REAL ESTATE-MISCELLANEOUS

For Sale By Owner

AS CERTAIN benevolent parties have recently donated a splendid property well located in Omaha (consisting of houses and lots) to a worthy charitable institution in another state, those representing the same desire to sell this estate at once, and if sold within the next ten days the purchaser will secure estate at once, and if sold within the next ten days the purchaser will secure a bargain that is only possible a few times in a life time. This is no "Sharper Real Estate Deal," but a bonafide offer from the persons authorized to sell this property at once, that the needs of the charity for which it was so generously given may derive the benefit that the donors of this fine estate intended. Phone Red 6669, and you will be called upon regarding this at once.

GRAIN AND PRODUCE MARKET

Much Vessel Room Chartered for Exportation of Grain.

FOREIGNERS BUY DECEMBER nable to Get the Cash Article Pur-

chasers Lond Up with Early Option and Will Likely Demand Delivery.

OMAHA, Nov. 20, 1914.

Vessel room was chartered on the lakes for the shipment of 1,500,000 bushels of wheat and 400,000 bushels of corn yesterday. Part of the wheat will go to Georgian Bay and the rate on this was lige, while part is to go to Buffalo at 20. The corn will go to Ruffalo at 13c. All the wheat is to go abroad and the larger part of the corn is for foreign shipment. A message was received from Boston saying vessel room for twenty loads and upward was engaged there yesterday and that the ocean freight situation showed signs of an easier tendency.

In all positions the cash sales of wheat for export yesterday were 1,30,000 bu. with 50,000 bu. reported as taken. Advices from the very best authorities at Boston. New York, Philadelphia and Baltimore told of a partial letur in the demand for wheat on export account.

Hog products showed a better tone early in the day, but there was considerable irregularity in values. Nevember land was possibly the weakest product of the list and showed little life Pork was higher, but inactive. It is believed further government action in declaring more open territory will bring in large hog receipts, as the growers seem anxious to liquidate at this time.

Wheat was 4671% lower.

Oats were unchansed to %c lower.

Corn was 4671% lower.

Oats were unchansed to %c lower.

As delivery is near, there is more talk as to the probable holders of the December wheat future. Foreigners are believed to be liberal holders, not only at Chicago and the northwest, but also in the southwest. The stand they have taken in the December future may be accounted for by their inability to get large lots of spot cash wheat and wanting the grains, they have bought the December and will demand delivery.

Fractional losses were shown in the outs market. The feature of the day was the selling of May and the buying of December by elevator people. The pit crowd favored the buil side.

tals 29.201 head, being 5,000 smaller than last week and over 20.000 lighter than a vear ago.

The market opened out about the same as on Thursday, Packers were very quiet, but shippers had good orders, and they proceeded to buy everything they could possibly use at prices that were senerally a dime higher. Killers' first bids were around a nickel up, but it is doubtful anything sold on this basis, and buyers were finally forced to meet the shippers figures, so that in the end practically everything sold at a dime advance. There was a fair degree of activity in the trade and the light supply was well cleared up by 5:20.

Finite of the offerings moved at 27,2500 for years week, although they show a gain of 2000 for over the last end of last month.

Receipts have been more or less of a disappointment this week. The first three days showed fair supplies, but the big decline during the first half of the week cut off the run, and while the week cut off the run, and while the week is closing with a first-class demand for good shipping grades, today's aupply was far smaller than any other day of the week. The presentative sales.

SHEEP-The character of the receipts was much like that on Thursday's market in that the big majority of the offerings came from the range and no strictly prime killers were at the disposal of buyers. Out of about thirty-five cars, there were no more than about half a dozen of fed western stock. In all about age of the corresponding day a year ago. The week shows a shortage for only about \$2.818 head have been yarded being \$.561 head short of last week and \$.655 short of the same week a year ago.

Prices on sheep and lambs ruled generally like higher this morning, with the competition keen among the packer buyers. Eight cars of Wheatfield lambs from Idaho sold up to \$5.80 with 150 head out. Yesterday a var of the same lambs brought \$8.65 with the same sort. The range on lambs today was anywhere from \$7.90 to \$5.80. Fat yearlings, like some at \$5.55 yeaterday, moved at \$3.40 this morning. Ewes were in meager supply, but showed the same advance as the general market. An active trade was a prominent feature, resulting in an early

men is set for December 19, Governor Hunt having reprieved them until after election returns determined the people's will. One other man is under sentence of death, but the date has not yet been fixed. Two more have been sentenced, but one has been granted a new trial and the other's appeal is pending.

In case the measure is defeated, as the vote seems to indicate, Governor Hunt probably will reprieve all the men until after Christmas and then scatter the dates for their execution.
