**CORNHUSKERS PASS THROUGH**  
Stiehm's Men on Way to Iowa City for Game with Hawkeyes.  
**ALL ARE IN FINE CONDITION**  
Twenty-One Athletes in Party, Each Ready to Play and Each Confident of Victory, but Expect Hard Battle.

Mr. J. Stiehm, the well known Nebraska pitcher, spent three hours in Omaha last night, superintending the evening eats of his precious charges at the Hotel Rome. Mr. and Mrs. Stiehm and his proteges were on their way to Cedar Rapids, where they will engage in a little preliminary practice today preparatory to the big fray at Iowa City Saturday.

That the Cornhuskers will find the Hawkeyes digestible provender is the general feeling of Nebraska supporters. But Mr. Stiehm, like most coaches, doesn't cherish the same idea. He thinks Iowa has a swell team and he expects a hard battle. That is his official opinion. What his own private hunch is, he does not disclose.

**Twenty-One Make Trip.**  
Twenty-one athletes are traveling under Stiehm's protecting wing. They are Captain Haglign, Rutherford, Delameter, Chamberlain, Howard, Shields, Cameron, Abbott, Corey, Balls, Doyle, Caley, Gross, Poits, Hawkins, Porter, Seltzer, Dale, Norris Wilson and Habersleben. Manager Guy Reed and Assistant Coach Hoefel are also in the party.

A number of the Omaha alumni were on hand to greet the Huskers. Dan Butler and Eddie Creighton, likewise put in an appearance to chat about possibilities of a game between Nebraska and Creighton in Omaha next fall. Butler and Creighton believe such a contest would be remunerative and would satisfy those Omahans who think Nebraska should play one game each year. Stiehm is seriously considering the matter.

**Men in Good Shape.**  
The men are in fine condition and everybody will be able to play Saturday unless injured in the practice at Cedar Rapids. A short practice was held in Lincoln before the prices of the state embarked for Omaha.

Contrary to expectations no feeling of confidence permeates the Cornhuskers. All of the boys seem to hold Iowa in respect and anticipate a hard battle from Hawkeye's men. They expect to win, however, but they have not that feeling of superiority which so often proves the undoing of a powerful foot ball machine.

**No Harvard Game.**  
Just before leaving Lincoln Stiehm received a telegram from Manager Richards at Harvard, confirming the previous report that Harvard would not play Nebraska. The message ran: "Harvard authorities have already decided post-season games are impractical." As Illinois seems to avoid the Huskers, it is probable that Nebraska will not be given an opportunity to prove its strength with other champions. Harvard and Illinois are to be congratulated on their judgment; Nebraska is no team for them to monkey with.

The Huskers left last night over the Northwestern for Cedar Rapids. Tonight a special train will run through Omaha to Iowa City on the Rock Island. Two cars from Omaha have already been reserved by Omahans who will attend the game.

Bresnahan Named Manager of Cubs

CINCINNATI, O., Nov. 19.—Roger Bresnahan was today appointed manager of the Chicago National league base ball club, following a meeting of between President Thomas of the club, Charles F. Taft, owner of the majority of the stock of the club, and Bresnahan. He succeeds Henry O'Day, Bresnahan signed a contract for three years. He was formerly catcher for the New York Nationals, former manager of the St. Louis Nationals and last season was catcher for the team he signed to manage today.

CHICAGO, Nov. 19.—Terms under which Roger Bresnahan signed to manage the Cubs, according to newspapers quoting a "trustworthy source," include a salary of \$6,000 as player and \$12,000 as manager, a total of \$18,000 a year. A clause providing that the new manager cannot be discharged without his consent until the expiration of his term also was included, it was said.

Speculating on the future of Hank O'Day, deposed as west side leader to make room for Bresnahan, Chicago fans believe he will again join President Tener's staff of umpires. Upon his resignation as Cincinnati manager he resumed his place as umpire during the season of 1912.

CHIEF WINNEBAGO JOHNSON NOT WORRYING OVER PAY

Chief Johnson, formerly a hurrier in the Western league and last year with the Kansas City Federals, passed through Omaha Wednesday on his way to Sioux City. Johnson declares he has a three-year contract with the Federal men and that the money is deposited where he can collect, even though peace be declared of the Federal league blow up. The three-year players in the Federal league are not worrying, as they have a cinch of collection of the salaries stipulated in their contracts.

Charlie Van Sickle, the only Western league umpire who will be resigned for next season, is in Omaha. Van Sickle will spend the winter here and don the O'Neill uniform next spring.

