

THIRTY-SECOND IS GIVEN

Next to Highest Degree in Masonry Administered to Two Hundred.

MANY VISITORS SEE THE WORK

Shriners from Various Parts of the Country Watch Exemplification at the Brandeis Theater.

Those candidates for the highest rites in Masonry, here at the reunion this week and who have been seeking the apex of the order by way of the Shrine route, got their Friday. There were something like 300 of them and the degree was conferred at the Brandeis theater Friday afternoon commencing at 1 o'clock.

The class is the largest that ever entered Tangier temple and consequently the greatest preparations in the history of the order were made for the event. The interior of the theater was decorated for the occasion until it bore a close resemblance to an up-to-date lodge room. The candidates were given the secret work upon the theater stage, while the body of the house was occupied by Tangier members and visitors from Des Moines, Sioux City and Lincoln shrines.

Busy Day for Shriners. The entire day was a busy one for the Shriners. The glad-hand committee was

MEN, WAKE UP, GET WISE TO SITUATION.

Why Spend Money Foolishly During This Time of Quietness?

You're Smart Enough to Make Money—Why Not Wise To Saving It?

Do you realize how much money you spend foolishly on clothing, cigars, drinks, etc. each month? Are you any better off when you go to a tailor and pay \$25 to \$50 for a suit or overcoat? Do you look more dresy or just imagine so because the tailor charged you a fat price?

Stop—Think—about the suit you bought from a high-priced ready-to-wear house selling only high priced men's suits and overcoats. What was the opinion of your friends and relatives? Did they proclaim that it fit like paper on the wall?

If so—why? Because you paid a stiff price—not because it fit so good.

Wake up to the situation. You can buy the best ready-to-wear suits—pants—dress or storm overcoats for \$10 to \$15 that have ever been manufactured. How is it possible? Because we sell direct from factory to you. Our \$10.00 garments retail elsewhere at \$25 to \$50, and our \$10 garments sell in many stores in America at from \$18 to \$20.

Now if you think we are kidding you, come in Saturday and give us a chance to display for your vision the classic line of wools in tartan plaids, greys, blues, browns, both in checks and stripes, that we ever placed before your eyes and mind to inspect. We have no fake sales to attract you, only the best wools, latest styles, newest weaves and patterns—direct from factory to you. Let us save you 50 to 100 per cent on your winter clothing bill. out early and the members devoted their time to meeting the candidates and escorting them to the Masonic temple at Capitol avenue and Sixteenth street, where they were prepared for the last ordeal, at the same time taking from them the necessary duties to insure their safe passage across the hot sands to the Mecca. This having been done, following C. C. Howe, the potentate, assisted by the members of the patrol, all decked out in their gladiatorial robes of red and green silk, with gold braid without end, the pilgrims started upon the march to the torture chamber. There they appeared before the official divan and what happened afterward will never be known to any except Shriners and they are not going to tell.

Class Extra Large One. Owing to the class being the largest in the history of Tangier it was 6 o'clock before the initiation was completed. After that the new and old members hurried to lunch and after that, there was a theater party, following which they gathered at the Masonic Temple, where the big banquet was spread. It was several hours after midnight before the cigars were lighted.

Wesleyan Outplays Morningside Team In Speedy Contest

UNIVERSITY PLACE, Neb., Nov. 20.—(Special Telegram.)—Before the largest crowd ever assembled on Johnson field Morningside college of Sioux City met defeat at the hands of the Wesleyan Coyotes this afternoon, 13 to 0. Wesleyan played in the enemies' territory most of the time, except during the third quarter, when the visitors made a desperate effort to make a touchdown, only to lose the ball by good generalship in passing out of bounds from the three-yard line. This came after the ball had been rushed down the field in a series of end runs and delayed passes, which for a moment bewildered the Coyotes. Wesleyan did all of its scoring in the first eight minutes of play. After receiving the ball on the kickoff, a forward pass for forty yards, Patrick to Husey, brought the ball to the Morningside twenty-yard line. In the next four plays Patrick was pushed over for a touchdown, after three minutes of play. Eaton missed goal. Score, 6 to 0.

Morningside chooses to receive the ball, but the line held and they were forced to kick. Heavy line plunging and skirting end runs in which Johnson starred, put Johnson over for the second touchdown after eight minutes of play. Durham kicked goal. Score, 13 to 0.

For the remainder of the first half the play was about even. Wesleyan losing heavily on penalties for holding and off-side. The half ended with Wesleyan preparing for a drop kick from the thirty-yard line as the whistle blew.

After the fierce onslaught of the visitors during the beginning of the second half the home team again took the offensive and were twice within a few yards of the goal, once losing on a forward pass to their opponents, and once being held for downs.

This closes a very successful season for Wesleyan, the only defeat being at the hands of Creighton by a score of 13 to 6.

Table listing Wesleyan Morningside players: Husey, McCormack, Leah, Wipaler, Johnson, Eaton, Patrick.

DIRECTORS OF PANAMA RAILROAD IN SESSION

NEW YORK, Nov. 20.—The question of extending the mileage of the Panama railroad and the building of new ships to meet the prospective increase in South American trade was discussed here today at a special meeting of the road's directors. No conclusions were reached on these subjects, but another meeting of the board is to be held early in December when definite action on both propositions may be taken. The directors at the meeting included Secretary of War Garrison, who is an ex-officio member of the board.

ENTER KICK ON INSPECTOR

City Dads After Christmas for Continued Smoke Nuisance.

MAY FIRE AND HIRE ANOTHER

Commissioners Determined that Ordinance Must Be Observed, Even if Necessary to Get Another to Enforce It.

"Why doesn't Smoke Inspector W. A. Christmas enforce the smoke abatement ordinance?" This is a question the city commissioners have decided must be answered. "I'm doing my best," says the smoke inspector.

"There's the court house, worst offender," said City Commissioner Dan B. Butler. "What's the trouble? We've asked the county commissioners to stop the nuisance and they have promised to try. We believe it is because cheap stokers are in use there."

"No matter what the trouble is the ordinance is going to be enforced." The smoke inspector's friends say his trouble has been largely due to former Inspector R. U. Wolff's negligence in not compelling installation of proper stokers before winter set in, but it is pointed out that the present smoke inspector has secured little or no results since he was put in office.

The council admits that "Omaha is about the smokiest city this side of Pittsburgh." Downtown residents say that their lungs have been blackened beyond repair and hotel proprietors are kicking because their patrons complain that heavy smoke fills their rooms when the windows are opened at night.

The quotation of price naturally conveys but little to you. Let's tell you. We bought these from a first class manufacturer. The materials are handsome; the quality, excellent; the style, it goes without saying, is correct. Kilpatrick garments are bought for discriminating women. Never bizarre, there is an air of refinement suited to the patronage. Usually such suits might sell at \$25.00 to \$30.00. We have seen suits not nearly so meritorious quoted at higher prices.

Now Another Lot—These are model suits and in this case we do know the former prices. We ourselves sold many similar and when we quote the former price it means that was the regular Retail Price in this Store—showing a reasonable profit to us: One Suit, size 36, Russian Green Panne Velvet, was \$95; now... \$78

Last Saturday scores of women showed appreciation of our Coat offering—so striking the values—so worthy the garments, that we wired to the maker for a second lot. The materials are the same as the manufacturer used in coats made to retail at \$25 and \$27.50.
