BOOSTING CREIGHTON GYM

Eighty Thousand Dollars to Be the Cost of the Building.

PHARMACY MEN PLEDGE THIRD

Members of the Alumni Take Hold of the Matter and Propose to Do Their Share in Financial Way.

The Creighton pharmacy graduates are the first to pledge a definite amount toward the erection of a new gymnasium at Creighton university. They have pledged \$1,000. Systematic work toward a definite plan for erecting the gymnastum has begun. The executive committee of the alumni plans to co-operate with the university authorities in the undertaking, is hard at work on the proposition, and at a meeting in the near future will submit a definite plan of procedure. At the outset a complete list of alumni is being arranged, according to states in which they reside and alphabetically in their towns.

A list of last year's graduates at the arts college shows that ten of the class are attending the other departments of Creighton, the law department securing the majority. The remainder have scattered, as shown by the following list: tered, as shown by the following list:

Lawrence Bushman, medical; Paul Burke, law: Earl Connolly, medical; Robert Cahill, teaching at Franklin, Neb.; Norman Haverly, medical; Henry Haun, law: Paul Harrington, in grain business with his father in Denvers Benedict Hennessy, tutoring; William Flahert, instructor in Campion college, Wisconsin; Joseph Lancaster, teaching in Campbell, Nob.; Carilele Lentz, medicine at Johns Hopkins: Edward McDermott, law: Frank McDermott, law: Raymond McDermott, law: Charles McEniry, pursuing business course in Clicago; John Moore, freight department, Union Pacific; Edward Plunkett, law: Harry Sullivan, medicine.

To Raise One-Third. It is planned by the alumni to raise one-third the total amount, \$80,000. which will probably be required for the building. Actual work in securing the funds will probably not begin until after the holidays, as examinations will occupy a greater part of the time of the present students and faculty.

A change will be made in the course at the pharmacy college immediately after the holidays. Instead of the usual ent of a freshman class at Christ mas and the holding of a broken course of fourteen months, divided into two periods of eight and six months each there will be no mid-year class enrolled. and the course will be extended to two years of eight months each. Following this change the pharmacy classes will graduate in April with those of the law, ental and medical departments. Already large number of applications for a mid-year class have been rejected. In addition, the pharmacy department

In addition, the pharmacy department is rigidly enforcing a one-year high school clause before admitting students.

Creighton Notes.

Bev. W. P. Mitchell, S. J., president of the Jesuit college at Bellize, British Honduras, formerly at Creighton, writes to friends at Creighton that the effects of the war are being felt in the financial conditions of that country. The tuition and board for the school at that place only amounts to 330 American money, but the stress of war times makes even that amount seem large. Rev. D. Edward, Hamilton, formerly a student at Creighton arts college, has been appointed fressurer at that place.

A new static electrical machine, the gift of Dr. Hombach of Council Bluffs, has been installed at the medical department. Eight stationary and eight revolving plates on the machine can be used for demonstration, as well as for clinical purposes. It is also squipped with X-ray and design tubes.

Journal and a set of books on inter-commerce have been presented by Caldwell and John Byrne, respec-ly. Mr. Caldwell took one year of at Yale and is finishing his course reighton law.

Creighton law.

ev. Francis Cassilly, B. J., has resulty returned from a visit to the St. ancis' mission, a Jesuit educational intuition in the Rosebud country, just or the line in South Dakota. The sool is educating 3% Indian children. The next number of the Creighton ronicle will contain articles by Dr. lix Despecher on his "Impression of the Duropean War," one by Dr. Adolph chs on "Medical Education" and one Rev. William F. Risg. S. J., on "Abute Zero."

Dr. F. S. Carey, medicine, '11 internal

F. S. Carey, medicine, '12, internet, Margaret's hospital, Kansas City, was a recent visitor to the college. The Christmas holiday vacation begins abscember 23 and confinues until January Christmas examinations have begun in some departments and will begin at the medical next Wednesday.

Chinese in Omaha Ask Wilson Not to Sanction Big Loan

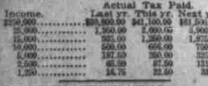

Some forty Chipese in Omaha, who are thinking of organizing a Young Chinese ciation in the city, are taking a deep rest just at present in the attempt the dent of China is making to negotiate a loan from some of the large banking interests in the United States. They have ust received a formal protest drawn up y other Chinese association in this counry against the negotiation of such a loan. The young Chinese of Omaha are giving their support to the protest.

The claim is made that the president of

China, according to the constitution of his country, has no right to negotiate a loan without the consent and approval of the Parliament, and as this body has adjourned and cannot give its approval, the Chinese are calling upon President Wilson to disapprove the negotiation of this international loan, as they insist the proceeds of the last loan were not used ording to the agreement stipulated in the contract of the loan.