WILL STOP SPECULATION IN ARMY-NAVY TICKETS

PHILADELPHIA, Nov. 19.—The university Pennsylvania authorities announced today that they would employ drastic measures to prevent tickets for the Army-Navy foot ball game, which will be played on Franklin field November 28, from falling into the hands of speculators.

Reopening of Stock Exchange Postponed

NEW YORK, Nov. 19.—The officials of the stock exchange announced this afternoon that because of unforeseen difficulties the plan to reopen the exchange for dealings in bonds has been indefinitely postponed. Earlier in the day it was officially stated that trading in this class of securities would be resumed on Saturday, subject to minimum prices.

Soon after this announcement was made officials of the exchange received inquiries from various parts of the country, some of which stated that the proposed opening did not allow sufficient time for bond houses and other dealers to make adequate arrangements. It also was intimated that pressure had been brought upon the exchange by prominent banking interests which are said to have declared that domestic and financial conditions were not yet sufficiently stable to permit the resumption of such operations with safety.

Young Man Fatally Hurt.  
LOGAN, Ia., Nov. 18.—(Special Telegram.)—Otis, 17-year-old son of W. L. Coffman of Magnolia, was fatally injured northwest of his home this afternoon when his car upset. He was not found until two hours after the accident.

THREE IOWA PLAYERS HURT

Hawkeyes Reported Injured During Practice with Freshmen.  
**NEW LOT OF GLOOM DOPE**  
Coach Hawley is quoted as saying that Cornhuskers Will Win by Score of About Twelve to Seven.

IOWA CITY, Ia., Nov. 19.—(Special.)—Two touchdowns against the freshmen, an injury to three of his players and a prediction by himself that the score would be something like 12 to 7 in favor of Nebraska were the sum total of developments around Coach Hawley and the Iowa squad this afternoon. Practice was secret and the coach was careful to keep his injured players obscured. It is understood, however, that at least one occupies a position in the backfield. The ghost ball and air lights kept the moon busy on a cold, windy field until late into the evening.

The first string men had little trouble with the freshmen in their afternoon's scrimmage. At the first kickoff Gross carried the ball half way down the field. The freshmen held but once for downs, soon lost the ball again and Gross took it over in a snappy run around the end. On the next kickoff Parsons was downed in his tracks, but Garretson soon recovered the distance by short smashes and Donnelly took it over, Nebraska's play's in the hands of the freshmen seemed to have little effect on the regulars.

After the scrimmage light signal drill, which was the first order of the afternoon, was commenced again and lasted until a long time after the lights went on. Coach Hawley and Trainer Watson continue to fear with all sincerity the physical condition of the team as a whole. They add to an expression of these fears a statement that "bear dope" has nothing to do with it. But little change was noticed today, however.

Despite the pessimistic attitude of the Iowa coach, Iowa rosters and alumni are not inclined to regard the game other than in an optimistic vein. Noticeable among the alumni is Joseph N. Streff, attorney, from Washington state, who is an alumnus of the school and the team, who has come all the way from the coast to see the game. He has watched Nebraska play this year and declares Iowa is bound to win.

LAND QUESTION IS CAUSE OF MEXICO'S REVOLTS, SAYS LIND

(Continued from Page One.)  
other nations and spoke with pleasure of their universal courtesy and kindness.

**Made Wary and Suspicious.**  
"The hard experience of the Mexican has made him wary and suspicious," said Mr. Lind. "It has been difficult for the Mexican people to believe that our president did not have some ulterior motive in his proffered assistance and good offices. I think, however, that they are now about convinced, and when once convinced I think it will be true of the Mexican people, as it is of individual Mexicans, that when once you have their real confidence, more loyal friends are not to be found."

Mr. Lind excoriated the Mexican land-owning aristocracy, charging them with lack of patriotism.

"The troubles which beset the unfortunate people," said Mr. Lind, "do not evoke the sympathy of the men who have lost dividends from mines, or wells, or plantations. I do not believe these losses—'they have been great and grievous, but there are greater interests in this world than dividends. The future weal or woe of 15,000,000 people seemed of greater consequence to our president than the temporary losses of some of our citizens."

