Walt Says All Notified. The intention of ex-representative Bollen to ask for a recount on the constitutional amendments which were lost because he believes that straight ballots were not counted for the propositions has caused the secretary of state to make a statement that every county clerk was notified by him by letter and that the certificates sent out showed that all amendments had been endorsed by all parties at the primary and straight party ballots would count for the amendment.

Spencer Faces Contest. Julius Neuman, defeated democratic candidate for the state senate from the district composed of Pawnee and Gage counties, today announced he would contest the election of A. D. Spencer, his successful republican opponent, on the grounds that illegal votes were cast at the election, claiming that a bunch of cornhuskers from Iowa voted when they had no right to do so.

Adds to Rifle Range. The State Military board closed its session today and, among other things, recommended that an additional 100 acres be bought to add to the rifle range at Ashland. This will make 900 acres in all, and will make a very desirable range. The government pays for the land. It also approved the application of Hastings for permission to organize a battery, and of Holdrege, for a troop of cavalry.

Hollenbeck in Lincoln. Judge Hollenbeck, chief justice-elect, with Mrs. Hollenbeck, was in the city today and called at the state house. The judge visited the supreme court and met with his future associates. While the law requires that a justice of the supreme court must reside in Lincoln, Judge Hollenbeck would like to spend the winter and in his home at Fremont, and with that end in view, engaged rooms at the Lindell hotel. If that arrangement can be made he will try it for a while, at least.

Notes from Tryon. TRON, Neb., Nov. 18.—(Special.)—In the trial Saturday of the State against W. K. Flynn and son for assault on William Chessmore, the charge against Flynn, sr., was discharged, and young Flynn was tried before a jury, who, after listening to the evidence for some six hours returned a verdict in about ten minutes of guilty. Judge Stack fined him \$15 and costs. He appealed the case to the district court.

The board of insanity was in session two days this week inquiring into the sanity of Edward Matthews, an old man whose feet were frozen last winter and had to be amputated at the instep. He has 60 acres of land, but will not do anything to help himself and has become a burden to his neighbors. The board could not find him insane, but did find that he is incapable of attending to business and will have a guardian appointed and send him to the House of Hope in Omaha.

Business Block in Anselmo Burned

ANSELMO, Neb., Nov. 18.—(Special Telegram.)—Fire destroyed the Maroney block early this morning, causing a loss of about \$15,000. The blaze started in the building occupied by Ross meat market. The building was occupied by the Peoples State bank, Dr. C. L. Willis' office, Fred Ross' meat market and Henry Doty's restaurant.

It was apparent from the start that nothing could be done to save the building, and efforts were directed toward saving the adjoining building, occupied by Kelley & Willis drug store. This building was badly damaged, but the stock was only injured by water.

The loss on the Maroney building is about \$2,000. It was insured for \$2,000.

The other losses are: Bechbuhl building, occupied by Kelley & Willis, \$500, fully covered by insurance; Peoples State bank, \$1,000, fully covered; Ross meat market, \$500, insurance \$500; Doty's restaurant, \$1,000, no insurance; owner out of city. The bank reopened today in temporary quarters.

Plenty of Halls Now Upon Roster of State

(From a Staff Correspondent.) LINCOLN, Nov. 18.—(Special.)—In these days of "over production," "over stocked," and other things which are overdone, the secretary of state, when he comes to revising the directory of officers of the state of Nebraska will find under the letter "H," something like this: Hall, George, city state treasurer. Hall, P. B., jr., adjutant general. Hall, Philip F., jr., adjutant general. Hall, Thomas L., railway commissioner. The above represent two different tribes of the Hall family. George F. and Thomas L. are brothers, the former a democrat and the latter a republican. The other two are father and son and both are democrats.

