

Butler to Agitate for an Amendment to Election Statutes

An amendment to the commission form of government providing that each candidate run for a particular office instead of for commissioner, will be asked of the legislature this winter by City Commissioner Dan B. Butler.

Such an amendment has several times been considered by commissioners and others interested in the commission form. Commissioner Butler said:

"It is to me a self-evident need that a

man running for office let it be known what office he wants and then the voters can pass on his qualifications for that particular office. As it is now he may be assigned after election to an office he did not intend to occupy and which he is not fitted to hold."

Commissioner Butler has suggested the amendment to several members of the legislature and they have approved it. He believes there will be little or no trouble in securing its passage.

DRESHERS' DRIVER FINED FOR HURRYING TOO FAST

Sometimes it is expensive to have gloves cleaned. Al Dresher found this out. A woman telephoned in from Nob Hill that she had some gloves that she wanted to wear in the evening and that she would like to have them cleaned and returned as soon as possible. So Al Dresher, who likes to give service better than anything else, started an automobile on a special trip for the gloves. It cost his chauffeur \$12.50 in police court yesterday for hurrying too fast.
