmingham and several crates of Minton china from London have been received.

BUSINESS COLLEGE STUDENTS ENJOY HIKE

The Mosher-Lampman college students, chaperoned by the teachers, went on a hike to Elmwood park Wednesday afternoon. Waffles were roasted and served with hot rolls for luncheon. Fruits and cookies were served for a dessert. After lunch a short entertainment was given at the pavilion by some of the students, after which the evening was spent in playing games and dancing.

Why You Should Use Chamberlain's Cough Remedy.

Because it has an established reputation won by its good work. Because it is most esteemed by those who have used it for many years, as occasion required, and are best acquainted with its good qualities. Because it loosens and relieves a cold and aids nature in restoring the system to a healthy condition. Because it does not contain opium or any other narcotic. Because it is within the reach of all. It only costs a quarter. Obtainable everywhere.—Advertisement.

Six Meet Death in Lodging House Fire

NEW YORK, Nov. 5.—Six men were burned to death in a fire which swept through a four-story lodging house at 22 Eighth avenue this morning. Fifty men were sleeping in the structure when the fire was discovered. Firemen made many thrilling rescues. Most of the forty-four men who were saved were carried to the street by firemen.

The bodies of the six men who perished were found on the bed springs—the mattresses had been burned—so charred that they could not be recognized. Within thirty minutes the fire was out. The origin was traced to a store room on the second floor which contained kerosene, used for cleaning.

CHARGES ARE PREPARED AGAINST A POLICEMAN

Charges against Patrol Conductor A. C. Anderson have been prepared by Police Commissioner A. C. Kugel and will be filed with the city commission at its next meeting. Anderson is charged with violation of police regulation No. 26, which provides that if a member of the force willfully maltreats a prisoner, or uses unnecessary violence, he shall be subject to immediate dismissal. In support of the charges, Commissioner Kugel alleges that Anderson struck and maltreated Frank Robb, while taking him to the police station in the patrol auto, after Robb had been arrested on a charge of drunkenness, and had been handcuffed.