Morehead Calls Upon Citizens to Donate to Belgian Relief

(From a Staff Correspondent.) LINCOLN, Nov. 18.—(Special.)—Recognizing the worthiness of the claims of the Belgians for relief and the work being done by the committee in raising funds for the relief of the war sufferers, Governor Morehead this morning issued the following proclamation:

PROCLAMATION. "I have been requested by the committee engaged in relief work in behalf of the Belgian people, to make an appeal to our people to support them in their work. Belgium is the most thickly populated country in the world, and is at present in dire distress. Normally importing three-quarters of its food from abroad, it possesses no longer the means of purchase. Winter, perhaps, of unusual severity, is approaching and a population of 7,000,000 stands on the brink of starvation.

"Ambassador Page has the written assurances of the British, Dutch and German governments that shipments for the relief of the Belgians will not be seized or confiscated, and American agents will personally effect the distribution among the famished and stricken individuals. The Belgian movement has become one of national magnitude and interest.

"Therefore, I call upon all citizens to contribute of their bounty towards the good cause. Lancaster and Seward counties are sending two carloads of flour as a beginning. Custer county is reported to have raised a carload of wheat. The millers are arranging to grind the wheat and other cereals free of charge. Let me ask the farmers who have been blessed with a bountiful harvest to contribute generously. Clothing is also needed and will be gladly received by the committee. Citizens generally may make cash contributions which will be applied to the purchase of provisions. All offerings will be transported free and no money will be used for any purpose except for the purchase of supplies and food. For directions, apply to J. E. Miller of Lincoln, and he will send any information desired. Money contributions may be sent to W. C. Wilson, Bankers Life building, Lincoln.

"Given under my hand this 18th day of November, 1914. JOHN H. MOREHEAD, Governor."

TALK OF CAPITOL BUILDING

Constant Repairs on Old One Lead to Suggestion of Plan.

SMALL LEVY TO RAISE FUND Workmen in Representative Hall Find Structure in Bad Shape Due to Settling of the Walls.

(From a Staff Correspondent.) LINCOLN, Nov. 18.—(Special.)—Carpenters, masons et al. are at work on the biennial stunt of fixing up representative hall so it will be presentable for the lower branch of the legislature this winter. The south foundation of the east wing is insecure and the walls have settled so much that there is a drop already of about six inches in the wall. Now the settling has begun again and the slabs have pulled away from the mason work in the southeast corner of the ceiling of representative hall and workmen are endeavoring to cover the hole.

Last session the crowded condition of the building was such that the board of state officers having in charge the building was authorized to spend considerable money in fixing up the fourth floor of the capitol for office rooms and about \$40,000 was put into the work. The offices are the best in the state house as far as convenience and workmanship are concerned and are fitted up in very modern style, but on account of the metal roof they are so hot in summer that none but the four outside suites can be used.

New state house talk is already being heard and one state officer this morning made the suggestion that the legislature ought to make the same kind of a provision for raising money to build a new state house that it made at the last session for the extension of the state university. He advocates the making of a small levy, the proceeds each year to be loaned, out of which when it has reached a suitable amount a new building shall be erected which will be a credit to the state.

The university building fund is created by a levy of three-fourths of a mill yearly for six years. This will raise in that length of time over \$2,000,000, and

The Hupmobile

A Top Unlike Any You've Seen in Past

If you have in mind, in connection with the Hup Sedan top, the make-shift winter tops you have seen—forget it, says the Cadillac Company of Omaha. Because the Hup Sedan is nothing like them. Where they are clumsy and destroy the lines of the car, this top retains the graceful beauty of the Hupmobile.

Where they shake and rattle and work loose, this top is firmly and substantially attached. Where their doors are ill-fitting, unhandy affairs, these doors fit snug and light, and open easily and wide.

Where the others, at best, are but protection against wind and cold, the Hup Sedan—in spite of its low cost—actually has limousine luxury in its outside and inside finish. The Hup Sedan is designed and built by the Hupmobile Factory—the first time any automobile manufacturer has gone so far with such an important feature. And it literally gives two cars at the price of one. See it.