**Crime Against Nations.**  
"Property losses can be compensated; but to retard civilization, whether by the recognition of a Huerta, or as is done in Europe at this hour, would have been a crime against two nations and generations unborn. He proffered his good offices and the good will of our nation to the people of Mexico. Was this the true American spirit, or would you have had our president act in the spirit that is now devastating European civilization? Europe condemned the idealism of our president as well as his diplomacy. They are reaping the fruit of their diplomacy, we of ours. Which do you prefer? Fortunately, in the case of Mexico, idealism and practical statesmanship followed parallel lines."

Mr. Lind advocated the establishment of branch banks in Mexico and an earnest effort on the part of commercial interests to extend American trade to that country. He also advised careful preparation, including a study of the language, history and customs of Mexico by salesmen before satisfactory results could be expected.

COACH OF BEST TEAM NEBRASKA EVER PUT IN FIELD.

SMITH TO LOOP THE LOOP

Noted Aviator to Put On Thrilling Stunts at the Speedway.  
**PROGRAM FOR TURKEY DAY**  
Automobilists to Run Against Time and Motorcycleists to Put On a Splendid Card of Races—Program to Last All Day.

The management of the Speedway have received word from Art Smith, the famous aviator that he will be here on Thanksgiving day and will not only fly over the heads of the Speedway crowd, but will also loop the loop. It is said for Smith that he is just as daring at this wonderful task as is Lincoln Beachey, who so thrilled the Ak-Sar-Bien crowds.

The track will be in readiness for the speed tests on Thanksgiving day, when the racing cars will be run against time, the track not being built sufficiently wide to permit of auto racing. A splendid card of motorcycle races will be put on, the management arranging to give a continuous program from 10 o'clock Thursday morning until 3 in the afternoon. A sanction has been asked for the motorcycle races.

Butte Miners Charged With Deportation Must Stand Trial

BOULDER, Mont., Nov. 19.—Judge W. A. Clark in the district court overruled today a motion for a dismissal in the case of "Muckle" McDonald, Joseph Bradley and Joseph Shannon, members of the Butte Mine Workers' union on trial for the alleged kidnaping and deportation of three miners in August. The court held that a prima facie case has been made by the state. Shannon testified that although he was a member of the union's executive committee, he was a mere spectator at the "trial" and deportation of the miners, the object of which was to force their comrades to join the new union.

EAT POISONED PANCAKES; ONE DEAD, THREE VERY ILL

MOUNT PLEASANT, Ia., Nov. 19.—Inez Jordan, 14 years old, daughter of J. B. Jordan, is dead, and three other members of the Jordan family are in a critical condition as the result of eating pancakes which contained poison.

A murderous assault was made upon Mrs. Jordan two years ago.

**Wealthy Recluse Dead.**  
WEBSTER CITY, Ia., Nov. 19.—(Special Telegram.)—Charles Raymond, a wealthy recluse, who had lived a life of mystery in this city for years, was found dead at his home this evening. He was about 55 years of age and nothing is known of any relatives. A letter in the house from "Minnie," who wrote from Des Moines and who mentioned "Kate" and "Gertie" may solve the old man's identity.

CARRANZA MEN GO OVER TO VILLA

Chieftain Continues His Triumphant March to the City of Mexico.  
**RANK AND FILE ARE FOR HIM**  
Consular Agent Crothers Reports that There Has Been No Fighting and that He Does Not Expect Any.

WASHINGTON, Nov. 19.—Two thousand Carranza troops voluntarily surrendered to General Villa when he took Leon and other, and other garrisons all along the line are changing allegiance to the northern chief as he marches on toward Mexico City.

American Consular Agent Crothers, with Villa, reported there had been no fighting since the southward movement began and ventured his opinion that there would be no hostilities, because the rank and file of the constitutional army seemed to favor Villa.

Leon was taken yesterday without the firing of a shot, and other reports tell of the occupation of Irapuato and Guanajuato also without resistance.

No report was received here of the alleged interruption by Villa of the telegraphic conferences between General Gutierrez and General Gonzalez, but it was thought in official quarters that Villa had ordered all telegraphic communication with the troops south of him to come, so that the enemy would be unable to learn of the oncoming of his forces.

The general expectation in official circles today was that General Villa would reach Mexico City without much difficulty, fighting, perhaps one battle as his troops clashed with those of Obregon or Gonzalez near the capital.

**Obregon Says He Will Fight.**  
"The northern forces have 'volited every armistice and promise made to me. I consider that all efforts made to settle the present trouble without resort to arms are useless."

Consul Silliman, reporting from Mexico City, said he regarded actual hostilities as inevitable, although some of the generals persisted in their efforts to restore peace. Mr. Silliman added that conditions in the capital were more serious than they had been since peace parleys were inaugurated between the Agua Calientes convention and Carranza.

