M. CLARK

College DAY SCHOOL NIGHT SCHOOL

LOOK AROUNDI It is absolutely necessary to the wel-fare of a man that he and his job are flitted to each other. It is escential to business. Frequently a man's career takes a complete new turn, his real abil-ity appears for the first time, his real abil-ity appears for the first time, his very character seems to change when he finds himself fitted to the right job. Therefore, we deem it the most import-ant function of our business to bring to-gether the job to be fitted, on one nand and the man with ability to be fitted, on the other. We teach punctuality, accuracy, system, dependability and thoroughness along with the subjects studied in the text-books-and these are the things which, in addition to shorthand, typewriting, bookkeeping, etc., are demanded in the best business offices. Young people who expect to attend school anywhere should have a copy of our free datalogue. Write, phone or call bougias 1565.

| Oma | ha R | eal Estate |

have been collected and published in the real estate columns of today's Sunday Bee. The offerings today are unusually attractive and care has been taken to make it as easy as possible for interested people to get the latest information on values and conditions. It is doubtful if any other city approximating the size of Omaha can offer such splendig

opportunities in real estate investments. Its position in the world of commerce, stability of business and steady and consistent growth are almost incomparable.

Real Estate is consequently worth while studying and intensely interesting to the man who wants to make money on his investment with a minimum of risk.

These real estate announce-ments may be found in the Classified Section of today's Bee.