Coal Miners Again Present Colorado Case to President

WASHINGTON, Nov. 19.—The officials of the United Mine Workers of America, fresh from the American Federation of Labor convention in Philadelphia, where a resolution was adopted calling on the federal government to put the Colorado mines into a receivership unless the operators accept the pending plan for settlement of the strike, conferred today with President Wilson at the White House.

The delegation, including John D. White, president; William Greene, secretary-treasurer; and F. J. Hayes, vice president of the Mine Workers, were accompanied by Secretary Wilson of the Department of Labor, who has had charge of the negotiations to bring about a settlement.

Recently it was said the president was investigating the legality of a proposal of some labor leaders that the government close the mines. Protests against such action were received from representatives of the operators, and it was said at the White House that such a plan was being considered.

The labor leaders presented the Colorado mine strike resolutions of the Philadelphia convention to President Wilson, but did not discuss them, and it was said the president listened attentively while the officials gave their views on the situation.

After the conference Secretary Wilson said no conclusion had been reached. The union officials contended that trouble was likely if federal troops were withdrawn.

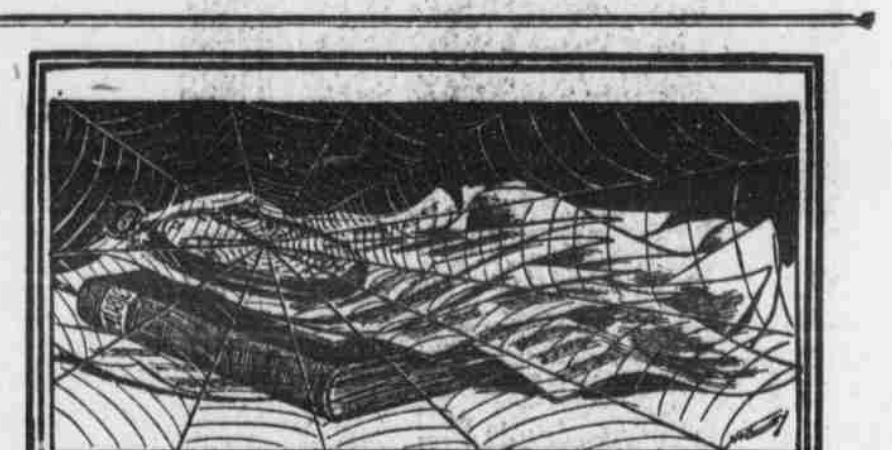

Secretary Wilson planned to confer further with the two conciliators he sent to investigate the situation.

LEADVILLE TENDERLOIN DISTRICT IS DESTROYED

LEADVILLE, Colo., Nov. 19.—The Leadville tenderloin district, famous for its saloons and dance halls in the pioneer days of violence and riotous celebration of sudden wealth, was swept away by fire early today. The damage was not heavy, as most of the buildings were flimsy wooden shacks which had stood since the boom days following the discovery of silver in the hills. The fire started in a rooming house over a saloon and dance hall.

SUSPECT ARRESTED IN REYNOLDS MURDER CASE

HUMBLETT, Ia., Nov. 19.—Roy James, aged 29 years, claiming his residence at Houston, Tex., and also claiming to have deserted the United States army at Fort Sill, Okla., was held in jail here today in connection with the killing of Conductor William J. Reynolds on a Chicago & Northwestern freight train near Rutland, Ia., yesterday morning. The conductor was killed when a lone bandit held up the train. James declared that he knew nothing of the holdup.

**There is Never a Dull Moment When There is an Angelus Player Piano in Your Home**

When the Angelus comes into your home brightness and good cheer come with it. There is never another dull moment. There is music for every mood and every occasion. The merry rhythm of the dance, the stately cadence of the hymn, the wild haste of the march and the gallop, and the pathos of "Love's Old Sweet Song" are all at your command instantly, and under your direct and personal control with the

**ANGELUS**  
The Pioneer  
**Player-Piano**

The Angelus was not only the first, but it is the only player-piano which the novice can play and obtain real musical effects—can produce music that has the interest and charm of human playing. This is because the marvelous Phrasing Lever (patented) of the Angelus gives exactly the same control of expression as that of the hand performer—by the mere pressure of one finger. The Melodiant, the Graduated Accompaniment and the melody Buttons, supplement this wonderful device and make the Angelus the only complete and perfect means of playing.
